Coffee Market.

NEW TORK, Feb. 28.—COFFEE—After opening steady on a moderate demand from houses with European connections the market for coffee futures cased off a point or two under acattered realising and some local selling which may have been inspired by the clearance reported from Brazil and rumors that more freight from Brazil and rumors freight from the last night's closing price while September eased off to 7.5%c or 1 point net lower. The offerings were not heavy however, and prices railled rather sharply in the late trading on reports of firmer var risk insurance, renewed covering and local support. May sold up to 7.5%c and Soptember to £00c, with the cloae to 10 points net higher. Sales, 45,250 base. March 1.7%c; April, 7.8%c; May, 7.8%c, Jun, 7.9%c; July, 7.9%c; August, 5.0%c; September, 5.0%c; October, 5.0%c; November, 8.1%c; December, 5.1%c; January 5.1%c.

Spot coffee closed steady Rio 7s, 9gc; Santos 4s, 10c. Cost and freight offers were reported about unchanged with quotations ranging from about 10.10c to 10.0c for Bantos 4s and around 8.2%c for Rio 7s on the basis of English credits. No change was reported in ocean freight rates, but the marine war risk situation was reported very firm with underwriters asking 3 per cent for insurance an British bottoms.

The official cables reported a decline of 10.0c house for New York and a shipment of 40.0c by steamer to New Orleans. Rio cleared 1.000 bags for New York.

Liverpool Grain Market.
