I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."—Mrs. Robt. Stopiel, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

BELL-ANS

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little MUSTEROLE on the temples and neck. It draws out the inflammation, soothes away the pain—gives quick relief.

MUSTEROLE is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister!

Doctors and nurses frankly recommend MUSTEROLE for Sore Throat, Bronchitis, Croup, Stiff Neck, Asthma, Neuralgia, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet—Colds of the Chest (it often prevents Pneumonia).

At your druggists, in 25c and 50c jars, and a special large hospital size for $2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

MUSTEROLE
WILL NOT BLISTER

To Keep Teeth Sound, Spotless and Sparkling

It has been discovered that refined avatol will actually remove all stains and spots from the teeth in a few minutes, if used on the brush like a tooth paste. This is worth-while information, since nearly all persons have discolored films, or "plaques," on their teeth, which heretofore could be removed only by the dentist.

More than that, this harmless substance has been found to possess remarkable germicidal properties, destroying even the parasite which causes pyorrhea. The importance of this can hardly be exaggerated, in view of the alarming prevalence of this affection which is responsible for the loss of more than half of all teeth, according to such authorities as Drs. Bass and Johns. It is no longer necessary to use dentrifrices which at best only cleanse the teeth. By using refined avatol—which any druggist can supply in convenient 25-cent tube—one not only keeps the teeth antiseptically clean but prevents the gums from softening and receding, the teeth from loosening or decaying. And one keeps the teeth spotless, glistening white and beautiful.—Advertisement.

Weak Stomachs Need FRUIT-A-VIGOR

So Do Inactive Bowels

First Thing—Each Morning Before Breakfast

AS DIFFERENT from physic, pills, mineral water, oils and enemas, as day is from night. DIFFERENT in taste, action, result. DIFFERENT because with its use constipation and kindred ailments pass away like mist before the sun. DIFFERENT because it invigorates and upbuilds, and BECAUSE it is a natural way to better health, a stronger stomach, more regular bowels, clearer skin, greater energy.

LET FRUIT-VIGOR HELP YOU TO GET WELL and KEEP WELL

ANY first class druggist or grocer can get Fruit-Vigor for you—$1 per jar. Or by parcel post from us—One jar $1—Four jars $3.50—Six jars $5.00.

STEWART FOOD CO. 523 Security Bldg. CHICAGO

THE "COME-BACK"

The "come-back" man was really never down-and-out. He reserved reputation, because of overwork, lack of exercise, incorrect eating and living, demands attention to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength. Nebraska

NO CANDIDATE GOT A MAJORITY

Presidential Preference Vote on Republican Side Indicates This to Be the Case.

SPECULATION ON INSTRUCTIONS

(From a Staff Correspondent.)

LINCOLN, April 29.—(Special.)—Without the count of Douglas county on the vote for president it is a certainty that no candidate for the preference vote of the republicans of Nebraska has received a majority and republicans are beginning to figure how tightly a delegation elected to the national convention can be bound by the vote as shown at the primary.

The rule of the national convention requires a majority of the full vote cast at the convention to nominate and on that sort of proposition all the candidates favored at the primary for presidential preference fall far short.

Footings Without Douglas.

Just as an indication of how the footings stand without Douglas county, the showing is as follows:

Cummins	26,931
Ford	22,228
Hughes	11,578
Estabrook	6,130
Ross	5,934
Roosevelt	1,641
La Follette	11

What the Vote Shows.

This makes a total of 73,953 votes cast for president on the preferential ballot, of which Cummins, the highest man secured 26,931, and Ford a few thousand less. A majority of all votes tabulated would be 36,982 and Mr. Cummins lacked 10,000 of receiving that number, in fact will in the finals have less than one-third of the whole number of republican ballots cast in the primary.

If Mr. Cummins is none-the-less entitled to first consideration because he is out ahead of Mr. Ford it is argued, that Judge Hughes, who without having his name printed, was written in by some 15,000 voters, is also entitled to a great deal of consideration.

Hughes Vote Astonishes.

The big vote received by Judge Hughes has astonished even his most ardent friends who, while they expected a good showing, did not believe that so many voters would take the trouble to write in the name in the face of the strenuous campaign put up by other candidates. They point to it as an indication how strong Hughes sentiment is among Nebraska republicans, and that the delegation would satisfy every one by joining ultimately in bringing about the nomination of Justice Hughes.

LANCASTER COUNTY VOTE FINALLY COUNTED

(From a Staff Correspondent.)

LINCOLN, April 30.—(Special.)—The official count of Lancaster county, the last to report with the exception of Douglas, shows that Estabrook ran better in the capital city of the state, compared with other candidates, than he did in any county so far reporting. The vote of Lancaster shows: Cummins, 2,649; Ford, 1,597; Estabrook, 1,127; Hughes, 728, and Ross, 273.

Senator Burkett, for vice president, received 5,190, while William Grant Webster received 1,243. Morehead, for the democratic nomination for vice president, received 2,975.

On United States senator, Aldrich polled 3,768 votes and Kennedy 2,817. Democratic candidates for senator show Hitchcock 1,848, and Dunn, 1,510. Taking the vote on senator indicates that the republican vote in Lancaster county is 3,167 greater than that of the democrats, the combined vote on the republican candidates being 6,525, while the combined vote of the democratic candidates on the same office was but 3,358.

John Doe Given Jail Sentence.

TECUMSEH, Neb., April 30.—(Special.)—A tramp called at the home of John Gillette, southeast of the city, and begged for something to eat. He was refused. The family left home during the afternoon and someone got into the house and helped himself to a quantity of food and some few dollars in money. Mr. Gillette had the tramp apprehended at Steinauer and the fellow was brought to Tecumseh. He would not give his name, but gave the name of John Doe. He was taken before Justice E. H. Colton and fined $60. Being unable to pay, Doe was sent to the county jail for twenty days.

Three Deaths at York.

YORK, Neb., April 30.—(Special.)—Three deaths occurred in this city yesterday. Mrs. Alberta Phipps, wife of S. V. Phipps, died at 3 o'clock in the morning, aged 45 years. Funeral services will be held Monday afternoon at 2 o'clock at the residence. Adam Seed, aged 73, retired farmer, died at an early hour. Funeral services were held this afternoon at 3 o'clock. Edward Masters died very suddenly at the family home, 421 West Fourth street, following a short illness with typhoid fever. He was 56 years old.

Appointments at Superior

SUPERIOR, Neb., April 30.—(Special Telegram.)—The new city council met yesterday and organized for the ensuing year. Mayor Tanner cast the deciding vote making James Fitzgerald president. Oscar Monis was named as day marshal and Harry Blackstone for night marshal for a period of thirty days, after which the office of day marshall will possibly be added to the work of the street commissioner. John Agee was named for city attorney; Bert Woolsey, street commissioner, and George Umbach, water commissioner.

North Platte Lid Goes On.

NORTH PLATTE, Neb., April 30.—(Special.)—For the first time in forty years North Platte has no saloons. The barrooms all closed quietly at 8 o'clock last night as per the demand of the voters at the municipal election April 4. Many persons seemed inclined to lay in a stock of "wet goods" and there was little liquor left when the places were closed.

School Entertainment.

SUPERIOR, Neb., April 30.—(Special Telegram.)—The Superior schools grade entertainment was given last night at the high school auditorium before the largest crowd that ever was assembled in the place.

For Children's Coughs

There is nothing better for your child's cough and cold than Dr. King's New Discovery. Contains nothing harmful. Guaranteed. 25 doses 25 cents. Advertisement.

Saloonmen Must Pay For Juckett's Death

(From a Staff Correspondent.)

LINCOLN, April 30.—(Special.)—The judgment of the district court of Dodge county for $17,000, affirmed by the supreme court in an action brought by the widow of Delbert B. Juckett, a Dodge county farmer, against several saloonkeepers to recover damages for the death of Juckett, under the Slocumb law.

Ten of the saloonkeepers were in business in Fremont, one in the town of Cedar Bluffs, and one each in the towns of Neligh, Brunswick and Royal, in Antelope county.

On December 26, 1913, Juckett procured liquor in Royal and started for home. When the team reached home some time in the night, Juckett was found dead from exposure to the cold.

It was alleged that Juckett since 1910 had been in the habit of visiting the different towns and drinking to excess.

Desirable Widow Files for Employment

(From a Staff Correspondent.)

LINCOLN, Neb., April 30.—(Special.)—A widow 31 years old, weighing 186 pounds, five feet four and one-half inches tall, with blue eyes and brown hair, with no desire to trip the light fantastic toe or to attend moving picture shows and chew gum and blink her eyes trying to discern the characters in a quivering and poorly screened picture, has filed an application with Labor Commissioner Coffey for a position as housekeeper for a bachelor or a widower with or without children, but suggests a limit of two children. Employment in the city or country will be accepted.

This young widow says she has lived on the farm and knows something about the work of the farm household. Being a Christian woman, with a good reputation as a neat and clean housekeeper, she would prefer steady employment.

ELECTRIC LIGHT COMPANY MUST PAY BIG JUDGMENT

(From a Staff Correspondent.)

LINCOLN, April 30.—(Special.)—"When the plaintiff in a suit for personal injuries has executed a release in writing of all claims for damages from the defendant and has received a consideration therefor, but seeks to avoid the release on the ground that it was obtained by fraud or deception practiced upon him by the defendant, and that at the time the release was executed his mental condition was such that he was incapable of understanding the nature and quality of the act performed, or of comprehending its consequences, the burden is upon him to prove these facts," says the supreme court.

"When the amount received in settlement is grossly inadequate to compensate for the injuries sustained that fact may be considered, with other evidence, as tending to show unfair practice; that the party had been overreached, and that the minds of the parties never met in the consummation of a valid contract," is also asserted.

In the above opinion the supreme court affirms the judgment of the district court of Douglas county in a suit brought by Allie L. Perry against the Omaha Electric Light and Power company for $2,000 for personal injuries received while in the defendant's employ.

Perry was an arc light inspector and received a shock which threw him from a pole to the pavement below, sustaining a fracture at the base of the skull. The company settled with him for $97.50. Fraud was charged in obtaining the settlement, Perry claiming he understood the amount paid was for back wages.

DODGE COUNTY FARMER ACCUSED BY MILLINER

FREMONT, Neb., April 30.—(Special.)—Miss Helen Stoneburner, a pretty milliner of Dodge, came to Fremont today and caused a warrant to be issued for Henry Koemann, a well known young farmer of the northern part of the county. Koemann is charged with attempted an attack on the Dodge milliner, while she was alone in the shop at Dodge and while he was there under the pretext of buying a hat for his wife. A little girl who saw the occurrence ran out to call for help, but when the marshal, who was near, entered, Koemann is said to have left through a rear door and jumped into his automobile.

NEW "PRAIRIE SCHOONER" ON THE WAY TO SIDNEY

FREMONT, Neb., April 30.—(Special.) Traveling in a Ford touring car that showed the signs of wear, a family of nine persons from Stuart, Fla., passed through Fremont Saturday on their way to Sidney, where they will locate. The parents and their seven children, two of them grown, found room in the "prairie schooner" and seemed to be enjoying the outing.

One boy sat on the outside on an improvised seat over the wheel. Both springs were broken and the axle sprung, but the car was negotiating the road without any difficulty.

A Little Blossom To Delight the Home

When it is known that in the near future the home is to be blessed with a new arrival the first thought should be "Mother's Friend." This is an external remedy gently applied over the stomach muscles. It makes them firm and pliant, they expand naturally without undue strain. It removes from the nerves those influences which are responsible for much of the pain incident to the period of expectancy. It is for this reason that much of the distress such as morning sickness is avoided. All prospective fathers should see to it that the expectant mother is provided with a bottle of "Mother's Friend."

The directions are simple, but it at any drug store. It is applied by the expectant mother herself, it penetrates deeply and affords quick and splendid relief in a most gratifying manner and reduces a physical infirmity to the nervous disposition of the lady. Don't fail to get a bottle of "Mother's Friend" today and then write Bradfield Regulator Co., 418 Lamar Bldg., Atlanta, Ga., for a really little book, intended of interest to every woman, it is a delight to read.

M. E. SMITH AND COMPANY PUT BIG BRANCH IN LINCOLN

LINCOLN, April 30.—(Special.)—Lincoln is to get the big auxiliary plant of M. E. Smith & Co., shirt manufacturers of Omaha, the company having leased the brick building at 1516 N street, of Harry J. Hall, who will increase the size of the building on the ground to 74 by 140 feet, and add another story, making a floor space of 40,000 square feet.

The Lincoln plant will be the main branch of the big factory and will be equipped with the very latest modern machinery and employ to start about 150 people, to be increased to several hundred, as the business requires it.

New Land Officials in Charge.

NORTH PLATTE, Neb., April 30.—(Special.)—J. E. Evans and I. L. Bare, republican incumbents in the offices of register and receiver of the federal land office here, yesterday turned over their offices to their democratic successors, E. J. Eames of Maxwell and A. F. Beeler of Hershey. Although no contest has been on for the appointments, the appointments were confirmed but a short time ago and the bonds approved only Friday.

UNCLE SAM WATCHES HIS NEWEST CITIZENS

Uncle Sam never says "quit!"

United States Naturalization Examiner J. M. Gurnet, who is in Omaha to assist in the making of something like a hundred new citizens who will be called before Judge Day tomorrow, has had the naturalization of John Thomas Winn Stanley, a Canadian, cancelled after Stanley had been two years a citizen.

Gurnet declares Stanley, subsequent to his becoming naturalized, passed worthless checks and is now a fugitive from justice. When this fact was established to the satisfaction of the court and himself, Stanley's citizenship papers were cancelled. He had been naturalized at Oshkosh, Neb., and the revocation occurred last week at North Platte.

"We keep close watch on all naturalized citizens," declared Gurnet. "For proper cause, citizenship can be revoked at any time and the offender deported."

HOWES WOMAN DIES IN AN OMAHA HOSPITAL

Mrs. Josie Svoboda, aged 32, a resident of Howes, Neb., died at a local hospital last night following a five weeks' illness with heart trouble. Her body will be taken to Howes this morning.

Mrs. Svoboda is survived by her husband.

The lumber mills throughout the country have effected a great saving in wood waste by substituting the band saw for the old-fashioned circular saw.

DEATH RECORD

Samuel Savidge.

TABOR, Ia., April 30.—(Special.)—Samuel Savidge, 77, one of the pioneer settlers of this locality, died at his farm home several miles south of Tabor Saturday morning at 8 o'clock from ailments due to old age. He was a veteran of the civil war, serving three years and three months in Company B of the Twenty-ninth regiment, Iowa infantry, and had resided here on his Fremont county farm since the war closed. Four children survive him, Ed and Charles Savidge of Tabor, Mrs. Almeda Ross of Tabor and Raymond Savidge of Sheridan, Wyo.

Chamberlain's Tablets.

Fred E. Hunt of Seneca Falls, N. Y., says: "I have no hesitancy in recommending Chamberlain's Tablets for the stomach and liver for they proved to be the best medicine I ever used." Obtainable everywhere.—Advertisement.

Your home?

The "Handy Volume" Issue of the Encyclopaedia Britannica will make home the most interesting place in the world.

What are you doing for your family?

WHAT THE ENCYCLOPAEDIA BRITANNICA WILL DO FOR THEM

In one respect children are very much like chickens, puppies, kittens, or other young animals. If you begin early enough, and feed them right, you can teach them almost anything and they will never forget it.

A normal child is all curiosity. The more curious the child is, the more hope there is for its future.

Early accustom your child to looking up things for himself in the Britannica, and you will never have to worry about his or her future.

With such an aid to self-confidence a very ordinary child will accomplish the seemingly impossible. It is like water to plants—you can fairly watch the growth from week to week. Every father who has tried it will bear out this statement.

It will show your children how to educate themselves. It will show them what knowledge is collected and ready for use. It will really help them to decide on their life work. It will show them the easiest and best way to do whatever they choose to do. It will show them the methods used by the successful.

When the Encyclopaedia Britannica could not be had for less than $150, and then only in volumes really too large for a child to handle conveniently, there was some excuse for a parent's not buying it. But now, in the "Handy Volume" Issue, the volumes smaller than a magazine (yet containing every word and every picture that is in the costlier Cambridge issue), at one-third the lowest price at which the Cambridge issue is now selling, any family can afford it.

93 Harvard professors and instructors own it; 75 at Columbia; 68 sets are in the Government Departments at Washington; and 25 sets in the New York Public Library. But we do not wish you to buy on this recommendation or on ours. We want you to satisfy yourself, in your home, with your children around you, that the "Handy Volume" Issue is the best investment you ever made in your life. Give the books a thorough trial, and be sure the children's mother has a vote on the final decision. That is all we ask.

Send them back inside of three weeks, if the children will give them up, and we will refund all you have paid.

WHAT answer will you make to your children, in years to come, when they ask you why they never had the great advantages which other children had of learning the real facts about everything from the Encyclopaedia Britannica?

—for they will certainly ask you.

Are you doing your full duty by them?

You can make sure without risking a penny. The new "Handy Volume" Issue at one-third the price of the Cambridge University issue can be examined at the store mentioned below. On payment of only $1 the whole 29 volumes will be sent to your home.

There each member of the family will have a chance to examine it carefully, thoroughly.

If you are not satisfied for any reason, return the books within three weeks and we will refund all you have paid, including the shipping charges and the $1.

You must act quickly, however.

This offer holds good only while the present supply of books lasts. The prices of materials are advancing rapidly. Paper costs 60% more, leather 50%, etc. The publishers notify us that the price of the "Handy Volume" Issue must be increased.

A FEW OF THE SUBJECTS IN THIS GREAT WORK

How everything is made. Engines, turbines, dynamos, aeroplanes, automobiles, big guns, steel (34 pages), glass (19 pages), sugar (15 pages), machinery, armor plate, paper, pins, perfumes, bridges, china.

Almost every university and college in the U. S. has the Britannica, and nearly all the big manufacturers.

How everything grows. 4186 articles on agricultural subjects, every tree, plant, flower, crop and shrub.

The U. S. Department of Agriculture has 4 sets of the Britannica.

Where any place is. 10,838 articles on places—113,000 words on China—so valuable that they are consulted by the U. S. Gov't Departments, travelers and merchants.

Painting, Sculpture, Architecture. 2204 articles on the world's masterpieces by the greatest authorities of all nations.

Every museum has the Britannica.

Literature. 3000 articles on great writers by Swinburne, Gosse, Cable, Lang, Stevenson, Mrs. Humphry Ward, Van Dyke, John Burroughs. All the famous books and plays.

Religion. 3089 articles by 161 great authorities. The best hand-book for Bible studies.

Medicine. 644 articles by 75 of the leading physicians in the world.

History. 6025 articles by 327 historians. Fascinating reading.

Biography. 9000 articles on famous men and women. Brilliant word portraits by great writers.

Science in daily life. 4476 articles on scientific subjects, in simple language. Most of the technical schools and clubs have the Britannica; so have Edison, Alex. Graham Bell, Gary, Schwab, The General Electric Co., The Westinghouse Co.

Law. Joseph H. Choate says: "If I could own but one book it would be the Encyclopaedia Britannica. I use it continually."

Engineering, Building and Mechanics. Charles M. Schwab says the Britannica is "the most important and authoritative book of its kind in the world."

Banking and Commerce. Frank Vanderlip, President of the greatest bank in the world, has a set of the Britannica on his desk. So has Senator Owen, Chairman of the Senate Committee on Banking. Secretary Redfield of the U. S. Dept. of Commerce and Labor has a set, and the Census Dept. uses it continually.

In the Home. The editor of the Ladies' Home Journal says: "I am delighted to think that this work is now for the first time to be placed within the reach of thousands to whom its possession up to now has been a dream."

A 130-page BOOK FREE

The publishers of the ENCYCLOPAEDIA BRITANNICA have prepared a richly illustrated book of 130 pages to tell you all about this great work and the new "Handy Volume" Issue, and its usefulness to you. It is full of interesting stories, clever dialogues, beautiful pictures—a book packed from cover to cover. Some of its contents include:

—100 interesting bits of knowledge revealing the ENCYCLOPAEDIA BRITANNICA from a hundred different points of view.

—A little history of the BRITANNICA from the days of King George III, with 70 portraits of the noted men who have made it the greatest work of its kind.

—Twenty pages of interesting dialogue telling of the unexpected interest of the BRITANNICA for women.

—A clever story about the way children get interested in it.

—Portraits of the Nobel Prize winners and other famous contributors to the new Eleventh Edition.

—Nearly two hundred half tone illustrations, color plates, specimen pages and the like.

Whether you are interested in the BRITANNICA or not, you and every member of your family will thoroughly enjoy reading this book, as big as a magazine.
