Heavy Receipts and Brisk Demand Keeps Wheat Prices Steady and Unchanged.

DEMAND FOR CORN IS BETTER

OMAHA, May 12, 1916. Wheat receipts were heavy ugain to-day and there was a good demand for this cereal. No, 2 and 3 hard winter wheat sold at practically unchanged prices, but the No. 4 grades, in some in-stances, sold about he under yesterday's prices.

HOGS—Receipts were fairly large for a Saturday, being almost as heavy as on any day this week. Arrivals counted out 112 cars, or about 5,000 head, bringing the week's total up to 48,198 head. This is 10,000 smaller than last week and a falling off or 18,000 as compared with two weeks ago, but larger than for the same days last year by 3,000 head.

As has been the case right along for the last couple of weeks shippers were not any too plentifully supplied with orders, and despite the fact that some other markets were reported as opening higher, succeeded in buying what hogs they wanted at figures that were little if any better than yesterday's general market.

HINDERS. Exceeding for the week have great the interaction and publishes. Another was paid for the bring to the week have planting the proof demands and prime time. MEXICAN ISSUES ARE FIRM

NEW YORK, May 12.—Preparedness seemed to sound the keynote of today's short but active assion, stocks of companies which are likely to benefit by national orgency measures being the strongest features.

Included among these were the motors, Studebaker being the most active lesus, with an extreme advance of seven points to 14, with nine for General Motors at 460, and ten for Willys Overland at 170 Crucible Nices, Baldwin Locomotives and other Industrial and equipment shares coming within the scope of war contract issues were higher by one to three points. Overnight developments were helpful to the Mexican group, those issues displaying marked firmness. Short covering in various other specialties served to raise the general level of prices materially above the corresponding period of the previous week.

Rails were variable for a time, but came forward later. Reading recording a new high record on its two-point advance to 80%. New Haven and "lig Four" were in further demand and shares of the cotton roads were favorably affected by earnings of the Southern Railway system. Low-priced rails, including Rock Island, Missouri Paelfic and Wabash denoted continued absorption.

Western Union was strongest of the

they wanted at figures that were little if any better than yesterday's general market.

Packers also made early purchases at about stendy figures, but one buyer held out for lower prices, and aided by a rather indifferent request all around he succeeded in weakenings the market long before the close, a good many of the later sales being as much as 5c lower.

As compared with the close of last week, prices show an upturn of about for Receipts have been moderate, and sollers thought themselves entitled to more of an advance than has been shown. Up until the last day or so, local values have been comparatively high with Chicago, and noturally enough shipping orders have been hard to get. This left the market presty much in the packers hands and they took advantage of it to hold values down as much as possible. Weak closes were an everythay occurrence and on most days there was a small holdover from the day before.

## Must Lose His Head Resolution A Desire

The difference between owning a Home and being homeless may be merely the difference between a Resolution and a Desire.

A Resolution is a desire written out and nailed up on the front door; mere Desires may be found in the garbage can at the back door.

In the moral order of the Universe a Resolution takes precedence of all other business. When you resolve on a Home you set aside the portion dedicated to the Home before beginning to spend for other purposes.

Next to the enjoyment of a Home is the enjoyment of saving money to buy one.

Read a few of the splendid bargains in homes in The Bee Classified Ads today and your resolve to buy will be a certainty.
