

ITCHING BLISTERS ON BOY'S HEAD

Got Worse, Affected Ears, Neck and Face, Scratched Day and Night, Terribly Disfigured.

HEALED BY CUTICURA SOAP AND OINTMENT

"When four months old my boy suffered with blisters and a kind of scaly skin on his head. I got some salve and he didn't seem to improve but got worse and his ears, neck, and face were affected. He scratched day and night the itching was so intense, and we had to keep his hands pinned the whole time. The skin was sore and inflamed, and he didn't have a hair on his head. It was just a case of sore eruptions, and his face was terribly disfigured. "He got so bad we had to keep a mask on his face. The trouble lasted for months, when a lady told my husband about Cuticura Soap and Ointment, and we got them. The third day I noticed a big improvement and in two weeks my boy was healed." (Signed) Mrs. H. A. Thiele, 545 5th St., Milwaukee, Wis., Oct. 25, 1915.

Sample Each Free by Mail
With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Sure Way to Get Rid of Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and itching of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

Heals Skin Diseases

It is unnecessary for you to suffer with eczema, ringworm, rashes and similar skin troubles. A little Zeno, gotten at any drug store for 25c or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases. Zeno is a wonderful disappearing liquid and does not smart the most delicate skin. It is not greasy, is easily applied and rinses little. Get it today and save all further distress. Zeno, Cleveland.

Gray Hair Restored to its Natural Color

In a few applications to its original dark, glossy shade, no matter how long it has been gray or faded, and dandruff removed by

Hays Hair Health

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard.

But the old-fashioned mustard plaster burned and blistered while it acted. You can now get the relief and help that mustard plasters gave, without the plaster and without the blister.

MUSTEROLE does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage MUSTEROLE in with the finer-tips gently. See how quickly it brings relief—how speedily the pain disappears.

And there is nothing like MUSTEROLE for Sore Throat, Bronchitis, Tonsillitis, Croup, Ruff Neck, Asthma, Neuritis, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's in 25c and 50c tins, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

Bemis Park Club Will Have Lights

The Bemis Park District improvement club wants what it wants when it wants it and, as a rule, it gets what it wants when it wants it. The club just now is after an ornamental lighting system for an area to cover approximately the territory between Thirty-third and Thirty-ninth streets, from Cumma to Hamilton streets. This proposition received hearty endorsement at a meeting of the club last evening in the Franklin school building.

H. A. Thompson, J. W. Parish, G. F. West, E. L. Potter and Arthur Wells are members of a special committee which will arrange for plans and estimates for the lighting system. The city engineering department already has started on the tentative plan.

J. H. Rushton was re-elected president, J. W. Parish was elected vice president and M. E. Larson will continue to serve another year as secretary-treasurer.

R. H. Howell, general manager of the municipal water plant, gave a talk on the processes of pumpage and filtration. He outlined the improvements being made at the Walnut Hill reservoir, which will be parked. Electrical centrifugal pumps will be installed for use in reinforcing or taking the place of the Poppleton avenue pumps.

Western Passenger Association is Upon Very Thinnest Ice

(From a Staff Correspondent.)
WASHINGTON, May 10.—(Special Telegram.)—The petition filed yesterday by E. J. McVann, manager of the traffic bureau of the Omaha Commercial club with the Interstate Commerce commission, asking a suspension of passenger fares applying from Omaha, Kansas City and St. Joseph to practically every destination in the east beyond the Mississippi, and involving the tariffs of the Chicago, Burlington & Quincy; Chicago Great Western, Chicago, Milwaukee & St. Paul; Chicago, Rock Island & Pacific and the Wabash railways, is probably doomed.

The petition for suspension, if granted, would affect every passenger fare from the Missouri river to the whole of the United States and Canada, including rail rates and steamer rates.

Owing to the fact that the tariffs in question become effective May 15 and cease to be effective September 30, if they were suspended, their entire usefulness would be destroyed. In view of this fact and of the enormous expense and labor involved in preparing the tariffs, it seems a good guess that the commission will deny the suspension asked.

There is, however, another side to this question in that a clear case of discrimination has presumably been made and the commission has acted favorably in like cases in the past on similar petitions.

Much comment was made today as to that portion of the Omaha petition relative to the violation of the Sherman law by the Western Passenger association. Whether this association has or has not violated the anti-trust law, there exists a conviction, that it is skating on thin ice, and unless some relief is accorded Omaha specific charges may be filed.

RALSTON CITIZENS MEET TO PLAN THEIR HOLIDAY

Citizens of Ralston, who are interested in the perfection of plans to make their town a more attractive place, held a meeting last night at Skinner's hall in Ralston, in honor of the celebration near St. Joseph.

Speeches were made by Judge J. W. Woodruff, John Hynes, J. R. White, John C. Lamb and Harry A. G. Wright. All were enthusiastic over the proposed resolutions were adopted in general, with the program of giving a half holiday Saturday when it is expected that several thousand visitors will be entertained.

M. E. Sauer, president of the Ralston company, explained the purpose of the corporation with respect to Ralston.

ANGRY BECAUSE POLICE CAN'T FURNISH DIVORCE

Charles Miller, 22 North Twenty-third street, last evening upon coming home from his work found his wife had been drinking and immediately made his way to the police station, where he demanded that he be divorced from her upon stating that when he married he believed that she was of good character.

The police finally succeeded in making the man understand that a divorce was not to be had at that place, whereupon the man then advised his wife arrested upon the charge of drunkenness.

DEAN SUNDERLAND WINS REDMOND PRIZE FOR ESSAY

Dean Sunderland was yesterday awarded the \$10 prize for the best essay on the origin of the names of the counties, towns and towns of Nebraska. The contest was open to all students of the Central high school. J. F. Redmond of the Burgess-Nash store was the donor of the prize. The subject of the winning essay was the origin of the name of the county of York's bluff.

An Irresistible Invitation

HOSTS AT VERDUN DEADLOCKED AGAIN

French and German Forces Fighting to Northwest of Fortress Unable to Make Headway.

INVASERS CAN'T ADVANCE

The French and German forces fighting to the Northwest of Verdun apparently, for the moment at least, are deadlocked, the Germans being unable to advance farther, and French attempts to expel the invaders from captured positions being unavailing. To the east and northeast of Verdun, where, respectively, violent infantry attacks and bombardments have characterized the recent fighting, only intermittent cannonading is now going on.

Russ Are Shelled.

The shelling by the Germans of the Russians at the Izkoll bridgehead on the eastern battle line, which has been in progress for many days, still continues. There has been artillery activity on various other sectors of the Russian front, but no infantry maneuvers of importance have been reported.

The Russians in Armenia, however, have put down with heavy casualties a stubborn Turkish attack, and southeastward, in the region of Hush, driven the Ottoman forces from their defenses in a mountain chain. In addition the Russians operating to the westward from the Persian frontier toward Bagdad, have dislodged the Turks from fortified positions and driven them farther westward.

The Gortzia bridgehead and the region around San Martino in the Austro-Italian theater have been heavily bombarded. At San Martino, Vienna asserts that the Italians suffered heavy losses through the explosion of an Austrian mine. Bombardments have featured the fighting on the other sectors of this front.

Dispatches received in Paris from Saloniki are to the effect that there has been vigorous artillery activity on the Macedonian front. Semi-official advices from Berlin say that the Turks are rapidly constructing a railroad through the desert, preparatory to another advance on Egypt.

CHARLES R. BAXTER FATALLY HURT UNDER CAR WHEELS

Missing his footing and ground beneath the wheels of a moving freight, which he attempted to board, Charles R. Baxter, 441 North Twenty-fifth avenue, a steamfitter, was fatally injured in the railroad yards in St. Louis, dying shortly afterward in a hospital, according to dispatches received in Omaha.

Baxter was planning on going to Chicago in search of employment. A report that his mother, Mrs. Maria Baxter of Omaha, and Walter, swell of the local steamfitters' union, he notified, was made before he died. The body will probably be brought here for the funeral service and interment.

Baxter, who was 47 years old, is survived by his mother and two brothers, William of Omaha and Thomas of Detroit. His father, who was a steam pipe engineer at the postoffice, died eight years ago.

HOSTETTER'S Stomach Bitters

AT THE FIRST SIGN OF TROUBLE

AFFAIRS AT SOUTH OMAHA

John Sandusky, Steam Fitter, Who Was Burned by Steam at Swift Plant, is Dead.

TON OF ICE STOLEN FROM CAR

Following fatal burns sustained in the explosion of a steam pipe in the engine room of the local Swift & Co. plant April 2, John Sandusky, 30-year-old married steamfitter at the plant, died yesterday afternoon at the South Side hospital where he was removed immediately after the explosion. Four other men were caught within the fatal cloud of steam that issued from a pipe. All were steamfitters. Two of them are now receiving attention at the hospital.

An inquest will be held Thursday morning at 10 o'clock conducted by Coroner Willie Crasby. The funeral will be held the same day from the Hoffman undertaking chapel in the North Side.

One ton natural ice—stolen from a heavy sub-tracked in the vicinity of Twenty-seventh and N streets, some time yesterday between 10 and 11 o'clock. This is the summary of a report that is on the captain's desk at the South Side station.

Three Costs Thirty Dollars.

To get drunk and attempt a sleep with two companions on a vacant lot in some part of the city cost A. E. Rochien, St. Louis, transient, \$30 and his union card testifying his membership to the national organization of iron workers yesterday.

Rochien told the local police of the "touch" as he called it and added that he didn't think much of South Side friends.

All former records in sheep and lamb prices at the South Omaha market were shattered when Klink & Belmont's Geving marketed 23 ewes, weighing an average of 50 pounds, and which brought the highest price ever paid at the South Omaha market, the lot selling for \$32 per hundredweight. This is 25 cents per hundredweight higher than the former record price on ewes, which was established in May of 1915.

Magic City Gossip.

The Ladies Aid society of the Central Interdenominational church will meet at the church, Twenty-fifth and M streets Thursday afternoon at 2 o'clock.

J. R. Glynn, 442 South Seventeenth street, reports the loss of a gold watch stolen from his room last evening at 5:30 o'clock.

Preparations are under way for the repair of the South Side jail. Yesterday morning the iron window taken from the wall by Jim Jones and Benji Thomas, two prisoners who escaped jail Sunday, was found hidden in the corner of the jail pen. The south wall will be reconstructed with reinforced concrete.
