Florida Laude

MAKING MONEY WHILE YOU WAIT.

There will be planted in our section in Florida this month 10,000 to 10,000 acres of Irish potatoes. These potatoes will go to market about the time the northern farmer is planting and bring prices unhaped for by him. The potatoes will be followed by a crop of carn or other field crops.

Our lands are equally adapted to trucking, small or large farming and stock raising. The largest cattle and hog farm in the United States is being developed in our locality. No one crop country can begin to compare with it. A place to live as well as to make money. The superb all year round climate should add years to your life.

WHEN you buy a farm, get it where it has a future. If you buy high-priced land you are just trading dollars, so to speak. We have a land proposition that ought to interust every farmer seeking to better his condition. Our lands sent at 20 to 20 per acre, on easy terms. The soil is rich and fertile, the climate fine, the water supply pure and pientiful; the rainfail has always been ample to insure crops. Until a new years ago there was no railroad through this section of the country, but with the advent of a main-line railroad it is now rapidly coming to the front, towns are springing up, and in a few years these lands will double and treble in value. We have personally investigated this land, bought some of it ourselves, and nave the agency for a limited supply. These lands are located in western Texas, below the Fanhandle. Form Pollard Club To Boost Campaign For Governorship

The Pollard Republican club was orga nized yesterday afternoon at the Hotel Rome, to further the campaign of its

for governor. Attorney Halleck was made president; Calvin H. Taylor, vice president, and Kenneth Finlayson, secretary-treasurer. Some fifteen were present in the initial eting in Mr. Pollard's room at the hotel, and the first goal of the club will be a larger membership. Its political activities in the interest of the Pollard campaign will be directed chiefly to Douglas county.

In the stellar speech, Mr. Rose paid a tribute to the candidate in glowing terms. He went into Mr. Pollard's record in congress and in the state legislature and lauded his keen and intelligent interest in various public activities, particularly the development of the fruit industry in the state. Other speakers were Charles Battelle, Harry Weller, J. W. Gamble, Harry O. Palmer, Anan

Raymond and H. G. Shedd. During the day in Omaha, Mr. Pollard issued a statement, again decining his position, with particular reference to the attempt to bring the prohibition issue into the campaign. "There is no reason," he said, "why the liquor question should drawn into the gubernatorial campaign." He declares that the initiative amendment to the constitution seeks to eliminate these moral questions from politics, and that according to statute no political party shall endorse any matter submitted under the initiative.

Evangelist Morris Is to Be at Grace Methodist Church, South Side, Sunday Evening.

TALKS ON MAJESTY OF LAW

Evangelist Morris will be the principal peaker at the Grace Methodist church, wenty-fifth and E streets, South Side, unday evening, his topic being "The Majesty of the Law."

Rev. Mr. Morris is one of the western vangelists and has done much work in the mining districts of the sar west. He BUFF Leghorn cockerels; also good young cow; fresh soon. Colfax 284.
TWO mares for sale. 1622 Cuming. Ty. a convincing speaker and an eloquent pulpit orator. In the discussion of his topic, he recently said:

"The law of the Lord is perfect. Law is a generic term, and in its different forms, as natural law, moral law or civic law, indicates only the varied applications of sovereign will. Natural law is the expression of divine will in reference to material things. Moral law is the expressions of divine will in reference to moral beings. Civic laws are in some measure at least, the working out of divine purpose in human forms of government. The common distinction made between natural law and moral law is a distinction without essential difference; for moral law to as natural as the laws that operate in the physical universe. Man's moral nature is a part of its established order and moral law is natural as applied to moral beings."

The Thir I Presbyterian church, Twentieth and Leavenworth streets, three weeks ago started a "win one campaign." It has for its object an increase in membership and to familiarize the families of the community with its work. Interest has been created to such an extent that a paid worker, Mrs. Kate Copeland, has been put in the field to assist the pastor, and those who are giving their services roluntarily. All departments of the church work are getting an impetus from the campaign, the most marked result being the large congregations which now Oak Street. Protection of small children from scarlet fever has aroused considerable comment. The recommendation of the city council that children under 12 years of age be kept from going into moving

Manager George Atkins of the local Besse theater, one of the three movie houses of the South Side, said yesterday that children have apertutely nothing to fear in his showhouse. It has been the custom of the management several times each day to spread disinfectant through-out the entire house, whether there be a report of a contagious disease in any part of Omaha or not. At the Orpheum and Magic theaters similar carefulness is exercised by the managers, they say. Health Representative Henry Schmeling has reported not more than twenty cases of any kind of contagious disease in the
