

ROOSEVELT TAKES ISSUE WITH WILSON

Ex-President Says Military Service Cannot be Voluntary and at Same Time Universal.

APPEALS TO ALL TO PREPARE

St. Louis, May 31.—Colonel Theodore Roosevelt arrived here today from Kansas City and his program called for three speeches, several luncheons and a conference with political friends, all before sunset. At 5 o'clock this afternoon he will depart for New York.

A citizens' committee met the former president at the Union station and escorted him to the Planters hotel, where breakfast and an address to several hundred admirers were scheduled. The principal speeches were before the Business Men's league and the City Club.

Speaking before a crowded room at the breakfast former President Roosevelt took issue with President Wilson's views on preparedness. He took issue with President Wilson's expressions in his Memorial day address. "The president says he is for universal voluntary service," said Colonel Roosevelt. "That is equivalent to a truant law that would make every boy and girl attend school provided they did not wish to stay away."

Voluntary is Weasel Word.
"I like the word 'universal,' but 'voluntary' is a weasel word. It follows the life of the other. The one following the other means nothing."

"Mr. Wilson said the acid test was about to be applied to the business men of the nation to see if they will allow their employees to volunteer for training. I am against that. It cannot be patriotism that asks one man to have others prepare to do his fighting."

"Divided patriotism is as impossible as hyphenated citizens. I appeal to you to prepare yourself. Get out of the rut of the copperhead pacifist."

Mr. Roosevelt referred to Mr. Bryan and Mr. Ford as nice, amiable men. "I like them in private life," he said.

"I wish to correct the statement, I mean the misstatement, that this preparedness movement has been investigated by ammunition manufacturers. That is false. I challenge any human being to prove that there is any connection. The men most concerned are patriots and Americans, not money seekers."

"We have had a great deal of rhetoric. But the American people ought to be more careful about words. We should remember it is our duty to use no word unless we mean it."

Opposes All Alliances.
"I am not an English-American. I should be just as unalterably opposed to an English-American alliance as I am against the German-American alliance. Whatever defense I may have for my attitude, you can't accuse me of party-feeling."

"There is no place here for the persons who want to make a polyglot boarding house out of our nation. When I was president I was a friend to every foreign nation. But when it became necessary to assert our rights I played no favorites."

"Labor councils generally have announced they will not take place in the preparedness parade June 3. I have seen shameful editorials upholding that attitude. But when I say universal service that is what I refer to. I do not expect to suck the life out of my words nor do I want anyone to consider that I shall join the pacifists in any wild mental joy rides. "Uncle Sam has just one friend—Uncle Sam."

ted that it was brought to Washington Monday by Manuel Mendez, an attaché of the Carranza foreign office.

The ambassador said he denied the existence of the note at that time, because he wished to ask his foreign office if anything has occurred to change its attitude during the time the note was en route to Washington. He received instructions last night that there had been no change and presented the note this morning. The note is signed by Foreign Minister Aguilar. Arrangements will be made later for its publication.

Gavira Goes to See Pershing.

El Paso, Tex., May 31.—General Gavira, constitutionalist commander of northern Chihuahua, left Juarez today for Casas Grandes, 120 miles south of the frontier, where he will confer with General J. J. Pershing, American expeditionary commander, with a view to obtaining closer co-operation between the two commands.

General Pershing was expected to arrive in Casas Grandes today by automobile from his field base near Namiquipa and the conference were to be started tomorrow. Before his departure the constitutionalist commander expressed a belief that the conference would not be of long duration.

General Gavira left aboard a special train on the Mexican Northwestern railway and was accompanied by his staff and an escort of about sixty men. A machine gun was mounted on one of the box cars of the train. Only a small crowd of Mexicans gathered to watch the train depart, among them being General Francisco Gonzales, who will assume charge of General Gavira's post in his absence.

The impending conference is said by many to be the first real attempt to secure co-operation between the Carranza forces and the Americans since the troops crossed the border two and a half months ago. It is pointed out that this is the natural outcome of the recently held North Oregon conference, at which the Mexican minister of war verbally agreed to make every effort to eliminate bandits from northern Mexico. His first movement was to send large forces into Chihuahua and the next to appoint General Gavira, whose command previously covered the strip of Chihuahua to Pearson, to the military direction of the northern half of the state.

The troops sent by General Jacinto Trevino, commander-in-chief of northern Mexico, to General Gavira have been distributed at various

points along the line of the Mexican Central railroad. They will begin a general movement westward, closing up on Pershing's lines with a view to catching the scattered bandits in the net. It is the possibility of accidental clashes when the two lines come in contact that caused General Gavira to seek a conference with General Pershing, which has just been arranged.

tests involving the right of sixty-two delegates to sit in the convention. The committee will hold daily sessions and expects to conclude its work Saturday so that the temporary roll of delegates may be prepared by Secretary James B. Reynolds of the national committee.

Four years ago the seats of nearly half the delegates in the convention were in dispute at the national committee was obliged to sit for more than three weeks to decide the contests.

Comparatively little interest is manifest in the contests this time as a majority of them are in southern states and the result is not expected seriously to affect the chances of the presidential candidates.

Final plans for the convention were approved by the subcommittee of the committee on arrangements of the national committee which held its last meeting today.

The Program.

The subcommittee approved the following program for the first two days of the convention:

Wednesday, June 7. Convention called to order at 11 a. m. by Charles E. Hillis of New York, chairman of the republican national committee.

Prayer by Rev. John Timothy Stone of Chicago.

Call for convention read by James B. Reynolds of Massachusetts, secretary of the republican national committee.

Election of temporary chairman. Address of temporary chairman. Election of temporary officers.

Selection of committee of credentials, permanent organization rules and order of business and resolutions. Miscellaneous business.

Meeting of committees on credentials will be held in the national convention rooms Coliseum annex, following by adjournment of the first session.

Notice of meeting places of other committees will be announced later.

Called to Order.

Thursday, June 8. Convention called to order by temporary chairman.

Prayer by Right Rev. F. C. Kelley of Chicago.

Report of committee on credentials. After the convention has acted on the report of the committee on credentials, the report of the committee on permanent organization will be called.

Permanent organization of the convention.

Address by the permanent chairman.

Report of committee on rules and order of business, action upon which by the convention will determine the order of further proceedings of the convention.

Appointments Announced.

Sergeant-at-Arms William F. Stone of Baltimore announced the appointment of the following:

Chief assistant sergeant-at-arms, E. P. Thayer of Indiana; second assistant chief sergeant-at-arms, Guy V. Howard of Minnesota.

Principal sergeants-at-arms, E. J. Kelley of Iowa, John J. Lyons of New York, Harry Van Sleds of Kansas, John W. Smith of Michigan, A. W. White of North Carolina, John B. Flavell of New Jersey, Alvin H. Martin, Jr., of Virginia, Frank K. Bowles of New York, Charles A. Anderson of Oregon, Ben E. Chagn of New Hampshire and Hugh L. Martin of Missouri.

New York, Ohio, Illinois, Massachusetts, Indiana and Pennsylvania delegations again will occupy seats in the front rows nearest the platform.

George E. Sheldon, treasurer of the republican national committee and a delegate from New York, arrived today.

Chicago's Share.

Fred W. Upham, chairman of the local committee on arrangements for the convention, today received 2,800

WILSON ASKS CHAMP CLARK TO PRESIDE

Speaker Intimates He Does Not Want to Be Permanent Chairman of Demo Convention.

J. W. KERN IS SECOND CHOICE

Washington, May 31.—Plans for the democratic convention at St. Louis and the ensuing campaign were discussed by President Wilson today with Representative Doremus of Michigan, chairman of the democratic congressional committee; Norman Hapgood, organizer of the Wilson Nonpartisan league, and Senator Taggart of Indiana. Between now and convention time the president is expected to devote much attention to politics.

Selection of a permanent convention chairman was discussed. Speaker Champ Clark was the first choice of the president, but it now seems that Mr. Clark may not go to St. Louis. Senator James of Kentucky and Senator Kern of Indiana are among those suggested for the place in case the speaker finally declines.

While friends of Vice President Marshall believe there is no doubt that he will be renominated, they are not urging the president to take a stand on the question because there are other candidates, notably Governor Major of Missouri.

The plan of the convention managers is to have Alabama give way to New Jersey when the roll is called for the nomination of presidential candidates, so that John Wescott, who has been selected by President Wilson to nominate him, may immediately make his speech. A motion to close nominations then would be in order.

Postal Rates in Mexico Will Be Doubled June 1

El Paso, Tex., May 31.—Mexican postal rates are to be doubled June 1 and to be paid in the old currency, according to an announcement made here today by Andres C. Garcia, Mexican consul, upon receipt of advices from Mexico City. Supplementing this order, according to the announcement, is one providing that stamps shall be sold only for actual use, it being pointed out that numbers of persons have been speculating by buying large quantities of stamps and hoarding them pending the full retirement of the provisional paper.

Industrial and economic conditions have improved in Mexico, also was reported. It was said that railroad officials throughout Mexico have reported the practical completion of all repairs on main lines and predict an early restoration of normal traffic conditions.

Four hundred new schools, including industrial and domestic science laboratories, six public libraries, six gymnasiums and a conservatory of arts, have been established in the state of Guajalato in the last six months, according to reports received at the consulate from the civil governor.

NEW SUPER ZEPPELIN DOUBLE EARLIER SIZE

Zurich, Switzerland, May 30.—(Via Paris May 31.)—Reports have reached Zurich from Romanshorn, a Swiss town on Lake Constance, that a new super-Zeppelin, 750 feet long, has been seen when making trial flights over the lakes. The total capacity of the airship is 54,000 cubic meters, or about double that of Zeppelins of the earlier type.

The first co-operative store was opened just seventy years ago by a society formed by a handful of weavers in Lancashire, England. Today the same society has a membership of over 15,000 and an annual turnover of more than \$2,500,000.

tickets for the convention, which is the share allotted Chicago as the convention city. They will be distributed among those who subscribed to the fund of \$100,000 which was raised to bring the convention to this city.

The delegates, alternates, press tickets and those to be given the different states for distribution by the national committee will be delivered next Sunday and Monday by Secretary Reynolds.

Mrs. Antoinette Funk today opened headquarters for the American Woman Suffrage association to work for the insertion of a plank declaring for national woman suffrage in the republican platform.

"All we will ask is a simple declaration endorsing the proposition," explained Mrs. Funk.

It was reported that the campaign managers of four "favorite son" candidates met this afternoon to plan an offensive and defensive combination to combat the Roosevelt and Hughes sentiment, but the story was vigorously denied by representatives of all the candidates.

Chicago hotels gradually are filling up with delegates and visitors to the convention and the nobbies of the Michigan avenue hotels, where the candidates make their headquarters, are crowded with politicians and workers.

HUSBAND LOSES JOB AND WIFE WANTS A DIVORCE

Charging that her husband, Walter Cather, had an earning capacity of approximately \$200 a month up until January, 1910, but since that time has been unable to hold a position, Frances Cather is the plaintiff in a petition for a divorce filed with the clerk of the district court.

She charged nonsupport, and also asks for service on the defendant from without the state, stating that her husband is in Los Angeles at the present time.

Astonishing Power of Iron to Give Strength to Broken Down Nervous People

Physician Says Ordinary Nourished Iron Will Increase Strength of Delicate Folk 200 Per Cent in Two Weeks' Time in Many Instances.

New York, N. Y.—In a recent discourse Dr. E. Bauer, well known specialist who studied widely both in this country and Europe, said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue, and therefore nothing you eat does you any good, you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers as wide apart that the mill can't grind. As a result of this poisonous blood and nerve starvation, people become generally weak, nervous and all run down, and frequently develop all sorts of conditions. One is too thin, another is burdened with unhealthy fat, some are so weak they can hardly walk, some think they have dropsy, kidney or liver trouble; some can't sleep at night, others are sleep and tired all day; some fancy and irritable, some stout and stout, but all lack iron, strength and endurance. In such cases it is wiser than foolishness to take stimulating medicine or drastic drugs, which only whittle up your fading vital powers for the moment, thereby at the expense of your health, to make what you can get out of you, if you are not strong and well you are it is impossible to make the best of a bad job. See how long you can walk or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary sustenance iron pills per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were alling all the time, and even triple strength iron pills, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks. It is also a great nerve tonic, strengthening the brain and the best blood builder in the world. The only trouble was that the old forms of inorganic iron, like lithium of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated, and for these reasons they frequently did more harm than good. But with the discovery of the new form of organic iron all this has been overcome. Nourished Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial."

NOTE.—The manufacturers of Nourished Iron have such unbounded confidence in its potency that they will forfeit \$100.00 to any charitable institution if it cannot take any benefit from a woman under sixty who lacks iron and increases their strength 100 per cent or send to four weeks' time, provided they have no serious organic trouble. Also they will refund your money back at once while you are waiting for the result. At least double your strength in ten days' time. It is dependent on the quality of the iron and the quality of the blood and all other drug-getting—Advertisement.

Examination of Burns Postponed

New York, May 31.—The examination of Detective William J. Burns at the John Doe inquiry into the tapping of telephone wires in the office of Seymour & Seymour, munitions brokers, today was adjourned until tomorrow at the request of Burns' attorney.

Martin Egan of J. P. Morgan & Co. testified he had received photographs and copies of papers obtained by Burns from the Seymour offices, but said it would be inadvisable to make them public, as it would interfere with the interest of justice.
