FORD LEADING FOR PRESIDENT

With returns still coming in very slowly, but ninety-three precincts had been heard from for the office of clerk of the district court. These showed that Smith was leading Counman by 4,075 to 4,921.

Douglas county returns of the primary election held yesterday came in more slowly than in the history of slow primary elections in the city and county.

A nice vote was given Justice Hughes for preference for president, but the fact that some voters forgot to write the cross on the ballot after writing in the name was the cause of losing out some of the votes.

Henry Ford received more votes than any other candidate.

The Omaha vote appears in general to follow the general trend of early state reports on governor on both republican and democratic tickets, but W. J. Bryan appears to be a loser in this county as delegates-at-large.

Returns from eighty-eight precincts in Douglas county give:

Pirate Schiller on Way to Federal Prison at Atlanta

WILMINGTON, Del., April 19.—Ernest Schiller, alias Clarence R. Hudson, who recently held up the captain and crew of fifty-six men of the British freighter Matoppo on the high sea, was on his way today to the federal prison at Atlanta in custody of United States marshals. Schiller yesterday pleaded guilty to a charge of piracy and was given a life sentence.

Before leaving here last night Schiller declared that his desire for revenge against England had prompted his act. At the same time he said he hoped to do something "for the cause of Germany."

"He denied that robbery had been his motive and said that the chief reason his plan to sink the Matoppo had failed was because he did not want to kill anybody.

"When I took charge of the ship," he said, "it was so rough that it would have been suicide to have forced the crew to get in small boats as I had at first intended them to do."

Schiller said he was "highly pleased" that he was not being sent back to England.

Men with Military Maps Say They Are School Teachers

SAVANNAH, Ga., April 19.—Two of three men arrested at Hardeeville, S. C., yesterday, alleged to have military maps in their possession, today declared they are teachers in the New York public schools. They asserted that acting Superintendent Straubville of the New York City's schools could identify them.

Louis Goldberg said he was a professor in the Bronx school in Brooklyn, while Frank Kocobsky asserted he was connected with the Dewitt-Clinton High school. The other man gave his name as Mark Marcket.

The men were arrested on complaint of Lieutenant A. P. Conkhite of the army, who asserted they had been following his party, engaged in making military maps, for several days.

Drys Are Victors In South Dakota

SIOUX FALLS, S. D., April 19.—The cause of prohibition in South Dakota gained great impetus as a result of yesterday's municipal elections, fourteen cities and towns going from the wet to the dry column, while no dry towns voted back the saloons and the majority for license cut down in all towns remaining in the wet column.

Here, the capital of the state, voted dry, as did Hot Springs, the famous Black Hills resort. Aberdeen, second largest city in the state, stays in the dry column, while Sioux Falls retained license by the majority of 20, less by 1 per cent than last year.

On figures now at hand, it is certain that Nebraska republicans voted for Henry Ford as their choice for president on Tuesday. Many wrote in the name of Charles E. Hughes, but not enough to give him the first place.

For governor Sutton has a lead on the republican ticket that is likely to hold to the end. McKelvie loomed up as second choice, and possible first for a time, but Sutton's big vote in Douglas county is being well sustained throughout the state. The democrats have named Keith Neville over C. W. Bryan by a decisive vote.

John L. Kennedy has defeated Chester H. Aldrich for the nomination by the republicans for United States senator. Gilbert M. Hitchcock is the choice of the democrats for the place.

On the face of the few writups at hand it is apparent that W. J. Bryan may not be a delegate to the St. Louis convention. Oldham, Thompson, Price and Thomas are the four leaders, with Bryan lagging behind Platt in sixth place. The republicans will send to Chicago, if present indications hold true, Baldrige, Gurney, Dodge and Kilpatrick as delegates-at-large.

Martial Law is Declared at Hastings
Where Strike is in Progress
at Munition Plant.

RIOTING HAS BECOME SERIOUS

HASTINGS-ON-HUDSON, N. Y., April 19.—Martial law was declared within the limits of Hastings village and state troops were called upon for duty today after rioting had assumed serious proportions among strikers of the National Conduit and Cable company. A mob attacked the company's plant with bullets and stones.

The trustees of the village voted to place the situation in the hands of the sheriff, who at once summoned the national guardsmen at White Plains, Mount Vernon and Flushing.

Sheriff Welschman suspended the sale of intoxicants and closed all saloons and ordered on duty the deputies without first conferring with the governor.

After storming the shops the strikers and their sympathizers jostled train commuters in the streets, drew revolvers and fired into the air and at the plant. No one was injured during this attack.

President J. P. Goodwin of the village explained that the sheriff had been called upon because the company, which manufactures munitions of war, had demanded protection for its \$2,000,000 plant and there are six city village officers.

Company Charged with Violations of the Clayton Act

WASHINGTON, April 19.—The Federal Trade commission issued a formal complaint today against the A. H. Bink company of Chicago, and the Neostyle company of New York, an allied concern, manufacturers of mimeographing machines and supplies, charging the companies with violation of the Clayton act in attaching license restrictions to mimeographing machines.

Ingraham Has Been Chosen as Assistant Secretary of War

WASHINGTON, April 19.—William M. Ingraham, former mayor of Portland, Me., has been selected by President Wilson as assistant secretary of war. The nomination was signed today. Mr. Ingraham will succeed Henry Freshfield Smith, who resigned with former secretary Day.

Ford Asserts that He Is Not in Race for Presidency

DETROIT, Mich., April 19.—(Special Telegram.)—"You can say positively that I am not a candidate for president," said Henry Ford today.

"I looked that way when I took off the Michigan helmet, and did not know it was on the Nebraska helmet. As to Pennsylvania, no more on my part has had anything to do with talk on the subject there, and there is no reason to believe my name will go on the ballot.

"As a matter of fact, I have been writing the veto should be taken, because I believe the men who vote for me have I am not a candidate, but I will let the way to show that I am not a candidate."

"I have the same other place to work for, but I will do about much time in public, and I do wish you could see the great thing in that way to Europe."

BRITISH CABINET IS NEAR BREAK UP

Premier Asquith Says There Are a
Number of Points of Disagree-
ment to Clear Up.

LEADERS WISH COMPROMISE

LONDON, April 19.—In the House of Commons today Premier Asquith stated that there were still some material points of disagreement in the cabinet, and if they were not settled the result must be the break-up of the government.

Whatever was happening with activity this morning, with the cabinet meeting and various conferences in progress. A great majority of the political leaders are bent on reaching a compromise in the crisis.

The Pall Mall Gazette says it is in a position to indicate there is every possibility of a definite solution of a compromise on lines which will preserve the coalition from disruption and maintain the stability of the government. Premier Asquith is expected to announce that while the existing situation does not demand the adoption of general compulsion, he is prepared to propose should further events in the progress of the war necessitate it, whatever measure of compulsion may be imperative.

Fall of Trebizond Causes Enthusiasm Among Czar's Allies

PARIS, April 19.—Paris received with great enthusiasm the news of the fall of Trebizond. The event was looked for, but it was not thought the Russians would be able to capture the city so quickly. The political as well as the military consequences are expected to be important, particularly in view of the fact that Turkey has lost one of the most valuable parts of Asia Minor at a time when, according to reports reaching Paris, Germany is weakening its forces in the Balkans to carry on attacks on the western front.

French military writers state that the plan of campaign of Grand Duke Nicholas, the Russian commander, was a daring one, which at first was looked upon as foolhardy, but now is fully justified. The grand duke seemed to advance boldly to the attack on this front, where maneuvers of war were possible, while the other fronts were still held in deadlock.

Excluding the operations on the Persian front, Grand Duke Nicholas, in this campaign, against an experienced and stubborn foe, has to his credit the storming of ten cities in less than two months.

Shakespeare Day Will Be Celebrated By the Germans

WASHINGTON, April 19.—Germany will celebrate generally next week the three hundredth anniversary of Shakespeare's birth, according to a dispatch reaching here today to the American Association of Commerce and Trade in Berlin. The Englishman's plays will be presented in many cities throughout the empire.

Max Reinhardt, the producer, will stage several Shakespearean dramas during the week at the Deutsche Theater in Berlin. The Volksbühne in Berlin and the Royal Theater in Dresden also will present Shakespeare's works.

Shakespeare for many years has been considered almost a national poet in Germany and translations are almost counterparts of the English settings.

Wood Consults Baker About Training Camp

WASHINGTON, April 19.—Major General Leonard Wood, former chief of staff and now commander of the Eastern department, today conferred with Secretary Baker and Major General Duff, chief of staff. He said six weeks had to do early with the summer training camp movements.

General Wood said Secretary Baker should know about how many men would be sent for training in his department this year. He said that from 10,000 to 15,000 men would be sent, and it would be made to train them. Secretary Baker said that the department would have to train 15,000 men, including privates and privates first class.

NOTE TO GO TO ALL NEUTRAL NATIONS

Copies Will Be Forwarded to Rest
of Noncombatant States
Interested.

MANN ATTACKS THE PRESIDENT

WASHINGTON, April 19.—Copies of the American note to Germany will be sent immediately to other neutral nations, on the assumption that they are as much interested as the United States in the protection of neutral rights.

For the present the document will not be given to representatives of Austria or Turkey, or of the entente allies, although it will reach them in time in the usual way. The controversy is regarded as being solely between the United States and Germany.

The State department allowed it to become known late today that a reply from Berlin was expected before the end of this week. No time limit has been fixed, but three or four days is regarded as a reasonable time.

Speaker Clark and Democratic Leader Kitchin declined to comment on the address.

"The sending of a note to Germany was as mild a position as the president could take," said Representative Flood, chairman of the foreign affairs committee.

"I think this government should be neutral," said Republican Leader Mann. "The president never has been neutral."

"Has been on the English side all the time. What he said about Germany, while it is grossly exaggerated, is a just complaint. But he could say just the same about England and our shipping, substituting 'sinking ships' for 'sinking ships'." It is a mistake to break off diplomatic relations with Germany. That is simply to quit in a pet. It is perfectly evident that the president as a campaign political dodge is trying to work up to a point where he can get into a war with Germany during a presidential campaign.

"The president's position is a complete repudiation of his note of January 19, sent through Secretary Lansing, regarding the arming of merchant vessels and submarine warfare," said Representative Cooper, ranking republican member of the foreign affairs committee.

"This is a good time for every one to hold his head and maintain the balance," was the only comment Senator Stone would make.

"I do not believe the president's course will lead to war," said Senator Chamberlain, democrat, chairman of the military committee.

"I think the president was justified in the course he has taken," said Senator Wadsworth, republican, of New York.

"If war comes out of this," declared Senator Kenyon, republican of Iowa, "I hope the first to enlist will be those who have insisted on riding on armed belligerent ships."

Mother and Children Ill with Fever and One Daughter Dead

Ether Holquist, 2 years old, daughter of Mr. and Mrs. G. A. Holquist, 283 Cass street, died this morning of scarlet fever.

Mrs. Holquist and two other children, Frances, 6 years old, and Ruth, 15 years old, are ill with the disease. The family, including the father and son, Ernest, 15 years old, have been quarantined since March 18.

Five years ago Emma, 6 years old; Nora, 8 years old, and Alma, 4 years old, all died of scarlet fever. Ernest was also sick at this time. Funeral services for Esther, who was employed as a stenographer at the Adams & Kelly company, were held this afternoon, with interment in Forest Lawn cemetery.
