GRAIN AND PRODUCE MARKET

Wheat Run is Light and Demand is Sufficiently Good to Keep Prices Steady.

CORN UNCHANGED TO HALF UP

OMAHA, May 2, 1916.

Cash wheat was steady and sold at practically unchanged prices. The run was weak and there was sufficient demand to take care of the light offerings.

The corn market was quoted from unchanged to ½c higher. Most of the corn was sold at yesterday's prices, except a few cars of yellow and some of the better grades of mixed corn, which sold about ½c higher.

The oats market was rather weak and although the receipts of this cereal were very light, the market ruled from unchanged to ½c lower.

Rye and barley were quoted unchanged and the receipts of these cereals were not of much importance.

Clearances: Wheat and flour equal to 67,000 bu.; corn, 64,000 bu., and oats, 234,000 bu.

Liverpool closed with wheat ½d lower to 2d higher and corn unchanged to 1d higher.

Primary wheat receipts were 735,000 bu., and shipments of 1,461,000 bu., against receipts of 314,000 bu. and shipments of 896,000 bu. last year.

Primary corn receipts were 847,000 bu. and shipments of 571,000 bu., against receipts of 783,000 bu. and shipments of 451,000 bu. last year.

Primary oats receipts were 1,112,000 bu. and shipments of 1,289,000 bu., against receipts of 587,000 bu. and shipments of 907,000 bu. last year.

CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, May 2.—Material decline took place in the wheat market today owing largely to rumors that advices from Berlin were less reassuring than had been generally expected. The close was heavy, 1⅝c to 2c net lower, with May at $1.14⅝, and July at $1.16¼. Other leading staples, too, all suffered a net loss, corn ⅝@1¼c to ⅛c, oats the same, and provisions 12½c to 30c.

Weakness in wheat developed as soon as trading began, but in the early dealings appeared to be due chiefly to better weather in the spring crop belt, especially Canada. Reports that green bugs had invaded Kansas and were causing renewed anxiety in Oklahoma, led afterward to a rally, which, however, proved transient. Before the session was half over the movement of prices downgrade had again acquired headway and was at no time thereafter given any decided check, although definite basis appeared to be wholly lacking for assumptions that the German crisis was growing more acute.

Breaks in the stock market tended to emphasize bearish sentiment regarding wheat, and so also did unsettling reports about grave labor troubles. Export business amounting to upward of 1,000,000 bushels seemed to have little if any weight.

Corn finally gave way with wheat. At first the market showed considerable strength as a result of frost predictions and in consequence of reductions in available supplies. Oats had no independent action, except for continued tightness of the May option. Crop reports were said to be excellent in all directions.

In the provision pit there was heavy selling of lard and ribs on the part of recent large buyers. Lower prices at the yards had a discouraging effect on holders.

NEW YORK STOCK MARKET

Shares Are Under Steady Restraint During the Session of Exchange.

TRADING NOT SO ACTIVE

NEW YORK, May 2.—Stocks were under steady restraint, the professional element reversing its more optimistic attitude of recent sessions on the theory that prices had made sufficient recovery in the present uncertain status of foreign affairs. In fact the absence of definite advices from Berlin and Mexico was unfavorably construed.

Trading at no time approached yesterday's activity and breadth, although Marines were again in the foreground with the difference, however, that both were freely offered. Marine preferred made an extreme decline of 2⅝ from its high price of the previous day and the common yielded a substantial fraction.

As a group, Mexicans were among the weakest stocks, Mexican Petroleum losing 4¼ points, with two for American Smelting. The motor group constituted another heavy element, selling concentrating largely about Studebaker, which recorded an extreme loss of 4½ points.

Irregular declines were made by Crucible Steel, American and Baldwin Locomotives, American Car and distilling shares. Coppers were 1 to 2 points lower and other metal issues denoted pressure.

United States Steel seemed subject to the same repressive influences that have checked that stock's course during the last fortnight, though falling only 1½ a most. Minor industrials and equipments followed the general trend on light dealings.

Rails moved contrarily, Reading, which again led that division, manifesting heaviness, together with other coalers, while New York Central, Union Pacific and St. Paul were better by fractions to a point. Additional favorable railway returns for March were submitted, but they failed to excite more than passing interest.

Total sales, 852,400 shares.

Sterling rates were unchanged, but other foreign remittances were more variable than usual. Reports of a coming inflow of gold from Canada were not confirmed to authoritative sources. Bonds were irregular and dull, speculative issues remaining unquoted.

Total sales, par value, $1,006,000.

United States bonds were unchanged on call.

Coffee Market.

NEW YORK, May 2.—The market for futures was less active today and fluctuations were irregular. After yesterday's active selling there appeared to be very few offerings around the ring at the start and first prices were 2 to 4 points higher on covering. Reactions followed under renewed selling by houses with European connections, with July selling off from 8.37c to 8.22c, while December eased off to 8.41c, or about 4 to 7 points net lower, but there was no important pressure and the market rallied toward the close on covering and report of a firm cost and freight situation. Last prices were net unchanged to 3 points higher. Sales, 10,250 bags: May, 8.18c; June, 8.23c; July, 8.26c; August, 8.32c; September, 8.37c; October, 8.41c; November, 8.45c; December, 8.49c; January, 8.53c; February, 8.60c; March, 8.65c; April 8.69c. The official cables reported no change in milreis prices, while Rio exchange on London was 1-32d lower on Saturday. Santos cleared 8,000 bags for New Orleans. Freight rates from Brazil to this country are now officially quoted at $1.50 per bag and 5 per cent primage.

GRANITE CHIP ROADWAY IN PART OF MILLER PARK

The city council approved an expenditure of $3,000 for concrete roadways in the south part of Miller park. Commissioner Hummel explained that the concrete will be covered with two inches of granite chips.

"I figure this form of roadway will cost $1,000 less than the asphaltic concrete," Mr. Hummel told the commissioners.

The commissioner expressed his distrust of carbolic concrete pavement. He said this form was laid on Miller boulevard and has not proved satisfactory.

CATTLE—Receipts were rather moderate and the total for the two days 7,569 head, is the smallest since four weeks ago and smaller than a year ago by almost 5,000 head.

The demand was good and prices generally steady, there being little if any change in either direction. Heavy beef steers sold up as high as $9.30.

Cows and heifers moved off quite freely at fully steady prices, while feeders of good quality were, if anything, a little strong.

HOGS—What few hogs the shippers bought they took at prices fully a nickel lower and some of their purchases made after first rounds were possibly as much as 10c below yesterday.

Packers again mapped out their course and carried it out just exactly as they did Monday. They bid 5@10c lower right from the start, and although sellers put up a harder fight to check the break than they did yesterday it did them no good, for in the end packing hogs were bought mainly 10c under yesterday's figures. A few sellers did not think prices more than 5@10c lower, but others who sold at the best time yesterday said that compared with their yesterday's sales today's trade was 10@15c down, and most strings quoted as a flat 10c lower.

SHEEP—Another liberal lamb run showed up today, estimates placing receipts at thirty-two cars, or 8,000 head, and as everything here was on sale, along with a couple of cars carried over from yesterday, actual offerings were slightly larger than Monday's. So far this week 16,539 head have been received as against 17,998 last week, 22,567 two weeks ago and 11,542 a year ago.

A broad demand for good handyweight lambs again featured the trade and in spite of the continued generous receipts prices remained on the upgrade. Movement started in very fair season at prices that while somewhat uneven were in the main 10c higher than yesterday. Quite a few Mexicans of desirable weights and quality were cashed fairly early at $11.00, with others as high as $11.50, and the bulk of the supply was cleaned up in very fair season. Westerns that were a little weighty touched $11.35. As high as $9.90 was paid for clippers weighing a little over eighty pounds and heavier stuff sold at $9.00 and on down. Wooled lambs not very well finished that failed to sell yesterday went this morning for shearing purposes at $10.75.

Ewe supply continues almost too small to arouse any interest whatsoever. Nothing of consequence in the line of wooled ewes was here today, only odd sacks ages being offered. A car of clipped ewes brought $7.35.
