The house committee agreed today on the general terms of a bill it expects to NEWS NOTES OF COLUMBUS set before the house within ten days providing for a regular army with an authorized peace strength of 143,000 men; a federalized National Guard, which would reach a fixed minimum strength of 434,000 in rive years; adequate reserve systems for both of these forces; and organization of civilian training camps with wide discretion reposed in the War department as to the terms of enlistment, training and government.

The senate committee has agreed tentatively to a plan under which training camps would be authorised in every congressional district, where sufficient men volunteered for training under an obligation for war service. The maximum force to be thus raised in any dis trict would be a battallon, or substan the first year of the Garrison conti-nental army plan. The camps will be under command of full complements of regular army officers.
