#### BRISTOL GOES TO TENNESSEE

Saratoga Springs, N. Y., May 24.—The twenty-five bishops of the Methodist Episcopal church were assigned to their new episcopal residences at a meeting of the episcopal convention tonight.

Though the assignments will not be announced to the conference until later in the week, it was learned that a large number of changes have been made to be effective at the end of the conference after being ratified by the delegates.

The seven bishops who were elected last week received these assignments:

Thomas Nicholson, who has been secretary of church board of education, to Chicago; Adna W. Leonard of Seattle, to San Francisco; Matt S. Hughes of Pasadena, Cal., to Portland, Ore.; Franklin Hamilton of Washington, D. C., to Pittsburgh; Charles B. Mitchell of Chicago, to St. Paul; William F. D. in the same year at Upper Iowa university.

In 1885 Bishop Stuntz was married at Bloomington, Ill., to Miss Estelle Clark. He has been in the Methodist church ministry since 1884. He was a missionary to India from 1886 to 1895 and was made superintendent of the Methodist missions in the Philippine islands in 1901.

streets, and the commercial club is spending \$30,000 this year for public improvements.

Seward has 135 active members in a town of 3,000 population. The annual budget is \$4,000. The town has four miles of paving and a municipal water and light plant. The club has donated \$6,000 for a Young Men's Christian Association building.

The club at Superior, a town of 3,000 population, has 200 members. This club is but a year old. The representatives claim that it has done more for good roads in one year than has been done there in the twenty-five years previous.

O. H. Thoele, president, and W. D. Fisher, secretary of the North Platte Commercial club, reported 320 members in a town of 6,000 population. The budget is \$6,000. They have a ladies' rest room and a farmers' exchange in connection with the office. The club has just secured seventy-five acres of ground for a city park.

Attorney General Willis E. Reed in his talk to the delegates of the

Nebraska Association of Commercial clubs in Omaha Wednesday noon, made a plea for co-operation between the eastern and western part of the state in the matter of developing irrigation projects in the west. He held that this is as much to the interest of the eastern part of Nebraska as to the western.

In the first place he pointed out the danger of delaying in getting the water rights until the states adjoining on the west had obtained them; and in the second place he pointed out that water power development, in which eastern Nebraska is interested as much as western Nebraska, is not possible unless the water rights are obtained before others get them.

Representatives of the Lincoln Commercial club claim 1,662 members, of which 142 are life members at \$250 each. The city has a population of 65,000. The slogan is "A New Skyline Every Morning."

## Cut Out Smoke and Cut Heating Costs

Come to the Council Chamber, Thursday Evening, May 25th, and Learn How to Do It. No admission. Meeting Open to Every One.

It is just as good sense to shovel money into the alley as to send smoke up the stack. Smoke is due *entirely* to incomplete combustion. It is fuel wasted. Just as soon as you burn your coal *completely* you *cut out smoke* and *reduce your coal bill*.

At the Omaha Council Chamber, on Thursday evening, May 25th, at 8 o'clock, the Combustion Specialist of the Kewanee Boiler Company will show you how a Kewanee Smokeless Boiler burns *any* soft coal smokelessly and reduces heating costs.

This will be illustrated with stereopticon slides.

If you are interested in having Omaha a smokeless city; if you are interested in learning how you can cut your heating costs—don't miss this meeting.
