

Stecher Matched to Meet Lewis in Omaha on July 4

Joe Stecher and Straughter Lewis will tangle in the wrestling ring in Omaha on July 4.

Articles for this match have just been consummated by Gene Melady.

The bout will be staged at the Douglas County fair grounds and Melady is now working on plans for a pavilion which will accommodate 25,000 persons.

This will be Stecher's first appearance in Omaha since his bout with Charley Cutler last July 4.

Stecher and Lewis met once before. It was at Evansville, Ind., and, according to reports, was a foot race, with Lewis leading the sprints and Stecher in hot pursuit. Lewis has since the match become firm in his belief that he can beat

Stecher. Joe has been working for another crack at the Strangler and says this time Lewis won't be able to escape him.

Melady declares the articles he has prepared and which have been signed by both parties, are sufficiently strong and binding to prevent any feints or unsatisfactory finishes and that the Stecher-Lewis match in Omaha will not be any two-hour-and-a-half event with neither man scoring a fall.

AUTO TOURISTS REPORT GOOD ROADS TO THE EAST

Touring cross-country from Pittsburgh, Penn., to points on the Pacific coast, Mrs. H. C. Albright and party passed through Omaha. Highways through the east were reported to be in good condition. Another tourist enroute to the west who registered at the downtown headquarters of the Omaha Automobile club in the Hotel Fontenelle was H. E. Rawlinson of Chicago.

Farmer Burns Finally Bumps Against Unruly Opponents Can't Put To Mat

"Put a hammer lock on 'im, Farmer!" "Use the toe hold!" "Atta boy, Farmer, old kid! Turn 'im over now!" "Yow-ee! Spin 'im! Hooray for Farmer Burns!"

In Farmer Burns, retired world's champion wrestler, back in the tussling game again?

He is. If you'd have seen him yesterday you'd have thought so.

No, "Farmer" is not going to wrestle Gotch or Stecher. He's grooming himself, though, for two well known opponents who lately have been piquing his pride. Steven Durcea is one, and a certain party called Flivver, is the other.

Farmer has acquired two machines—

one by purchase and the other by anticipated acquisition of a son-in-law. He's learning to operate both cars. He got behind the flivver in his first bout and slipped a bar-arm on the latter's steering apparatus. The next thing Farmer knew, he was passing the top of a telephone pole and still soaring. He lost the first fall in less than five minutes. "I'll try it again, catch-as-catch-can," Farmer defied, as he limped home. Then he tried out his big car. He ran it around a little while feeling it out. When he went to the mat in earnest, his adversary stepped on half a dozen nails and hurt his feet. The bout was called off until repairs could be made. Burns went underneath for an

inventory. A crowd gathered and recognized him instantly.

"Skip on the scissors!" "Toe hold! The toe hold!" Burns came out from beneath and looked around him. "Aw, you funny guys go to the devil!" he snorted, walking angrily away.

Good Scores Mark Weekly Shooting at Omaha Gun Grounds

Some excellent shooting marked the weekly program at the Omaha Gun club Sunday. Several marksmen turned in perfect scores in the various trophy races.

Henry McDonald and Clifford tied for the Brandeis trophy in Class A with scores of 24. The tie will be decided next Sunday.

In Class B, Hall, Beard and Lewis tied with 23, and Hall won in the shoot-off with a 24.

McDonald, Dixon and Clifford, with perfect scores of 25, and Roberts, Ellison and Reagon, who broke 23 rocks, which, with their handicaps of 2, made their total scores 23, tied for the Keeline

trophy. Dixon won in the shoot-off. Following are scores made in target shooting:

"Your Share of Prosperity Awaits You!"

"**RIALTO CITY**," at Ralston-Omaha, is an assured fact. Within six months no less than 500 persons, and in all probability, 5,000 persons, will be engaged in the manufacture and production of "Rialto"—"Made-in-Omaha" films. The cornerstone laying for this project with which you are already more or less familiar, will be celebrated next Saturday afternoon. Omaha will gain international prominence by reason of being the home of "RIALTO" films.

"**RIALTO CITY**" will cover a 160-acre tract, located in Ralston-Omaha. The manufacture and production of films will proceed day and night, winter and summer, rain or shine. Ralston-Omaha is the most ideal location in the United States for such an enterprise. "RIALTO CITY" will be the most important factor in the world's motion picture industry.

Plans for the Film City are drawn and ready for execution. Construction of studios, stages, buildings and other institutions necessary will go forward immediately.

No Stock Will Be Offered For Sale. The capital necessary is already provided for. The organization is all assembled, ready for the signal to set it in motion.

The Rialto Realty Company has several hundred lots in Ralston-Omaha not needed in the film enterprise, as the 160-acre tract will be amply large enough. The remainder of the holdings will be sold **THIS WEEK** at astonishingly low prices.

It is the Purpose of the Promulgators of this enterprise to give Ralston-Omaha an increased population within twelve months. We are going into this natural garden spot of Nebraska to make "RIALTO CITY" a success, financially, artistically and scientifically. In so doing, we make Ralston-Omaha a model community. We want none but progressive, constructive citizens, who do their part by developing their holdings to share our prosperity.

Mr. F. E. Schaefer, President,

The Rialto Company,

652-3-4-5-6 Brandeis Bldg.,

Omaha, Nebraska.

Dear Sirs:

The Rialto Company has asked

The State Bank of Omaha to serve as its Depository during the period of the construction of the film plant at Rialto City.

This bank will accept payments on lots in Rialto City, in trust, holding such deposits until a film plant is erected in Rialto City and has made and completed at least one picture, said film plant to represent a value of at least \$50,000.00 according to the written opinion of at least two Omaha architects. Should said plant not be completed and a picture made on or before January 1st, 1917, said deposits will be repaid to purchasers upon proper re-transfer of lot or lots so purchased.

This bank, in so acting,

assumes no responsibility of any kind or character other than as said Depository, as herein recited.

Very truly yours,

THE STATE BANK OF OMAHA

It Is Our Intention to secure for Ralston-Omaha efficient transportation facilities, public service improvements and municipal developments far in advance of any other business or residential district in the United States.

The Property We Offer you will increase in value many-fold by the time your own home is built. We will sell no more than three lots to one individual, and all building operations will be subject to inspection by our civic development experts.

The Money You Pay for the deed and clear title to the property you select, you pay to the State Bank of Omaha, who will hold it until we construct our motion picture studio. If our studio and film plant is not in operation on or before January 1, 1917, your money will be refunded, dollar for dollar.

Our Purpose in Buying more land than was needed for actual "RIALTO CITY" was to control and properly guide into permanent channels the rush of prosperity which always follows big business. We want no speculators to have a share in the fruits of our efforts. We want a community of home-loving, progressive business people. Maps, plats and all other necessary information is available now at our offices.

The First Step in Actual Building operations will begin with the corner-stone laying exercises next Saturday afternoon. We have arranged for a program appropriate with the magnitude and importance of the project, and you are invited. You will be certain to have a pleasant time.

All Roads and Highways to Ralston-Omaha are now being put into good shape for the coming of "RIALTO CITY." We have made special arrangements for transportation facilities to accommodate the host of friends and well-wishers who will be with us on this memorable occasion.

THE RIALTO COMPANY

S. E. SCHAEFER, President
