Total sales amounted to 65,000 shares, of which United States and Crucible Steel, American and Baldwin Locomotive, Mexican Petroleum and Mercantile Ma-rine preferred contributed an unusually large percentage. Marine preferred was almost the only leader to manifest consistent strength, rising 3% to 74% in connection with un-official estimates of the company's large earnings for 1915. It remains to be seen, however, what part of these earnings is subject to the heavy war tax imposed by the British government.
