Coffee Market.

Coffee Market.

NEW YORK, March 14.—COFFEE—The market for futures was only moderately active today, but offerings were limited and prices made new high ground for the season on buying by trade interests, covering and a little support from Wall street sources. The opening was unchanged to one point higher, and active months sold four to six points net higher during the day, with July touching \$30c and September \$34c. Reports of continued firmness in Brasil and indications that Santos was clearing considerable amounts of coffes for Europe helped the advance, but prices eased off slightly under resitzing in the late trading, with the close steady at a net gain of three points. Sales 4,000 bags; March. \$10c. April, \$16c; May \$.22c; June, \$24c; July, \$27c; August, \$29c; September, \$31c; October, £34c; November, \$35c; December, \$40c; November, \$35c; December, \$40c; Moderate sales of Rio 7s were reported in the cost and freight market, and the Brazilian offers received here today were firmer, with Santos 4s quoted at 16,00c to 16,00c. English credits, and Rio 7s at £85c, American credits. The official cables reported a decline in the rate of Rio exchange on London, with milrels prices unchanged. No clearances were reported for this country, but Santos stocks showed a decrease of 161,000 bags.

Dry Goods Market.

NEW YORK, March 14—DRY GOODS—Print cloths were firmer and higher today, with large sales of wide goods reported for delivery in the last half of the year. Duck continued in active demand. Silk piro goods were bought liberally for fall by several of the largest western wholesalers. Off and Rosin.
