LEADERS DIFFER ON LINCOLN STRIKE

Executive of Building Trades Accused by Head of Labor Union of Being Lukewarm.

PROSPECT PARTIAL ARGUMENT

(From a Staff Correspondent.)

Lincoln, Neb., May 27.—(Special Telegram.)—The strike situation in Lincoln will probably be settled one way or the other before morning, but at 6 o'clock this evening there appeared to be little chance that an agreement would be reached unless the contractors on the big buildings soften up a little.

At a secret meeting of the labor leaders this afternoon it was said that an effort would be made to allow the men to go to work at any job where the union scale was paid. If this is done it simply means that the unions will accept the offer of W. E. Sharpe and the Terminal building owners to make up the difference between the contract price and the wage demanded of five cents per hour.

There is considerable feeling between C. R. Oyster of the labor union and R. W. Williams, representing the building trades, the former charging Williams with being lukewarm. Williams has urged arbitration and a go-slow action in the strike on the part of the strikers while Oyster has been more on the firebrand order.

Warren Frame Legislation.—A committee from the Farmers' Union has been in session here all day today for the purpose of framing up legislation to be proposed at the next session of the legislature. Among the most important laws the committee is interested in are those for a better system of rural education and extension of the work of the union.

The committee was addressed by State Superintendent Thomas this morning on educational matters relating to high schools and other rural school matters.

ROAD OPEN FORTY-EIGHT YEARS HAS BEEN CLOSED

Residents in the vicinity of Fifty-third and Pacific streets have complained to the public improvements department because a time-honored roadway has been closed, closing their property from communication with the outside world.

The city will make some provision to provide these property owners with roadway facilities.

King Ak's Button On Welcome Arch

Ak-Sar-Ben's 1916 button now adorns the welcome arch at the city hall.

That's a funny place for the city to wear its button, and, by the way, this is the first time the city ever officially wore Samson's button.

The button on the welcome arch is a huge one. It is the biggest button ever seen in Omaha.

Yes, rather; it is about three feet across, but is a correct reproduction carrying out the color relations and all.

Across the welcome arch are the illuminated words, "Welcome." Also this huge button is lighted electrically at night and is making quite an attractive showing.

Jaybird Robs Mail Box. Assistant federal officers are wondering if they must begin a search for a Jaybird guilty of robbing the mail.

ELKS MAKE PLANS FOR BIG REUNION

Large Delegations Will Come Here From the Fifteen Subordinate Lodges.

MANY ENTERTAINING FEATURES

The fourth annual meeting and reunion of the Nebraska State association of Elks will be held in Omaha Monday, Tuesday and Wednesday, June 12, 13 and 14. A thoroughly systematic effort is being made by the Omaha lodge to secure as large delegations as possible from the fifteen subordinate lodges in the state. This is the first time that the reunion feature has been added to the annual meeting and to effectually carry out that idea a special effort is being made to secure the attendance of ladies of Elk families throughout Nebraska.

Advertising matter announcing the meeting has been sent out in large quantities to the several lodges and every possible point has been covered by continuous correspondence with the secretaries of the several lodges. Delegations from the Omaha lodge have during the past week visited Columbus, Nebraska City and Lincoln, boosting the coming state meeting, and this personal touch with the members in those cities will, it is believed, be productive of good results in the way of a largely increased attendance. Similar visits will be made to other lodges between now and the date of the state meeting.

Festivities at Den. The program for the state meeting and reunion will open with the second 1916 Ak-Sar-Ben initiation at the den

CLLOUDS CLEARING FOR MRS. MONAHAN

Young Wife Left 'Grey Home in West' After Trivial Spat with Husband.

GETS INTO TROUBLE IN OMAHA

A trivial newlywed quarrel that broke up a previously happy home and resulted in the young wife being brought into district court before Judge Sears on a felony charge, to which she pleaded guilty, has been bridged by Police Matron Ellen Gibbons and County Attorney Magney, and prospects are now bright for a clear track to happiness for the young couple.

Mrs. Jennie Monahan eight months ago married an industrious young Montana farmer who had taken up a claim. They lived in happiness until the husband decided to ask his mother to come and live with them. The girl objected.

"He said, 'well, we'll just cut the cards right here' and we both stood pat," the girl told Judge Sears in court.

He stayed on the farm and she went to Alliance, Neb., to visit a chum. After three weeks there, she came to Omaha without funds. So she wrote a check for \$34, and signed the name of a local real estate man whose name she saw in a newspaper. She tried to pass the check at the Naken store and was caught.

Matron Gibbons heard her story at the police station and was touched by the girl's plight. When the case came up for trial, she asked Judge Sears to parole the girl to her care, which was done. Mrs. Monahan was

While he was away his wife used the weapon on herself.

RHEUMATISM. One of the many patients in Omaha who is not skeptical of the serum treatment for Rheumatism. To whom it may concern:— This is to certify that after consulting Dr. W. W. Bowser I was convinced that his treatment for Rheumatism was safe and would give results. I took the treatment and never suffered the least inconvenience. From my experience I know there is no danger to the treatment and I know it will give results, because it has not only relieved my pain, but it has cleared up my complexion. I feel stronger and better than for a long time before the doctor treated me. For six months I could not see my own eyes when I looked in the mirror, but now I can look into the mirror without my glasses and see the eyes plainly. Dr. Bowser is very considerate of his patients and a child could have taken the treatment as easily as I did. I thank God, Dr. Bowser and his skill in treating this dread disease. I sincerely urge all who are suffering from Rheumatism to go to the doctor, and I pray that God may bless him in his noble work. (Signed) REV. G. H. SCHOEMPERLEN, 306 South 26th St. DR. W. W.
