OMAHA ASKED TO ASSIST BELGIANS

Representative of Commission for Relief in Belgium Arranges a Campaign Here.

CHILDREN WEAR MEALSACKS

For the last few days Eugene F. van Voorhies, representing the organization department of the Commission for Relief in Belgium, has been in Omaha arranging for a clothing campaign for the Belgians. In furtherance of the movement he has the support of a proclamation by Governor John H. Morehead, in which he says: "In keeping with the spirit of the statement of President Woodrow Wilson made to Herbert C. Hoover, chairman of the Commission for Relief in Belgium, in which he strongly indorses the movement and also in keeping with the earnest request of the general committee of this state in charge of the relief of the destitute people of Belgium, I, as governor of this state, call attention to the fact that great distress prevails in that land desolated by war. "Humanity impels us to do all we can to relieve the distress prevailing, and I would respectfully urge the people of this state to co-operate with the persons named as committees acting for the relief in Belgium. "From the character of the committee named, I believe that the money which the good people of this state contribute to the fund will be honestly disbursed and will reach the people for whom it was intended. "The plan is to ask the merchants to place on bargain counters on certain days, which will be announced later, goods which are desirable for the people who must have something to wear and then to give every person in this community an opportunity to go in and purchase these goods and leave them to be gathered up by the local committee and shipped to Belgium. "Thousands of Bread Lines. It is cold weather for a long time yet in that stricken country and there is great destitution. In one city over 1,200 children have nothing to wear but meal sacks and there are 2,000 bread lines, with every person, rich and poor alike, receiving one loaf of bread a day. According to Mr. Van Voorhies, this commission has forty-three ships chartered for the work, and these ships are constantly crossing the ocean on their errands of mercy, bearing a white flag with the words in red, "The Commission for Relief in Belgium," or the initials, "C. R. B." If these ships stop four days the whole nation starves. The Commercial club of Omaha, at its executive committee meeting listened to Mr. Van Voorhies' talk on the work of the commission and voted to indorse the movement. At official meetings of the Rotary club and University club committees have been appointed to co-operate with the commission for carrying on the work, and other organizations, including the Associated Retailers, the Woman's club, the Ad club, the Young Men's Christian association and the Young Women's Christian association and the various churches are co-operating. R. S. Trimble, Dr. T. D. Quigley and M. M. Robertson, have been appointed as a committee of the Commercial club to confer with Mr. Van Voorhies with regard to the campaign.

RECRUIT WRITES THAT HE LIKES TO SLEEP IN HAMMOCK

George F. Wilson, who left the cows and chickens of Missouri Valley to enlist in the navy, has written to Lieutenant T. M. Tipton from the training station in Chicago stating that he likes the life fine. "Home was never like this," he writes, "and I am getting so I like to sleep in my hammock."

BETTER SEASON OF MUSIC AHEAD

Lucius Pryor Announces Public May Have Greatly Augmented Program if It Desires

MANY CELEBRITIES PROMISED

Great things are in store for Omaha music lovers next season if they are but willing to signify themselves as wanting them and are willing to give their support to a concentrated effort to bring here the paramount talent of the world, Lucius Pryor, manager of the charity concert course given under the auspices of the Associated Retailers, which closed Tuesday night with a concert by Fritz Kreisler, the world's greatest violinist, declared in a curio speech during the intermission. Mr. Pryor said that it was up to the people whether they want a similar course on a more elaborate scale next season. Tentative plans for the 1916-1917 course, he explained, if the people are willing to co-operate and give their support, call for, among other things, two evening performances by the Ellis Grand Opera company. This company of grand opera artists has in its cast such celebrities as Farrar, Homer, Whitehill and Muratore. Mr. Pryor would also bring to Omaha for concert a celebrated trio—Kreisler, the violinist, Alma Gluck, the soprano, and John McCormack, the famous Irish tenor. To Increase the Cost. With the two opera performances the cost of such a course, he pointed out, would exceed by about \$1,000 the cost of this season's course. According to his figuring, such a course would necessitate the selling of many more season tickets. Cards to be filled out and signed as a pledge to take a certain number of seats—the number to be designated by the

Rotarians Table Resolution to Make Associate Members

A motion to allow "involutionary past Rotarians" to retain honorary or associate membership in the Rotary club was laid on the table by an almost unanimous vote at the weekly meeting of the Omaha Rotary club at the Henshaw hotel. This question is pertinent because the "Rotary" constitution provides that membership shall be limited to one man from each profession or business. Therefore, when some member changes his line of business, he comes into conflict with some other member already in that line and necessitates his own removal from the club. Harley Moorhead, Victor Rosewater and others spoke on the problem, which will come up for settlement at the next national convention of Rotary clubs, R. M. Harris presided. The Rotarians smoked cigars "on George W. Johnston, furnished by him in honor of his achievement in becoming the father of twins, and a floral testimonial was ordered sent to Mrs. Johnston with the compliments of the club. Incidentally it was reported that the neighbors had recognized the event by presenting Mr. Johnston with a loving cup and that he was in doubt as to whether he would have to win it twice to become the owner "for keeps."

Sharp Reaction on Grain Market and Prices Gain a Lap

After the heavy decline in grain prices Monday and Tuesday there was a sharp reaction and on the Omaha market wheat gained back 1 1/2 to 3 cents per bushel, corn a cent and oats about the same. Grain receipts were hardly fair, there being twenty-two cars of wheat, forty-five of corn and twenty of oats on the market. Wheat sold at \$1.09 1/2, corn, 60 1/2 to 61 1/2 cents and oats 49 1/2 to 50 1/2 cents per bushel. The consignments were practically all disposed of long before the end of the trading hour, so good was the demand for all the offerings.

Ouch! Lumbago! Rub Pains From Sore, Lame Back

Rub Backache away with small trial bottle of old "St. Jacob's Oil." Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin. Lumber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

New Plan of Getting Up Crop Bulletins

A new method of issuing the United States government corn and wheat bulletins has been perfected and will be put into use this year. Instead of the old divisional method with nine centers, the territory is now divided into fifteen states. Omaha, under this scheme is headquarters for Nebraska. Under the old method Omaha was headquarters for Nebraska and western Iowa in the issuance of these bulletins. Chicago is the headquarters to which all data will be sent. There it will be compiled, and from there it will be sent out all over the country. Thus each region will receive data concerning those crops all over the country instead of only in its own district as heretofore. Bulletins will be issued weekly from April 1 to September 30.

THREE ARE ACCUSED OF ABUSING THEIR WIFE

W. B. Preston, 367 Chicago street, charged with being drunk and abusing his wife, was fined \$20 and costs by arraignment in police court. H. J. Chabertin, 2221 17th street, arrested on similar charge, was released, while Charles Smith, 197 Webster street, was sentenced to fifteen days for the same offense.

TONIGHT AT SEVEN-THIRTY

ON the stroke of seven-thirty tonight the lights in the windows of the various shops down town will be turned on—opening the week of Wonderful Windows. The gorgeous displays will be well worth a trip down town to see. Sixteenth street will be in gala attire—you'll want to see it. Partial Description of Burgess-Nash Windows. —A Japanese Scheme, in keeping with the oriental tendency in fashions and interiors, is the motif for this year's Spring Opening decorations. The decorative Japanese paintings in the windows are from the Calkin's Studio in Chicago. —The first window approaching from Harney street, is a Japanese Wisteria treatment in lavender with Japanese Spring scenes. —The next window is decorated in Pink Wisteria set off with a painting of the famous Fujiyama Mountain. —The next window to the South is a typical Japanese scene treated in Lavender Wisteria. —In the last window the decorative scheme is in Maize Wisteria, Japanese effect, showing the bridge in the Royal Imperial Gardens of Tokyo.

Asks Council to Provide Adequate Street Lighting

The executive committee of the Federation of Improvement Clubs of Douglas county, speaking in behalf of all clubs affiliated with the organization, has requested the city council to provide the city with adequate electric lights, pending action on the Butler resolution in connection with a municipal light and power plant. A letter on the subject, signed by F. W. Fitch as president of the federation, has been received by the city clerk for presentation to the commissioners. The council recently placed on file a proposed contract with the electric light company, whose proposition contemplated installation of 1,100 new lamps and changing the old type, the total yearly expense not to exceed the amount being paid at this time.

To Make a Fight on Railroads Giving City Higher Rates

The Commercial club has definitely instructed its traffic bureau to attack as quickly and as forcefully as possible the newly established passenger rate which seeks to give Kansas City a round trip to Chicago for \$15 while Omaha is left to pay \$24, in spite of the fact that the distances are practically identical. Unless a suspension of the proposed rate can be obtained from the Interstate Commerce commission very soon, the rate will go into effect in May. Then it will mean that action in the Interstate Commerce commission is unlikely before 1917.

HOW I DARKENED MY GRAY HAIR

Lady Gives Simple Home Recipe That She Used to Darken Her Gray Hair. For years I tried to restore my gray hair to its natural color with the prepared dyes and stains, but none of them gave satisfaction and they were all expensive. I finally ran onto a simple recipe which I mixed at home that gives wonderful results. I gave the recipe, which is as follows, to a number of my friends, and they are all delighted with it. To 7 ozs. of water add a small box of Barbo Compound, 1 oz. of bay rum and 1/2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Use every other day until the hair becomes the required shade, then every two weeks. It will not only darken the gray hair, but removes dandruff and scalp humors, and acts as a tonic to the hair. It is not sticky or greasy, does not rub off and does not color the scalp.—Advertisement.
