

STATE CLEANERS GATHER IN OMAHA

National President and Secretary to Attend Nebraska Convention at Henshaw Monday.

DRESHER OFFERS HUGE PRIZE

The Nebraska State Association of Cleaners and Dyers will hold its annual convention at the Henshaw Monday. The Nebraska association is one of the biggest state organizations in the country and the convention holds a position of utmost importance in the cleaning and dyeing world.

W. H. Brues of Buffalo and John L. Corley of St. Louis, president and secretary, respectively, of the National Association of Cleaners and Dyers, will attend the local event. They will both discuss the pure fabric law before the Nebraskans.

Machinery men from all over the country are expected to attend the convention and a number of trade paper editors, including J. W. Purchase of Cleanings and Dyeing.

At Dresher of Omaha is planning to throw a bomb in the convention by offering a prize of \$25,000 in gold coin of the realm. Dresher says it will be real gold, not conversation.

Invent new fluid. In order to earn the \$25,000 one only has to invent a cleaning fluid that costs less than 10 cents a gallon and will do

the work as good as the fluid now used. Cleaning fluid is an expensive item and for years efforts have been made to discover something which will do the work satisfactorily and which does not bring a relatively expensive price. In order to stimulate the interest of inventors Dresher will make the offer of the huge prize before the convention. Leo Soukup of Lincoln is the state president of the cleaners and dyers and will preside at the convention.

Rawson, Delivery Boy, Carves Clerk

William Rawson, colored, is a clerk at the Piel drug store. Frank Sullivan is a clerk at the same place. The two boys got into a discussion, and as it waxed warm, Rawson drew a knife and commenced to carve Sullivan. People about the store interfered, but not until Rawson had inflicted wounds that necessitated sending Sullivan to the hospital. Rawson was sent to jail.

DR. FOSTER TO FILE FOR THE STATE LEGISLATURE

Dr. Harry A. Foster, several terms a member of the Nebraska legislature, has announced that he will file for the republican nomination for representative from Douglas county. Dr. Foster says he will come out flatly in favor of a \$5,000,000 bond issue for the building of a new capitol building. He says he is neutral as to where that capitol should be located, but that Lincoln looks all right to him as a location.

Gets the Cash, Gets Beaten Up and Gets in Jail

A man giving the name of J. H. Johnson and giving Columbus as his home called on C. D. Vanalstine, a commission man at South Omaha. He represented that he had a car of hogs coming to market and on the representations made succeeded in getting an advance of \$125. During the day Vanalstine learned that he had been swindled out of his money and started out to find Johnson. He had notified the police, and reaching the central police station, arrived just in time to see the officers leading Johnson in somewhat under the influence of liquor. Feeling ugly on account of the loss of his money, Vanalstine jumped onto Johnson and beat him before the police could interfere.

German Play Monday at Verein Hall

"Das Glueck im Winkel," a German play by Suderman, will be given Monday evening at the Omaha Musik Verein hall, seventeenth and Cass streets, by the German Dramatic Society of the University of Nebraska. The play met with such favor when recently presented in Lincoln that efforts were made by local Germans to have the production repeated in Omaha. Owing to the sickness of several of the

university players, their places will be filled by students of the Omaha High school who are experienced in the line of amateur dramatics. These are Miss Medelin Metz, who will appear as Frau Orin; Edna Levine, who will take the part of Fraulein Goehr; Louise Raabe has been selected for the role of Rosa, a maid. The proceeds will be for the relief of sufferers abroad.

Dresses Are Very Much in Vogue

"Vogue," interpreted commercially, means demand. And "business acumen," in this instance, means that we foresaw the demand for dresses this spring. Accordingly, we have bought, not alone in quantity, but the

DRESSES THAT ARE IN DEMAND

And, more than that, never before have we shown such a collection of extremely desirable sort of dresses as now—and at such reasonable prices: **\$13.75, \$19.00, \$25.00, \$35.00, \$49.00**—and at all prices up to **\$89.00**—

We picture a few below at special prices. The drawings are from our stock

Exceptional Silk Frocks at \$25.00

THE value of these Dresses is the more notable when one appreciates that the fabrics promised greatest favor for the Spring season—Creme Chiffon and Taffeta weaves—are employed. The styles are refreshingly new and delightful.

FULL skirts, draped skirts, puffy sleeves, new quaint bodice effects, a wealth of rich silver and gold embroidery—and a wide choice as to colorings, make this event another of those noteworthy selling features for which this store is so well known.

Greater Stocks, Greater Variety, Greater Service Greater Advantages Every Way

—We make this comparative claim, first because it is a fact and again because there are only a few stores in the United States ranking in volume of business with Brandeis Stores, even in vastly more populous communities. The leadership of Brandeis Stores in this territory is unchallengeable.

—This situation gives our buyers unusual and strong advantages in the Eastern markets, where they are now making the largest and most advantageous purchases this store has ever known, at a time when there is an unprecedented scarcity of merchandise.

—These are indisputable facts that will cause this institution to stand out stronger than ever before this year when the people of this community come to buy the necessities and luxuries of life.
