**STATE HOUSE SMOTHERED IN GREEN FOR THE DAY**

(From a Staff Correspondent.)

LINCOLN, March 17.—(Special.)—The state house celebrated St. Patrick's day, and green was in evidence on all sides. Early in the morning a green flag was suspended from the flag pole on the west wing of the capitol building and the stars and stripes floated from the pole on the east wing.

Some patriotic Irishman, who did not believe that even the flag of his mother country should float above the state house unaccompanied by the flag of his adopted country, protested and as a result the grand old star spangled banner was hoisted above the emerald green and everybody was happy.

**Lyons Citizens Name Slate.**

LYONS, Neb., March 17.—(Special.)—The citizens' party met at the city hall and nominated the following village trustees for a period of three years: Paul Karo, Harry S. White and Roy Shumway. This is supposed to be a dry ticket, although that issue is not raised here because of a clause in every deed for lots prohibiting the sale of intoxicating liquors on said lots under penalty of said lots reverting back to the heirs of Waldo Lyon, the founder of the town.

**Community Club of Mitchell Ready for Land Visitors**

MITCHELL, Neb., March 17.—(Special.)—The United States reclamation office here has received several hundred inquiries regarding the land opening to be held at Alliance land office at 9 o'clock, March 24.

In order to participate in this drawing it is necessary to first view the land, which consists of forty-three farm units, containing from thirty to eighty acres of irrigable land, and lies in the immediate vicinity of Minatare and Bayard, Neb.

The prospective homesteader must come to Mitchell to the headquarters of the United States reclamation service for the North Platte valley and make a payment of \$2.75 per acre for the irrigable land on the place chosen.

A receipt is issued for this payment, which must accompany the application for homestead entry. Homestead entry can be made at Mitchell, as there is a United States court commissioner at the reclamation headquarters here.

The applicant may make homestead entry at the land office at Alliance, or before a commissioner at Bridgeport, Bayard or Scottsbluff. It is not necessary or expected that applicants join the Water Users' association until after the drawing and they are notified they have been assigned land.

The entertainment of visitors is in the hands of the Community club at Mitchell and ample provision has been made for a large crowd, rooms being listed and provision for entertainment and headquarters established in the new Community club dining hall.

**BRITAIN WILL BAR OUT ALL LUXURIES**

England Prepares to Prohibit Importation of These Because of Lack of Ships.

ROOM ONLY FOR NECESSITIES

LONDON, March 17.—A far-reaching order-in-council, which will totally prohibit importation into the United Kingdom of a large number of articles which come under the general heading of luxuries, will be issued by the British government at an early date.

Among the things which will be placed under the ban will be automobiles for private use, musical instruments, cutlery of all kinds, hardware, yarns, chinaware, fancy goods and so on. The order will apply equally to all countries, including the British dominions and colonies.

This forecast of the coming order-in-council was given to the Associated Press today in an interview by Walter Runciman, president of the Board of Trade. Mr. Runciman admitted that articles in addition to those named would be placed on the list of prohibited imports, but in advance of the issuance of the order he declined to say what they are.

**Applies Alike to All.**

He agreed that the decree would have considerable effect on exports from the United States, but pointed out that it applied to all countries alike and declared it was absolutely to limit the shipment of bulky luxuries in order to provide room on ships for necessities.

"But please remember," said Mr. Runciman, "that the issuance of this order is forced on the country—not as a matter of policy, but entirely because of shortage in tonnage. We want exports from the United States. We want your wheat, cotton and meat and we need other things which we cannot get if the space aboard vessels is taken up with luxuries. Everything possible is being done to relieve the shortage in ships. Every ship flying the British flag is now con-

rolled by the government. Immense numbers of them have been requisitioned; others are subject to direction by way of license. Whether it will be necessary to requisition more vessels, I cannot say; but for my own part I hope this will not be done."

**Wages Are Higher.**

Mr. Runciman said the importation of some fresh fruits probably would be prohibited later, but he pointed out that this would affect the United States only slightly. Turning from the matter of imports to the general industrial situation in the British Isles, Mr. Runciman said there never had been greater activity in the larger industries; that wages were higher than ever before, and that the percentage of unemployed never had been so small in the history of the country.

**License Is Issue at Table Rock.**

TABLE ROCK, Neb., March 17.—(Special.)—The citizens' caucus nominated the following for village trustees: Frank Kovanda, Jr., J. B. Phillips, Charles I. Norris, A. R. Martin, Ralph E. Bowen and Joseph Tomsek. The three first named are the present members of the board and were named for re-election. There are three to elect and two who hold over. Following the custom of recent years, the license question will be voted on direct, and the trustees elected agree to abide by the verdict of the voters.

**Itchy Salt Rheum**

Sometimes Called Eczema—Removed by Hood's Sarsaparilla.

Salt rheum is one of the worst and unfortunately one of the most common of all diseases. How it reddens the skin, itches, oozes, dries and scales, and then does this all over again! Sometimes it covers the whole body with inflamed, burning patches and causes intense suffering, which is commonly worse at night. Local applications may do some good, but they cannot permanently relieve. The disease will continue to annoy, pain and perhaps agonize, until the blood has been purified and the general health improved.

Ask your druggist for Hood's Sarsaparilla, the good old reliable family remedy. It has given perfect satisfaction in thousands of cases. Insist on having Hood's Sarsaparilla, for no substitute acts like it. Get it today.—Advertisement.
