NEW YORK STOCK MARKET

Goos to Irregular Levels Despite Uncertain Political Convention.

TRADING SHOWS ACTIVITY

New York, June 9.—In further disregard of political uncertainties and complications during the session today's market was lifted to irregular levels.

Trading was active during the first and last hours, but languid during the intermediate stage, when Wall Street's attention was diverted toward Chicago, where a meeting seemed to be shaping in the direction of a definite end.

The following table shows the receipts of cattle, hogs and sheep at the South Omaha live stock market for the year to date as compared with last year.

Cattle—Receipts, 4,000 head; market steady; bulk of sales, \$9.00@9.75; light, \$8.00@8.50.

Hogs—Receipts, 4,000 head; market steady; bulk of sales, \$10.00@10.50; light, \$9.00@9.50.

Sheep—Receipts, 4,000 head; market steady; bulk of sales, \$11.00@11.50; light, \$10.00@10.50.

STOCK MARKET

Higher prices for what hogs they needed, and in more than one instance giving as much as 10c higher.

Most other markets reported just steady prices early, and the advance given by shippers appeared unwarranted to quarter buyers, who started out with steady bids.

A few hogs sold this way, although the bulk of the market was looking strong to a shade higher, and a few sellers thought their was a nickel higher. Movement was active and a good clearance was made by 5:15.

Sales ranged from steady to a nickel higher, with a few shippers being as much as 50c higher, and average cost was a shade above yesterday's. Bulk of the sales was made at \$9.50@9.75, with a top of \$9.75, which is as high as anything has sold since Monday. The strength the last two days has taken prices back to Tuesday's level, but the trade is still a full 2c below the close of last week.

SHEEP—In addition to the six cars reported yesterday and two or three loads of drive-ins, so that total offerings were fairly large for the closing day of the week. Demand proved to be large and bulk of the fresh receipts, as well as the stuff carried from Thursday, was cleaned up in good season at prices that were steady to a point stronger. Best lambs here, weighing seventy-six pounds, sold to \$10.20, setting a new top for the week. Other light and heavy offerings were sold as \$10.10@10.15, with desirable weights lots around \$9.85@9.90, and fair to decent grades on down to \$9.25. No spring lambs of consequence were here, a small cackler of pretty good natives selling to \$11.00.

Old sheep were extremely scarce and were quoted nominally steady. One cackler of rather plain ewes, about all that was on offer in the mutton line, sold at \$6.50.

In spite of the fact that the trade has regained a little of Monday's drop on the close of the week, clipped lamb values are still 40c to 10c in most cases a good half dollar below Friday's prices. One cackler, which suffered the long end of Monday's decline, showed the most of the week's break, being in many cases as much as 75c under a week ago. Old ewes showed less decline than anything else Monday, and on the strength of the last two or three days have recovered nearly all they lost, so that they are closing very little lower than a week ago.

Quotations on sheep and lambs: Lamb, spring, \$10.00@11.25; lambs, fair to choice heavy, \$9.25@10.20; yearlings, fair to choice heavy, \$8.50@9.50; yearlings, fair to choice heavy, \$7.00@8.00; wethers, fair to choice, \$6.75@7.75; ewes, good to choice, \$6.00@7.00; 1 1/2 year olds, fair to good, \$5.00@5.50.

HORSES—Receipts of horses have been very fair this week, but there has been no very great activity in the trade, prices, if anything, being a trifle easier than a week ago. The market is strictly a war proposition, there being very little demand for anything except war horses. It might be well for shippers to bear in mind that French specifications call for horses 15 to 16-1 hands, but it is noticeable that no great number of horses under 15 hands in height are taken, although some do pass. The outlet is very small for anything not good.

CATTLE—Receipts were light, as usual on a Friday, only twenty-four cars reported in all. There was a good demand for choice heavy beefs, the best here selling at \$10.50, the same as yesterday's top and the highest price on record at this point. The market on good beefs is now 15c higher than last week, while the common to medium grades are that much lower.

Good dry lot cows and heifers are steady with yesterday and fully steady with a week ago. Common to medium grades have been 5c lower than last week. Good to choice steers and feeders are as high as any time, but the few desirable kinds have eased off and are 3c lower than last week.

Quotations on cattle: Good to choice heavy, \$10.25@10.50; fair to good beefs, \$9.00@9.25; common to fair beefs, \$8.25@8.50; good to choice heifers, \$8.50@8.75; good to choice cows, \$7.75@8.00; fair to good cows, \$7.00@7.25; common to fair cows, \$6.25@6.50; stock cows, \$5.75@6.00; stock calves, \$7.25@7.50; yearling calves, \$6.00@6.25.

HOGS—A very decent Friday hog run, amounting to 177 cars, or 1,300 head, was on hand. The total for the five days is 4,513 head, being more than 1,000 larger than last week, 4,500 heavier than two weeks ago and a gain of 1,500 head over the corresponding period a year ago.

Shipping orders were not extraordinarily large, but were apparently very urgent, and outside buyers were out early paying fully.

Chicago, June 9.—CATTLE—Receipts, 16,000 head; market steady; bulk of sales, \$9.00@9.75; light, \$8.00@8.50.

HOGS—Receipts, 16,000 head; market steady; bulk of sales, \$10.00@10.50; light, \$9.00@9.50.

SHEEP—Receipts, 16,000 head; market steady; bulk of sales, \$11.00@11.50; light, \$10.00@10.50.
