TODAY'S AID TO BEAUTY. An especially fine shampoo for this weather can be easily made at trifling expense by simply dissolving a teaspoonful of canthox in a cup of hot water. Pour slowly on scalp and massage briskly. This creates a soothing, cooling lather that dissolves and removes all dandruff, excess oil and dirt. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on a glossy richness of natural color, also a fluffiness which makes it seem very much heavier than it is. After a canthox shampoo arranging the hair is a pleasure.—Advertisement.
