

SWINE SHOW MEN PLANNING EXHIBIT

Officials of National Show Are in Omaha Making Preparations for Big Event.

BIGGEST SHOW IN THE WORLD

The prize-winning hogs in the National Swine show, to be held in Omaha October 2 to 7 of this year, will immediately jump to a value of from \$3,000 to \$5,000 apiece, according to officials of the National Swine Growers' association, who are in Omaha conferring with local men with regard to arrangements.

It is estimated by officials that the hogs exhibited here will average in value around \$25 apiece, and that the total aggregated value of swine shown here in October will be \$300,000.

The principal breeds shown here will be the Duroc-Jersey, Berkshire, Hampshire, Poland-China, Chester White and a number of the minor breeds.

Show Two Thousand Hogs. "I shall be greatly disappointed if there are not over 2,000 hogs shown here," said President W. M. McFadden of Chicago. "Never has there been such co-operation among the swine growers of the country as there is in regard to this show in Omaha of course, there are some breeders that are not going to exhibit, but most of them are enthusiastic, and even those who have not yet definitely decided to exhibit this year, are watching us closely to see how much of a success we are going to make of it. There will be more swine exhibited here than were exhibited at the World's Fair in Chicago."

President McFadden, Secretary J. J. Doty and his assistant, Mr. Hyde, both of Shenandoah, are in Omaha in conference with T. F. Sturgess and E. Z. Russell, editor and associate editor of the Twentieth Century Farmer, with E. V. Parrish, manager of the bureau of publicity, and with Everett Johnson, chairman and other officials of the Union stock yards, with regard to arrangements and details. The show is to be held in the new horse barns at the stock yards, where every facility of drainage, sanitation, cement floors and all, may be had.

This is to be a kind of show of prize winners, a clearing house of champions, where the champions of all the champions is to be studied out and bedecked with his proper ribbons.

Show of Prize Winners. The state fairs all over the country will be over when the national swine show opens in Omaha. Thus the prize winners at all the state fairs will be shipped to Omaha for the national competition here. The county fairs will eliminate the first competitors that are not up to the required standard. The state fair in each state will clear up the matter of which hog is champion of his state, and now for the first time in history these champions are to come together for a big national show, where one in each breed will be labeled the grand champion of the United States.

NEED OF SUPPLIES HAMPERS PURSUIT (Continued from Page One.)

to help in keeping up the necessary movement of supplies to the field headquarters at a point near Casa Grande. Every effort is being made to continue the line of transport in full operation over the rocky and muddy trail southward from Columbus until such time as the de facto government gives permission to use the railroads.

There is much pessimism in army circles over the prospects of capturing Villa and it is felt that unless he is cornered within the week the bandit will have outrun his pursuers and that months may elapse before the outlaws and his gang can be ferreted out of their hiding places in the mountains. Dispatches from the advance flying columns, pressing Villa closely, make no mention of having come in contact with any of the bandit's men and the American troops have probably to fire their first shot.

Justice continues quiet and there has been a subsidence of reports that trouble lurks along the border.

The sound of shooting in the downtown section of El Paso early today aroused little attention, as the streets were practically deserted. Five soldiers were taken in custody by the provost guard, charged with having fired the shots while intoxicated.

BUTLER WANTS TO USE DUNDEE LIGHT FUNDS City Commissioner Butler wants to spend \$4,000 balance of the Dundee Light fund for installation of sixty-five electric lamps in Omaha proper. The proposal generated a discussion on electric lights and legal rights between Mr. Butler and Commissioner Hummel. The contact of words fused into a flame of oratory.

A protest against this money being used to illuminate unimproved lots in Dundee while many lights are needed in settled districts of Omaha," declared Mr. Butler.

"This is a matter for the legal lights to determine," quoth Mr. Hummel. The commissioners will visit Dundee this week.

DEATH RECORD Michael Kearns. RUSHVILLE, Neb., March 28.—(Special.) Michael Kearns, an old-time settler, died suddenly yesterday morning at the home of his son, Eugene Kearns, at 2:30 a. m. His death was due to heart failure. He lived fifteen miles south of Rushville, and had gone over to his son's Sunday with the idea of coming to town this morning. He got up in the night and fell over suddenly without regaining consciousness.

Mrs. J. A. Bennett. Mrs. J. A. Bennett, aged 75 years, died Monday evening of heart trouble at the home of her daughter, Mrs. A. D. Hines, 2113 Blinn street. She is survived by one other daughter, Mrs. F. D. Bergman of New York. Mrs. Bennett had been a resident of Omaha for a number of years. Otto Willnerd. Otto Willnerd, aged 44, died yesterday morning at a local hospital, following an operation for appendicitis. The body will be sent from Johnson & Swanson's chapel to Oakland for interment.

Berton Paul Plummer. Berton Paul Plummer, 17-month-old son of Mr. and Mrs. Charles L. Plummer, 215 Ames avenue, died Tuesday afternoon of spinal meningitis.

Neuralgia and Shooting Pains. Sloan's Liniment is a wonderful medicine for neuralgia and sharp shooting pains, applied to painful spot; it stops the pain. Only 25c. At drug stores—Advocate.

PERSHING USING PART OF MEXICAN RAILROAD LINES

(Continued from Page One.)

continued to prevail along the American line and that there has been no engagements in which American troops had a part.

Press Carranza for Answer. WASHINGTON, D. C., March 28.—A memorandum to General Carranza pressing him for an immediate reply to the request for permission to use Mexican railways in supplying American troops in pursuit of Villa, was prepared today at the State department.

It will be forwarded to Queretaro probably late today and be delivered by Special Representative Rodgers to General Carranza and General Obregon.

The memorandum points out that the problem of supplying troops now more than 200 miles from the border is a pressing one and need not be delayed for the protocol covering the general subject.

The general's suggestion as to modification and additions to the draft of the protocol are still under consideration in the State department. As considerable time may be required to bring the agreement into effect the American government will urge that the immediate use of Mexican Northwestern lines be considered separately at once.

Mules Displace Motor Cars. COLUMBUS, N. M., March 28.—(Deleted Dispatch.)—A considerable quantity of ammunition has been unloaded here within the last few days, several carloads arriving today. Whether or not this is to be sent to General Pershing's command is not known.

(Six words deleted.) With the establishment of the new field base 120 miles south of Casa Grande the vanguard of the force has reached a point in the mountainous region where motor cars are no longer available for service and mules are to be used exclusively for transport purposes.

Newspaper correspondents here were notified today that the military censorship regulations are being tightened here and at other points where news concerning the progress of the pursuit of Villa may develop.

Department Orders. WASHINGTON, March 28.—(Special Telegram.)—Postmasters appointed: Lundy, Marshall county, Iowa, Frank H. Wilkens, vice O. W. Remig, resigned; North Washington, Chickasaw county, Henry J. Friedman, vice J. Glindorf, resigned; Pekin, Keokuk county, Jesse O. Spry, vice C. O. Toomire, resigned; Swedesburg, Henry county, Ferner L. Lauger, vice C. B. Lauger, resigned.

The postoffice department has accepted the proposal of the Alliance National bank to release present quarters for the postoffice, Alliance, Neb., for five years from July 1.

Grace Wyland of Fremont county, Wyoming, has been appointed a teacher at Blatta Indian school, Colorado; Helen P. Deal of Hallidayburg, Pa., at Genoa Indian school, Nebraska.

Explains Why Coffee Hurts Many

Dr. W. A. Evans, prominent Chicago physician, who edits the "How To Keep Well" columns of the Chicago Tribune, said in that publication, under date of March 7, 1915:—

"Coffee is a drug. Those who are addicted to its use are drug addicts." From the standpoint of public hygiene the coffee question is worth while. It is the most widespread form of drug addiction."

Some coffee drinkers go on for years without seeming harm, but with others the telltale effects of the drug, caffeine, in coffee, show in various ills and discomforts, such as headache, biliousness, indigestion, nervousness and heart disturbance.

When the health of a coffee-drinker begins to suffer it's high time to quit the coffee.

The change to Instant Postum

is easy and pleasant. Better health usually follows, and a ten days' trial proves.

Postum comes in two forms. The original Postum Cereal—must be well-boiled—15c and 25c packages. Instant Postum—a soluble powder—is made in the cup. No boiling required. 30c and 50c tins.

The two forms of Postum are equally delicious, and the cost per cup is about the same.

"There's a Reason" for Postum

TWO PERSONS DIE IN INCENDIARY FIRE

Score Also Injured When Flames Sweep Through Floor of Apartment House in Cleveland.

MASKED MAN BINDS GIRL

CLEVELAND, O., March 28.—J. E. Lewis, solicitor, and Mrs. Elizabeth Simpkins, a saleswoman, were burned to death, and a score of persons were injured early today when the flames swept through the third floor of the Foster apartments at 1117 Prospect avenue. The police believe the fire was incendiary.

Police are searching for a masked man who, according to the story told by Miss Bessie Reimer, a waitress, entered her room on the third floor, bound and gagged her and set fire to the building.

Most of those injured were hurt by jumping from the third floor windows. One hundred persons were rescued by means of ladders and fire nets.

Fire started in the building yesterday morning in a closet in Miss Reimer's room. She was rescued by firemen and taken to a hospital. The fire was easily extinguished. Last night Miss Reimer returned to her home. According to the story she told the police, a masked man entered her room shortly after 1:30 o'clock, gagged her and bound her hands and feet, after which he started a fire in a bundle of paper. Miss Reimer managed to gain her feet and hobbled out of her room. She was rescued by firemen.

Four Arrests Made. The fire was of incendiary origin, according to the police. Three men and one woman are held at police headquarters and a police guard was placed at the bedside of Miss Reimer at a hospital, where she is suffering from a broken shoulder.

"We are convinced the Reimer girl knows who started last night's fire, as well as the fire yesterday morning in her home," said Detective Farrell.

"Some of those held by the police were involved in a white slave investigation a few days ago, following which one woman was sent to prison. In this case the Reimer girl was the alleged victim."

Indians Who Fought On Geronimo's Side Will Trail F. Villa

WASHINGTON, March 28.—The Indian scouts who will be sent to aid General Pershing are men of advanced years and who fought with Geronimo, the Apache chief, whose flight into Mexico led to the last expedition across the border by American troops. There are a number of the old warriors at the San Carlos agency, New Mexico, and Fort Apache, Ariz., who were in Geronimo's band and surrendered with him to General Lawton in 1886.

General Scott is personally acquainted with many of them and believes it will be possible to find a few who are physically capable of taking the trail, despite thirty years. As hunted men they learned every trail of the country where Villa bandits are seeking refuge.

Vienna Says Russ Gains in Galicia Are Unimportant

BERLIN, March 28.—(By Wireless to Bayville.)—Only outpost skirmishes have occurred in Galicia in the last few days, and the victorious results by the Russians in the Dniester sector were not gained over large bodies of Austrian troops, says an official report from the war office at Vienna. The statement, under date of March 28, follows:

"The engagements near Latatche, on the Dniester, described in Russian reports, were merely vanguard skirmishes. Austro-Hungarian reconnoitering detachments withdrew to the main positions when strong Russian forces advanced.

"During the last week the Russians have attempted no attack against the main army of General Pfanner.

"Italian front: Italian artillery shelled Dobrovo heights and the Fella district, as well as some points on the Tyrol front. East of Plocekn pass Austro-Hungarian troops entered an Italian position. Attacks of the enemy in the Suggana valley were repulsed."

DR. A. W. WAITE TO MAKE CONFESSION

Brother Says He Will Tell Full Story of Death of Millionaire Father-in-Law.

EVIDENCE IS NEARLY COMPLETE

NEW YORK, March 28.—The case against Dr. Arthur Warren Waite, accused of murdering his father-in-law, John E. Peck, millionaire druggist of Grand Rapids, Mich., by administering poison to him, is expected to be virtually completed when District Attorney Swann goes to Bellevue hospital to receive the confession which Frank Waite, brother of the accused man, told the district attorney today the young dentist was ready and willing to make.

The prosecutor announced that he would go to the hospital late today accompanied by a stenographer and Frank Waite. The prisoner, his brother declared, was prepared to make a clean breast of everything.

In that case, the district attorney said he hoped certain discrepancies in the evidence thus far collected would be closed up.

"I will be recalled," he said, "that the negro maid swore that she saw Dr. Waite pour liquid from a bottle into Mr. Peck's soup. We know that the arsenic from which he died was given in powder form. We know also that all the arsenic Dr. Waite bought was in the form of powder and that the virulent disease germs were in liquid form contained in bottles."

No Relief in Sight for Butter Prices

With butter selling to the retail trade at 35 cents per pound for the best and 34 cents for second grade, farmers and dairymen are getting 25 to 26 cents per pound for their butter fat at the cream stations through Nebraska and western Iowa, tributary to Omaha creameries. With the express charges added, it is costing the creameries 36 to 38 cents per pound in Omaha.

Omaha creamery men see no prospect of creamery butter for nearly a month. They anticipate that the prices paid for butter fat will remain at present prices until about April 20, when pasturage will become good and cows will get out onto grass.

HERE'S A NEW WAY TO RELIEVE ACHING FEET

Everyone who has to spend many hours standing up on hard floors or walking long distances suffers more or less from hot, tired, aching, burning, aching feet. To all these here is a message of cheer. They can get rid of this trouble in a few minutes and at very slight expense. Secure a package of Wa-Ne-Ta from your druggist and when you get home bathe your feet for a few minutes in warm water to which two or three tablets of this preparation have been dissolved. The aches and pains will vanish like magic and the feet will be cool, comfortable and happy.

Wa-Ne-Ta added to your bath is a delightful cleanser and disinfectant, removing impurities and banishing body odors. Wa-Ne-Ta is so safe as to be used on the face and neck. It is so effective that it is used by the police and the army. It is so cheap that you can afford to use it every day. It is so good that it is used by the sick and the aged. It is so simple that it can be used by anyone. It is so effective that it is used by the police and the army. It is so cheap that you can afford to use it every day. It is so good that it is used by the sick and the aged. It is so simple that it can be used by anyone.

Hell's Hinges

Once and awhile a picture out of the ordinary is produced.

Hell's Hinges is one.

From start to finish you are held spellbound.

Furthermore, it is such a subject that if it had not been faultlessly made, it would be a joke.

After seeing this feature, we can readily see why the New York critics raved so much about it and called it "a western classic."

It is.

We know you have seen any number of good pictures, but we sincerely hope you see this one, either today or tomorrow, because it represents the very acme of perfect photography, and when we have something out of the ordinary, we like to have our patrons in on it.

The accompanying Keystone is William Collier in Wife and Auto Trouble—and it's immensely amusing.

We still open at 11 in the morning with musical program at each and every performance.
