

RECOVERY OF NEW JERSEY WOMAN

Due To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sleep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and felt a change for the better after the second day. I took it until I was in a good healthy condition. I recommend the Pinkham remedies to all women as I have used them with good results."—Mrs. MILFORD T. CUMMINGS, 24 New Street, Bridgeton, N. J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for all displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

Home Celebration of Wonder Interest

The arrival of a baby in the household completely changes the entire aspect of the future. But in the meantime, during the anxious period of expectancy, there is a splendid remedy known as "Mother's Friend" that does wonders. It is for external use, relieves the pains of muscle expansion, soothes and quiets the nerves, extends its influence to the internal organs and removes to a great extent the tendency to worry and apprehension. It is a natural treatment, safe for the mother, has no drug effect whatever and for this reason must exert a most beneficial influence upon those functions directly connected with motherhood. In a very interesting book the subject is freely discussed and a copy will be mailed free to all expectant mothers by Bradford Regulator Co., 408 Lamar Bldg., Atlanta, Ga. Get a bottle of "Mother's Friend" today of any druggist. Use as directed and you will then know why mothers for nearly half a century have used and recommended this splendid aid to motherhood. Their letters are messages of cheer, that breathe comfort in every word.

SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them. To do this get about two ounces of plain powdered norexin from any drug store—sprinkle a little on a hot wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dirt and dirt secretions from the body that form in the pores of the skin—pinching and squeezing only causes irritation, makes large pores, and do not get them out after they become hard. The powdered norexin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anybody troubled with them, that understands the matter should certainly try this simple method. Advertisement.

The New Home Treatment for Ugly, Hairy Growths

Here is a simple, yet very effective method for removing hair and fuzza from the face, neck and arms. Cover the objectionable hair with a paste made by mixing some water with a little powdered delatone. Leave this on for 2 or 3 minutes, then rub off, wash the skin and the hairs have vanished. No pain or inconvenience attends this treatment, but results will be certain if you are sure to get real delatone.—Advertisement.

Schreiber Finds Conditions Bad at Some Movie Houses

Superintendent Schreiber of the Welfare board reports he inspected two motion picture theaters on Monday and found conditions almost negligible from a fire protection standpoint.

"I made the trip with State Inspector Coffey and I was astounded at the conditions we discovered in the two places visited. At one theater we tried the rear exits to determine just what conditions would be met in case of fire. It was difficult for us to get through to the alley even under ordinary circumstances. What would have happened under stress?" asked Mr. Schreiber. He explained that rubbish and boxes impeded the way from one exit door and six steps had to be mounted before going through the door leading into the alley. He found no fire curtains in these two theaters and the film booths were not according to the city ordinance. "There certainly is need for motion picture theater inspection in Omaha," stated the superintendent.

APRIL WEATHER IS OF THE VARIED VARIETY

April's offerings in climatic conditions were of a widely scattered variety. It is shown by the monthly meteorological summary issued by the weather bureau of the United States Department of Agriculture.

The highest temperature for the month was registered on April 13-26 degrees, and the lowest on April 6-24 degrees. The greatest daily range was 33 degrees, on April 11, while the least daily range was 8 degrees, on April 30.

The mean atmospheric pressure for the month was 30 inches. The highest was 30.41 inches on the 4th, with the lowest on the 15th—29.27 inches.

The total precipitation for April was 1.73 inches. 4 inch of which was snowfall. The greatest precipitation in twenty-four hours was between April 13 and 19, when 1.13 inches were recorded.

The prevailing direction of the wind during April was northwest, the total movement being 4,811 miles. The average hourly velocity was 2.8 miles, with the maximum velocity for five minutes, 8.1 miles an hour, being recorded on April 21.

During April there were six clear days, twelve days partly cloudy, twelve cloudy days and eleven days on which .01 inch or more of precipitation occurred.

PAT JOHNSON MOVES FROM OMAHA TO CEDAR RAPIDS

Pat Johnson is to leave Omaha. Everyone knows Pat Johnson, he has been a department manager at Hayden Bros. for so long. Pat is to continue the same line of business, but at Cedar Rapids. He is to become a department manager and one of the owners of the largest store in that town. Pat is the modest. His friends at Hayden Bros. wanted to fix up a little banquet for him before he leaves, but the plan did not suit the ideas of Pat Johnson. He thought it better to get the words into the sunlight. But his friends all wished him well in his new venture, nevertheless.

DR. GREEN TO LECTURE IN OMAHA ON NEW THOUGHT

Dr. Percy Joseph Green, International lecturer and organizer for the New Thought Alliance, will visit Omaha for a period of about ten days, starting May 2. He will give three lectures at the Lyric building. The subjects will be "Mental Surgery" and "How to Character Your Ability Into Cash" and "Every Man a King When He Knows Himself." Dr. Green is a former orthodox minister who founded the New Thought Temple of Youth at Portland, Ore. He was in Omaha in December, 1915, and made a similar series of lectures.

AMES AVENUE MAY BE PAVED THIS SEASON

AMES AVENUE, THIRTY-SIXTH STREET TO 40TH STREET, has been placed on the list of streets to be paved this season. The city council will take up the matter at its next meeting, and it is believed that this improvement will be completed this season.

METHODISTS GAIN IN MEMBERSHIP

Increase Has Been Nearly 400,000 Each Quadrennium for More Than Fifty Years.

BISHOPS DECLARE FOR RE-UNION

SARATOGA SPRINGS, N. Y., May 2.—The membership of the Methodist Episcopal denomination has increased between 300,000 and 400,000 every four years for more than half a century, according to the Episcopal address of the board of bishops, read at today's session of the Methodist general conference by Bishop John W. Hamilton of Boston.

The Episcopal address, which is the formal utterance of the bishops of the church, reviewed the work of the denomination since the Minneapolis conference of 1912 and made recommendations concerning future labors. It emphasizes the responsibility and opportunity resulting from the European war, saying: "The occasion requires the keenest discernment and most tolerant appreciation of the opinions and feelings in the several belligerent nations."

The plan adopted four years ago of trying out the residential supervision on the part of the bishops, whereby each bishop had charge of the annual conference contiguous to his Episcopal residence, has been satisfactory to the bishops, but they feel that it is undesirable to group several such Episcopal areas. "It tends," the address sets forth, "to limit the experience and knowledge of the bishops to restricted sections."

Bishops Favor Union.

The proposal to reunite the Methodist Episcopal church and the Methodist Episcopal church south, which divided about seventy years ago over the question of slavery, is approved in the address. The attitude of the bishops on this question follows: "Without presuming to pronounce upon the terms of union, we declare ourselves earnestly in favor of the organic union of the Methodist Episcopal church and the Methodist Episcopal church south and of such other bodies as may share our common faith and experience."

"Child labor, the growth of Mormonism, the repeal of Sabbath observance laws in several localities and the liquor traffic were denounced in the address."

SAMSON GIVES OUT HIS PARADE DATES

Two Daylight Affairs This Year With the Addition of Big Masquerade Ball.

USUAL ELECTRICAL PARADE

Tuesday, October 3—Daylight parade.

Wednesday, October 4—Electrical pageant.

Thursday, October 5—Second daylight parade.

Friday Night, October 6—Coronation ball.

Saturday Night, October 7—Grand masquerade ball.

Above are the dates as fixed at Monday evening's meeting of the Ak-Sar-Ben governors for the various events of Samson's week of festivities next fall. Two daylight parades are scheduled. One of these is to be the big historical parade in which all the various groups of pioneers, Indians, soldiers and trappers for the last 80 years are to be reproduced in groups and floats. The other is not yet definitely arranged.

Masquerade Ball.

The Saturday night masquerade ball is a new feature. Never before has this been given. Samson has decided to throw the doors open to the public for a small charge the night following the coronation, and let the masked revelers dance to their heart's content.

The governors have mapped out a program of entertainment for themselves for the early part of June. June 6 they are to attend the Lincoln pageant in a body. Coming back on the train that evening they leap immediately upon a Chicago train and go in a body to attend the republican national convention at that place, June 7.

"We've never seen a convention in action," said one, "and we want to see the show."

A rehearsal of singers was held at the den Monday night.

There are 125 members of Ak-Sar-Ben to date. Forty came in Monday.

DETECTIVE RESIGNS TO ESTABLISH PRIVATE AGENCY

The resignation of Detective Frank Williams has been accepted by the city council. Mr. Williams, who will establish a private detective agency in this city, was last spoken of by Superintendent Kugel.

Cuticura Kills Dandruff

Boys and girls have been known to redouble their efforts when a reward of ice cream was held out to them. The Harding Ice Cream company will use its product as the means by which dandelions of the city will be exterminated. A treat will be given to the winning room of each public school in a city-wide dandelion pulling campaign. In the cases of large schools ice cream will be given to the first and second winning rooms.

The Cause of Falling Hair

Treatment: Touch spots of dandruff and itching with Cuticura Ointment. Then shampoo with Cuticura Soap.

Sample Each Free by Mail With 32-p. Skin Book. Address postcard to "Cuticura, Dept. 22G, Boston." Sold throughout the world.

One Way to Cultivate Smiles That Captivate

"Alas for the pretty girl who, when she opens her mouth in a smile, gives a view of teeth more displeasing than the ruins of the Parthenon! Instantly she repels instead of attracting, and she has only the consolation she is in no danger of being kissed," remarked the president of the National Mouth Hygiene Association.

What a pity women generally are not more familiar with this feature of beauty culture. Consider that more than a hundred varieties of micro-organisms are found in the mouth! Is it any wonder so many have ugly teeth and gums, unsightly fillings, crowns and artificial teeth? Gums not only cause tooth decay, but a serious gum affection. Gums become spongy, swollen, sore, inflamed, and just eat into the teeth roots. Gradually the gums recede, showing the necks of the teeth, teeth become loose—drop out! Get it so easy to avoid all this. So simple a thing as refined Avastol, which druggists carry in convenient tubes, effectively destroys the germs which cause such conditions. Not only that it completely removes even the most obstinate discoloration, keeping the teeth beautifully white and sparkling. Avastol can be used like tooth paste and regular brushing with it brings surprising results.—Advertisement.

Captor of King of "Two-Gun" Men Dies

Ira Burnham died yesterday, after a short illness at his home in the Ivy apartments, Sixteenth and Spruce streets, at the age of 51 years. In the early days he was known as Sheriff Burnham of Keya Paha county, and particularly as the captor of "Doc" Middleton, desperado, outlaw and king of the two-gun men.

Burnham is survived by his widow and two daughters, Mrs. T. J. Carroll of this city, and Mrs. W. H. Wallis of Doran. The body will be taken from the Bradley & Dorrance chapel the latter part of the week to Stanton for interment.

While living in Omaha Burnham was general state agent for Ketch Bros or Kaoh, Ia.
