

JOHN E. TEIPER IS ACCUSED OF MURDER

Son of Wealthy Buffalo Woman is Held Without Bail on Charge of Slaying Mother.

SISTER IS EXPECTED TO DIE

BUFFALO, N. Y., Feb. 7.—John Edward Teiper was arraigned in the supreme court here today on a charge of murder in the first degree for the slaying of Mrs. Agnes M. Teiper, his mother; who with Teiper's brother, Frederick C., was killed on the Orchard Park highway a week ago.

The charge was made before Justice Marcus as a committing magistrate. Edward R. O'Malley, counsel for Teiper, demanded an immediate examination, but District Attorney Wesley C. Dudley, asked that it be deferred until Wednesday. The court granted a continuance until Wednesday.

The condition of Grace J. Teiper showed no improvement today and little hope was held out that she would ever be able to get the story of the Orchard Park tragedy in which her mother and brother lost their lives. The February grand jury also convened today and the county prosecutor presented the evidence in that body.

Five More Terre Haute Convicts Given Freedom

LEAVENWORTH, Kan., Feb. 7.—Edward Leavenworth, Alexander Ascoli, Charles Loughton, Joseph O'Mara and George Soverts, former city officials of Terre Haute, Ind., convicted in the election conspiracy case, were released from the United States penitentiary here today, having served their full sentences. All of the men by their conduct at the prison earned "good behavior allowances."

GOVERNOR OF DAKOTA HAS NEW PRIMARY BILL

PIERRE, S. D., Feb. 7.—(Special Telegram)—The bill for amendment to the state primary law which will be presented to the special session of the legislature by the governor changes the date of the primary to the fourth Tuesday of May to allow the selection of delegates to the national convention in time for the republican national meeting at Chicago on June 4.

The act is declared to come under the constitutional provision of an emergency as having become a part of the recognized state government by admitted party control through legislation and as such necessary for the preservation of public peace and safety. Provision is made that in case such declaration is for any reason declared to be void the act is to go into effect on the ninety-first day after the adjournment of the present special session of the legislature.

The Cummins backers in the state are busy lining up sentiment for their man in the matter of selection of delegates to the national convention. H. C. Shober, the leading Cummins booster of this state, is on the ground pushing the interests of his candidate.

CLARK AND MANN FIGHT FOR BIGGER AMERICAN NAVY

(Continued from Page One.) Aided a stir by asking if the talk of preparedness was a sham performance for campaign purposes. Later he said he did not intend the remark as a criticism of the president.

"The gentleman was trying to put in a nice way a very nice criticism of the president, but he did not get away with it. Representative Fitzgerald of New York said.

"Read yto help. "The president of the United States," answered Mr. Cannon, "is my president as well as your president and if I can find out what is the proper thing to do, if it is necessary to do anything, I stand ready to help him to do it."

"If we ever have another war, which I do not believe we will have if we attend to our own business," Speaker Clark said, while advocating the naval expansion bill, "what we will need more than anything else will be officers. You can get all the volunteers you want in thirty days."

"If the fact could be ascertained, I have no sort of doubt that at least 35,000 men, the very flower of the country, died the first year of the civil war; not by bullets, but by disease, which was absolutely unnecessary because while the officers are good men in a general way, they did not know anything about sanitation, of how to take care of themselves, or to show the men how to take care of themselves.

Not Thrown Away. "Even though we never have another war, the money spent on educating those cadets at West Point and Annapolis is not thrown away. Within a limited curriculum they get as fine an education as any set of men on the face of the earth.

In addition to doubling the number of these cadets, if I had the opportunity, I would draft a law to the effect that outside of cadets appointed by the president, by his senators and the representatives, no boy in the United States who had the qualifications should be permitted to go to these institutions and get an education at exact cost.

"I am in favor of making it obligatory, not optional, with the secretary of war and the secretary of the navy if need be, to detail one of these officers, if we have a surplus, to any school, college or university that will furnish a minimum of 300 boys who will volunteer to drill."

Representative Kelley of Michigan and Representative Britton of Illinois, republicans, criticized Secretary Daniels' administration of the navy. Mr. Britton declared that even while President Wilson was seeking to arouse the nation to the dangers that surrounded it, the department had taken no steps toward speeding up construction of the six-hundred-ton vessels now under construction.

The five-year building program urged, he said, would be a ten-year program in fact, unless such steps were taken.

Nebraska Couple Married Sixty Years

COKEVILLE, Wyo., Feb. 7.—(Special).—Mr. and Mrs. Leonard Hoskins of Fairchild, Neb., who are guests of their son, A. D. Hoskins, of this place, tomorrow will celebrate the sixtieth anniversary of their marriage. They were married at Bethel, Conn., near Lacona, Ill., February 7, 1856. Mr. Hoskins is 82 years old and Mrs. Hoskins is 81. For fifty years they have been continuous subscribers to one newspaper, the Lacona Home Journal.

RAWLINS, Wyo., Feb. 7.—(Special).—of "Chick" Brown of Slater, Colo., at famous as a "gunman," for the murder of "Chick" Brown of Slater, Colo., at Slater, Wyo., several years ago, will be called in the district court here this week.

Nominations in Hamilton County Are Seeking Men

AURORA, Feb. 7.—(Special).—The leaders of both the political parties in Hamilton county are seeking candidates to fill up their tickets. For several of the offices no candidates have offered themselves and it seems improbable that any will file voluntarily. Leaders are anxious to have complete tickets and the result will be the drafting of candidates.

No republican has filed for county treasurer, nor for clerk of the district court, county superintendent, county assessor or county attorney. These offices are all held by democrats who will be candidates for a second term. Frank McCarthy is the present county treasurer. At the meeting of the republican county committee in Aurora Saturday afternoon, it was proposed to draft F. O. Jenkinson of Phillips for the treasurership. Mr. Jenkinson was formerly county commissioner.

For state senator, J. R. Davidson, retired merchant, has filed on the democratic ticket. He closed out his business last fall and expects to spend the rest of his life in working for the public and farming.

C. A. Sandall of York, present senator, seems to have no opponents in the republican party. For state representative, the republicans of this county have Perry Hood, a prominent live stock breeder of Henderson; Dr. T. H. Lane of Marquette and Joseph Dale of Aurora. The democrats have not had any candidate file for this place as yet. Former Representative T. M. Scott is said to have his eyes on the senatorship and may give Davidson a contest in the primary.

Villa Reported on Defensive in Canyon

EL PASO, Tex., Feb. 7.—General Francisco Villa with about twenty-five men is on the defensive in Nidos canyon of the Santa Clara range, according to official advice received at military headquarters in Juarez today.

The advice was from General Quivado, who reported from Las Cruces that four days ago he defeated Generals Pedrosa and Jesus Rodriguez, killing ten, capturing ten and securing fifty horses. General Gavira, commander at Juarez, announced that Pedrosa and Rodriguez then offered to surrender, and the negotiations are being conducted by General Bertani at Maders.

Cavira stated that General Jacinto Trevino has ordered 1,000 infantry from the south to garrison Chihuahua City and outlying districts, releasing Carranza cavalry to join in pursuit of Villa.

General Delmotte Dies of Illness

PARIS, Feb. 7.—(Sis a. m.).—General Nicholas Victor Delmotte has died from illness contracted while at the front. He was one of the heroes in the retreat from Chartres, during which he commanded the rear guard brigade of the French Seventeenth army corps.

PROMINENT EDUCATORS AT GRINNELL CONFERENCE

GRINNELL, Ia., Feb. 7.—Prof. Edward A. Ross of the University of Wisconsin, Dean Edward Bosworth of the Oberlin theological seminary, Oberlin, O., and Prof. F. A. Steiner and Herbert Francis Evans of Grinnell college are listed as the principal speakers at the fourth annual fellowship conference, which opened a five days' meeting here today.

The conference is being held under the auspices of the Grinnell college. The Grinnell and Des Moines associations of Congregational ministers and directors of the Iowa Congregational conference will hold meetings this week in connection with the conference.

After Laxative—What! Coughs that "hang on" after laxative exhaust the strength and lower the vital resistance. F. G. Prevo, Bedford, Ind., writes: "An attack of laxative left me with a severe cough. I tried everything. I lost in weight and got so thin I looked as if I would never get well. I tried Foley's Honey and Tar and two bottles cured me. I am now well and back to my normal weight." Foley's Honey and Tar gets right at the trouble. It is a safe, reliable remedy. Sold everywhere. Advertisement.

New Company to Carry On Business of Car Building

NEW YORK, Feb. 7.—In anticipation of a large demand for freight car equipment by the railroads, the Haskell & Barker Car company, which was recently incorporated in New York state to take over the business of the Indiana company, established sixty-three years ago, has assembled an organization which is exceptional from an operating and financial standpoint. At the head of this organization is Mr. E. F. Carry, who was formerly first vice president and general manager of the American Car and Foundry company, and who is considered by experts to be one of the best car manufacturers in the country. In addition to Mr. Carry, the directorate consists of Ambrose Monell, president, International Nickel company; William E. Corey, president Midvale Steel company; Frank A. Vanderlip, president National City bank, New York; Edwin S. Webster, member of the firm of Stone & Webster of Boston; John R. Myron, president Atlas Portland Cement company; J. W. Harriman, president Harriman National bank; Arthur O. Choate, member of the firm of Potter, Choate & Prentice; David A. Crawford and Charles A. Little of the Haskell & Barker Car company.

The plant of the company, considered one of the most complete and up-to-date of its kind in the country, is located at Michigan City, Ind. It is equipped to manufacture freight cars of every description and has a capacity of between 15,000 and 20,000 cars per annum, depending upon the character and size of the equipment ordered. The new company starts business with a working capital of \$4,000,000 and has only one class of stock, consisting of 200,000 shares without par value. It has no bonds, notes or floating indebtedness of any kind.

A feature of this company's business is that it manufactures only freight cars and their parts. It has a modern plant for the manufacture of all steel freight cars, toward which a decided tendency is now being shown by the railroads.

It is understood that the company has taken over from the old concern orders for 734 freight cars, which should occupy the plants of the company for several months at full capacity, and on which the profit alone is estimated by Messrs Stone and Webster at about \$900,000.

DON'T LOSE HOPE IN KIDNEY TROUBLE

I was troubled with what the doctor said was Kidney and Bladder trouble and after trying several doctors, gave up all hopes of ever being well again, until a friend of mine told me about Dr. Kilmer's Swamp-Root. Before I had finished the first bottle I got relief, and after taking six bottles I am completely restored to health. I say to one and all that Swamp-Root is a wonderful medicine.

Very truly yours, MRS. MAITILE VANDERBECK, 402 Johnson St., Moberly, Mo. Personally appeared before me this 4th day of February, 1916, Mrs. Maitile Vanderbeck, who subscribed the above statement and made oath that the same is true in substance and in fact. O. RULICK O'BRIEN, Notary Public.

Furious Artillery Fighting in West

BERLIN, Feb. 7.—(Via London).—Artillery engagements of terrific intensity have been in progress in the sector between La Bassee canal and Arras, in northern France, and south of the Somme river, German army headquarters announced today. The official statement says:

"Western theater: There have been fierce artillery battles between La Bassee canal and Arras and south of the Somme.

"The city of Lens has again been vigorously bombarded by the enemy during the last few days.

"In the Argonne the French blew up and occupied a crater on Hill No. 286, La Fille Mort, northeast of La Chalade. They were driven out by a counter attack.

"Eastern theater: A Russian field battery post on the eastern bank of the Schalia, on the Baranovichi-Lvakhovich railway, which was captured on the night of the 6th, was attacked with success and the enemy was forced to retreat, incurring considerable losses.

"Southeast of Viday a Russian aeroplane, whose pilot had lost his way, fell into our hands and was destroyed.

"Balkan theater: There is nothing to report."

Minister Shot Five Times by Woman

SHERMAN, Tex., Feb. 7.—C. W. Keggal, aged 60, a prominent Baptist minister of Sherman, was shot and probably fatally wounded here this afternoon by Mrs. Finett Faust, who lives near Denison. The woman fired five shots. When arrested a few minutes later she said the minister had insulted her.

To MOTHERS and DOCTORS

You want to know why Scarlet Fever cannot be contracted from our milk.

Here are the reasons: 1st. Our milk comes from clean farms and healthy herds on farms far enough from the city so the cows have the advantage of good pasture and the air is not contaminated from city filth and sewage.

2d. Our milk is carefully inspected on arrival in Omaha. 3d. Although our milk in the raw state, is just as safe or safer than any other raw milk we make it as truly safe by scientific treatment.

(a) It is pasteurized by heating to 145 degrees. (b) It is held at that heat for 25 minutes. (c) It is then immediately cooled to 40 degrees.

4th. Hands never touch our milk. It is automatically bottled and capped. 5th. ALL OUR BOTTLES are sealed by machinery.

We can prove that milk treated this way is safe. You are invited to come to our dairy, 25th and Leavenworth, and see how we do it.

Ask Your Doctor. He Knows. ALAMITO
