STOLEN CAR RESULTS IN NEW MEMBER FOR THE AUTO CLUB

B. F. Marti lost his automobile and the Omaha Automobile club gained a new member. When Mr. Marti discovered that his car had been stolen from where he had left it parked at Fleetwood avenue and Harney street he telephoned the automobile club, asking the organization to co-operate in helping recover the machine. S. E. Smyth told him that the club was busy enough trying to recover members' cars without giving attention to those owned by nonmembers. Mr. Marti immediately signed an application for membership. Now hundreds of reward circulars are on their way to the police authorities in the towns and cities of this section of the country.
