

OMAHA HURRIES TO HELP THIS FAMILY

Little Mother and Seven Children Who Had Hard Struggle to Escape Wolf Made Happy.

BUSINESS MAN BUYS A STOVE

The good people of Omaha responded promptly to the needs of the little woman whose story was told in The Bee Wednesday evening.

She and her seven children, ranging from 18 months to 12 years old, live in a little hut in the "bottoms." She has just been freed from the burden of a drunken husband and is bravely and uncomplainingly facing the problem of bringing up the seven little ones. Her pension is \$20 a month and she takes in washing and is busy every minute.

Mrs. McCormick of the Volunteers of America had the pleasure of telling this woman that there are many people in Omaha who are only too glad to help deserving persons like herself. It has put new courage and thankfulness into the woman's heart, and the bare little shack in the lowlands will be repaired in a day or two with its new furniture and comfortable sleeping quarters for the seven youngsters.

Here is what will go into that humble home: One bed, two mattresses, bed clothing, two chairs, one bureau, one stove.

Children Rejoice

My, how glad these children are! Their little, busy, bustling mother says they're looking forward to the new furniture all the time, and they can't talk of nothing else. Every time they see a wagon coming down toward their house they get excited and think it's the furniture.

And the brave little mother is working all the harder, every minute of the day and far into the night when the little brood is in that same dreamland where the richest children go at night.

The coal stove is brand new. It was furnished by a prominent business man of Omaha. He called up Mrs. McCormick and explained that while he didn't have any second-hand stove to give her he had the "wherewithal" to buy a new stove.

Jardine Plans Way to Spend the Sewer Fund During Year

City Commissioner Jardine of the department of public improvements will call the other commissioners into conference next Monday or Tuesday for discussion of a sewer program for the year. There will be available during the year \$200,000 for sewer construction work, and the problem is how to expend this money for the best advantage. Mr. Jardine's idea is to outline in advance a complete program for the year, rather than involve the council in frequent discussions during the year.

A tentative program, prepared by the city engineers, entails an estimated expenditure of \$170,000, and embraces the following sewer work:

Further extension of Saddle Creek sewer, Harney to Leavenworth streets and from Leavenworth street to Poppleton avenue, one section being a ten-foot sewer and the other twelve-foot; connection of Dundee sewer at Fifty-first street; continuation of Miller park sewer through Minnie Lusa addition to city limits at Twenty-seventh and Reed streets, a distance of about six blocks; Thirty-sixth and Lake streets, a connecting link of three blocks; Thirty-seventh and Bedford avenue to east side of the Deaf Institute; continuation of Fontenelle park sewer to proposed new lagoon in the park; Jones street, Thirtieth to Sixteenth streets.

Evening Classes in Cooking and in Sewing, South Side

Superintendent Graff will bring before the next meeting of the buildings and grounds committee of the Board of Education a request that permission be granted to the Board of Recreation for the use of rooms in South High school for evening cooking and sewing classes. It is proposed to hold these classes two evenings a week and to make them particularly inviting to packing house employees. If the school officials grant the use of the rooms the Recreation board will engage Miss Mary Bookmeyer, head of the domestic science department of South High.

Thick Smoke from Waste Paper Blaze Fills the City Hall

A bundle of waste paper and rubbish in the basement of the city hall caught fire in unknown manner Friday afternoon and the smoke from the blaze succeeded in almost filling the administration building before fire ladders summoned from Station No. 3 extinguished the fire with the aid of chemicals. The smoke caused some consternation among the city employees.

GOOD WHEAT IS CENT UP ON THE OMAHA MARKET

While some of the poorer wheat was lower, generally the Omaha market was a cent higher, the top being \$1.30 per bushel. The receipts were ninety-six carloads. Corn receipts were 317 cars and the price was off one-half cent, the sales being made all the way between 62 and 65 cents per bushel. The market on oats was unchanged from Thursday, sales being made at 43 to 47 cents per bushel. Receipts were sixteen carloads.

Get Rid of a Backing La Grippe Cough—It Weakens

For the severe racking cough that comes with la grippe, Foley's Honey and Tar Compound is wonderfully healing and soothing. It eases the tightness over the racking, tearing cough that is so exhausting and weakening. R. G. Collins, ex-postmaster, Barnegat, N. J., says: "Foley's Honey and Tar Compound soon stopped the severe la grippe cough that completely exhausted me. It can't be beat." Sold everywhere.—Advertisement.

Lamy May Meet McLean On the Ice

EDMUND LAMY.

NEW YORK, Jan. 20.—Edmund Lamy, champion speed skater of the world, is now in New York giving exhibitions, and an effort is being made to arrange a race between him and McLean of Chicago, the American champion.

Lamy already holds several world's records at the age of 31. He has been competing since 1908. He celebrated his debut by winning the international championship for juniors at Montreal, incidentally lowering the world's record for this class by seventeen seconds.

NILES IS BIG HIT IN JAPAN

American Aviator Shows Brown Men How to Loop Loop and Fly Upside Down.

FIRST TIME SEEN IN NIPPON

TOKIO, Jan. 17.—(Correspondence of the Associated Press.)—Rarely has an event excited the Japanese people as did the flight of Charles Niles, the American aviator, who gave two exhibitions before some of the largest crowds ever witnessed in Japan. The first day's crowd was estimated at 20,000, and the second at 30,000. The house-tops and other points of vantage about the Aoyama parade where Mr. Niles manoeuvred in the air were black with people, and many arrived hours before the time of flying in order to get a good position. Prince Higashi Kuni, who is deeply interested in aviation, was present on both occasions, as were several of the junior princes of the imperial Japanese house.

Mr. Niles did his flying under the auspices of the Aero club of Japan, of which the president is General Gaishi Nagasaki.

This was the first time that the people of Japan have seen aviation feats in midair and the manoeuvres of Mr. Niles, who flew upside down, looped the loop, and gave an exhibition of what is called "falling leaves," caused wonder. The great crowd became frantic with cheering, and became so unmanageable, that it broke loose and rushed to the place where Mr. Niles had landed. It was only after some desperate struggling that the aviator's assistants were able to force their way through and rescue the machine as well as the aviator from the enthusiastic and somewhat embarrassing acclamations of the crowd.

Mr. Niles was presented to Prince Higashi Kuni, who warmly complimented him upon his exhibition, the like of which, he said, he had never seen. Several floral pieces were also presented to the aviator. Japanese officers headed by General Nagasaki gave a dinner to Mr. Niles, at which General Nagasaki referred to him as the "Commodore Perry of the air." The officer said: "You have come to us at a time when the state of aviation in Japan is quite similar to the state of civilization when Commodore Perry came. We confidently expect that the progress of aviation in this empire will be enhanced greatly by your flights and hence we can appropriately give you the title of the 'Commodore Perry of the Air.'"

The visit of Niles has served to arouse greater interest in flying in Japan and has spurred the Japanese aviation corps to greater activities. A national aero society, which will be devoted to the cause of aviation was organized through the efforts of Lieutenant General Nagasaki. A monthly magazine will be published with the object of increasing popular interest in aviation, and at the same time a campaign will be started to secure contributions by which the society expects to organize a voluntary air service squadron.

Counman Files for Clerk of the Court

Harry J. Counman, present county assessor, has filed his name as a candidate for the office of clerk of the district court.

BELLEVUE DEBATERS AFTER SENTOR PRIZE

Bellevue college debaters are hard at work on this question of national preparedness in preparation for the annual A. I. Sutton prize debate, which will be held the evening of February 11. Judge Sutton for a number of years has offered this prize of \$50, to be divided among the debaters.

The debaters were divided into two teams, with Seymour Smith, Garwood Richardson and Bernice Miller, negative, and Walter Webb, Samuel Kinnier and Jack Phelps, affirmative.

Will Talk Blockade

LONDON, Jan. 21.—A general debate on the question of a blockade by the British fleet of Germany will take place in the House of Commons next Wednesday.

PERSONAL PARAGRAPHS

Dr. Lee W. Edwards, who was called to Covington, Tenn., as expert witness in a trial, returned last evening. Sunday afternoon Frank G. Ddell will deliver an address before the Omaha Philanthropic society, entitled "Timidity and Reform," at their hall in the Lyric building, Nineteenth and Farnam streets, at 8 o'clock.

COLD WAVE ON THE WAY, SAYS WELSH

Forecaster Feels Chill in the Air and Orders the Black Flag Hoisted.

RAILROAD MEN DO NOT AGREE

"Up with the cold wave flag" was the stern command given by Colonel Welsh, commanding the good ship "Wind and Weather." The command was given after he had studied the weather map Friday and madethis forecast for Omaha:

"Unsettled and colder tonight. Colder Saturday, with cold wave."

First Mate Grover hurried to the main-staff of the federal building, that the people may know what's coming.

The news was received with wild hurrahs by such people as the ice companies who are harvesting ice. With 25 degrees above zero at 7 a. m. the upper crust of the twelve-inch ice on Carter lake was getting decidedly mushy. The harvesters on that body of water laid off their canvas at noon today to await the arrival of the cold wave.

The fog yesterday was due to the influx of the warm air and its coming in contact with the ice and snow and frozen ground. It had lifted by 10:20 a. m.

Railroads Say Not

After figuring on the reports of the agents at stations out in the state and in Colorado and Wyoming the railroad officials can see no reason for expecting any cold weather in the immediate future.

The station weather reports coming to the railroads indicated fog and a light drizzling rain up and down the Missouri valley and back from the river a distance of seventy-five to 100 miles. This condition maintained from up in South Dakota down into Missouri.

For another fifty to 100 miles back from the river generally Thursday night there was light sleet, rain and snow, and still farther back the weather was clear, calm and with temperatures ranging from 20 to 40 degrees above zero.

NEGRO HIT ON HEAD BY BRICK AND IS UNHURT

John Williams, who lives at Twelfth and Cass streets, was struck squarely in the forehead by a brick which fell a distance of fully thirty feet, but beyond a mere gashing of the skin Williams was unhurt. Williams is a colored laborer employed in the excavation for the new First National bank at Sixteenth and Farnam streets.

REV. TITUS LOWE DELIVERS BACCALAUREATE SUNDAY

The midyear baccalaureate address to the graduating classes of the Central High school and High School of Commerce will be by Rev. Dr. Titus Lowe of the First Methodist church next Sunday morning. Special music is being arranged by the vested choir under the direction of Prof. J. E. Carnal.

Put Stomach in Order and Stop Gas Indigestion

"Pape's Diapepsin" regulates disordered stomachs in five minutes.

No more dyspepsia, sourness, heartburn, pain, belching, or acidity.

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves without the slightest fear of indigestion or that you will be bothered with acidity or sour risings, belching, gas on stomach, heartburn, headaches from stomach, nausea, bad breath, water brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapepsin you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no indigestion or sleepless nights or headache or stomach misery all the next day, and besides you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapepsin can be obtained from your druggist and contains more than sufficient to thoroughly overcome the worst case of indigestion or dyspepsia. There is nothing better for gas on the stomach or sour odors from the stomach or to cure a stomach headache.

You couldn't keep a handier or more useful article in the house.—Advertisement.

Six Luckiest Guests Awarded Steel Stock for Bridge Prizes

Old-fashioned stock for bridge prizes is the newest thrill. Mrs. Elbert H. Gary has set the pace in New York. Her six luckiest guests have just gone home, each with a share of United States Steel preferred tucked away in his muff. Steel preferred is quoted at 117 and draws 7 per cent.

Mrs. Gary gave a bridge party at her Fifth avenue home, with six tables and twenty-four guests. Nobody knew what the prizes would be, and when the hostess delivered to the winners at each table one genuine, large, sure-enough share of a stock that stands for the real thing, it was too much for the well mediated feelings of upper crusts.

"Oh-h-h!" they said—like that. Six shares of United States Steel preferred are worth \$70. It wasn't that the prizes were so expensive, the winners say, but it was the delightful novelty of the thing, what? Nobody else had ever thought of being so original.

Mr. Gary, it happens, is chairman of the United States steel corporation, so that the stock was sort of a home product, as it were. He confirmed the story, but said he didn't care to comment on it. It was Mrs. Gary's party, he explained.

There's only one trouble; not everybody can give steel stock for prizes, and Mrs. Gary doesn't give but one bridge party a season.

MRS. ELBERT H. GARY.

Four in Fight and One is Sentenced

Swapping pots and stove lids and above, Ed and Ruth Willis, Eleventh and Grace streets, finally grew tired of bombarding each other, and jointly attacked Mrs. Joe McCool, with whom they live. Joe was getting from home, and Mrs. Joe was away decidedly the worst of the argument, when her husband returned and cleaned house in a most efficient manner. The law eventually was summoned and the quartet of belligerents hauled before Judge Foster. The magistrate sent Joe, Ruth and Mrs. Joe home, but kept Edward to serve a 25 and costs fine.

GLASS SIGNS PROHIBITED OVER THE SIDEWALKS

The city building department advises Omaha merchants of an ordinance which prohibits the use of glass signs outside of buildings and over walks. A Chicago agent is said to be soliciting orders here for illuminated glass signs.

Pearl Foley Buried; Mother and Sister Have Scarlet Fever

Mrs. William Foley, 3045 South Nineteenth street, is dangerously ill with scarlet fever. Pearl, her 23-year-old daughter, was buried Friday afternoon, a victim of the disease. May, another daughter, is a scarlet fever patient at the city emergency hospital. William, Jr., 12 years of age, has not been stricken.

SENTENCED FOR STEALING A HAT AND WALKING STICK

When John Hayes of Chicago, "swiped" a hat from the Omaha Hat company, F. C. Tubbs, clerk, observed the theft and followed John. The latter was traced to the Brandels store, where after wandering through several departments he stole a walking stick. Tubbs had the fellow arrested by Traffic Officer Wentz, and in police court the offender was sentenced to sixty days in the county jail. Tubbs and Special Officer L. T. Finn of the Brandels store appeared against Hayes.

THREE THOUSAND PAID FOR POLAND-CHINA HOGS

Three thousand dollars was paid in Florence for forty pure-bred Poland China hogs at the sale of D. C. Lonergan Thursday. The top price was \$305 paid by W. P. Cowan of Wheaton, Ill., for Queen Hercules 18177. He also purchased Big Florence 18178 for \$250. C. L. Platt of Carroll, Ia., paid \$105 for Big Exception 17749.

OFFICER IS SENT OUT TO FUMIGATE A DOG

Health Inspector McGinn was detailed to go to Twenty-fourth and Ames avenue to fumigate a dog that was said to have been exposed to scarlet fever. Neighbors reported that the canine was seen to leave a quarantined house and is now running at large.
