

STOCK MARKET IS NERVOUS, LOWER

War Shares and Stocks of Companies Operating in Mexico Drop Four to Eight Points.

STEEL IS LOWEST FOR WEEKS

NEW YORK, April 22.—Today's two-hour session of the stock market was attended by much excitement and further free selling. War shares and the stocks of companies operating in Mexico broke 4 to 8 points and the entire list, including investments, was unfavorably affected.

NEW YORK STOCKS AND BONDS

Tone of Market Is Uneasy Over War Situation.

NEW YORK, April 22.—Heavy and persistent selling pressure was again highly effective during today's two-hour session. The recent of the preceding day merely accentuating the extent of the liquidating movement. Trading was far the largest of any recent week end, approximating \$800,000,000.

The German and Mexican crises for such they are regarded by the financial community, were again the factors around which the market centered.

Among the weakest issues were General Motors, which fell 20 to 40, Mexican Petroleum, 10 to 20, United States Industrial Alcohol, 10 to 15; Crucible Steel, 10 to 15; Baldwin Locomotive, 10 to 15; Studebaker, 10 to 15; American Smelting, 10 to 15; and various others of that class 3 to 5 points.

United States Steel, which outperformed all other stocks in volume of offerings, manifested some steadiness at first, but later back 2 to 30 as the selling movement a heretofore momentum.

Cutting and Buttering Bread by Machinery

BREAD CUTTING AND BUTTERING MACHINE. (COURTESY, H. J. WALKER.)

So many soldiers passing to and from the battlefield in France stop at the "feeding stations" maintained by charitable organizations in the railway depots.

that it was found almost impossible to cut and butter enough bread for the hungry soldiers. Accordingly some genius invented the machine pictured above.

CIVIC LEAGUE HOLDS DIRECTORS' MEETING

Adopt Resolutions on Problem of Grade Separation Along the Belt Line.

A resolution to the effect that the Omaha Civic League does not favor makeshifts—that the city planning committee be requested to take under advisement the problem of grade separation along the Belt Line in the western part of the city.

Several other important problems were discussed at the meeting.

Stanley M. Rosewater, secretary of the league, has just received a communication from the Department of Commerce at Washington, asking for cooperation in the matter of encouraging the public to save waste paper and rags.

The Civic League discussed the advisability of inaugurating a "tin can campaign."

J. E. White, a lumber man, suggested that the best smelting companies might be interested in such a movement, the soldier in the old tin cans being more valuable than usual at the present time.

That the tin can proposition is one which should be brought to the attention of every resident of Omaha was the contention of Mrs. C. W. Hayes, chairman of the municipal housekeeping committee.

Rhe pointed out the fact that disease germs lurk in the stagnant water in old tin cans, which are said to be ideal breeding places for mosquitoes.

There are now more than fifty organizations represented in the Omaha Civic League, according to Mr. Rosewater, each being entitled to three delegates.

These organizations include the Commercial club, A.K.A.-B.B., Rotary club, A.C. club, Noon Day club, Builders' Exchange and most of the improvement clubs and others interested in the beautifying and upbuilding of Omaha and its civic improvements.

St. Joseph Live Stock Market. APRIL 22.—CATTLE—Receipts, 50 head; market steady.

MINNEAPOLIS, April 22.—WHEAT—May, \$1.10; July, \$1.15; cash, \$1.10.

BELLEVEUE DEBATERS DRAW WITH WESLEYAN

Bellevue college negative debaters won a two-to-one decision over the affirmative team from Wesleyan.

Bellevue's team which spoke in Denver, last week, was composed of Raymond Kinsler, Randall Hart and Jack Phelps.

CAN I OWN A HOME?

A NYMAN who can pay rent can own a home. Why? Because it is the rent that buys the home. Landlords make their houses buy themselves.

Patrons are reminded that the curtain will rise early at the Orpheum tonight, 8:30 o'clock sharp. To enable Alexander Carr to catch an early train, he will appear early on the program, and those who arrive after he starts his playlet, "An April Shower," will not be seated until after the sketch is finished.

Earning a house while living in it is the most popular way of getting a home. How much of a house can you afford to buy? Wise men say: "Never buy a home that costs more than two years' salary."

How does this fit your idea of a home? The Western Pacific Lumber Company offers for subscription a limited amount of Convertible 6% Cumulative Preferred Stock at par—\$10 a share, carrying a fifty per cent (50%) bonus of full paid and non-assessable common stock.
