THRIFT.

There is a great deal of discussion just now about thrift. A systematic effort is being made to have people save more of their earnings. Many methods are suggested, such as making regular deposits in savings banks, taking stock in building and loan associations, and the purchase of real estate.

There is still another method which until of late has not been given much prominence. Reference is made to savings through life insurance. It is an absolutely safe way to provide for those dependent upon a breadwinner. The amount paid as premiums is small when compared with the amount received by the beneficiary. Savings through life insurance is a form of thrift and it is now so regarded by most people.

Governor Morehead and Lincoln Delegation Leave for St. Louis Convention.

STATE OFFICERS STAY HOME

(From a Staff Correspondent.)
Lincoln, June 12.—(Special.)—The state house will be a lonesome place the rest of the week, for many of the followers of democracy picked up their duds and hiked for St. Louis on the special train which left here at 4:30 over the Union Pacific.

Among the state house folks who were in the party were: Governor Morehead and his private secretary, E. P. Mumford; Max Kattelman and K. A. McKay of the secretary of state's office; John Mahoney of the auditor's office; State Treasurer George Hall; W. S. Ridgell, fire commissioner; Gust Rutenbeck, game warden; Food Commissioner C. E. Harman; Adjutant General Phil Hall and Labor Commissioner F. M. Coffey.

Others who went along were: Dr. Hall, Mayor Bryan, Dr. Carr and other influential democrats from out in the state, including Representative Trumble, Editor Marvin of the Beatrice Express, Postmaster McCann of Beatrice, Dan Cavanaugh of Fairbury and others.

Senator Crawford Kennedy also was in the party armed with plenty of harmony elixer, and it is said that Dr. Kennedy will endeavor to inoculate the crowd with plenty of the Hughes serum so that in case President Wilson, recognizing the hopelessness of the task he has before him, declines to run again the crowd will all turn republican before getting back to the home reservation.

All of the democratic state officers got cold feet this morning and decided not to go. This leaves Governor Morehead without the backing of any of his official companions, except State Treasurer George Hall, who has not been on harmonious terms with the governor for some time.

It is understood that Lieutenant Governor Pearson has not been notified to assume the duties of governor in the absence of the present executive, but that Colonel John Henry Presson will tend to the duties of the office.

Omahans Have Secret.

Political secrets will out, despite the best laid plans of leaders to put a quietus on them. Yesterday evening a special train bearing democrats to the St. Louis convention was taken out of Union station by the Missouri Pacific. While the hosts were gathering in J. P. Butler, T. J. O'Connor, Charles Fanning and Claude Bossie, Dahliman Democracy club leaders, got their heads together and engaged in a whispered conversation, little thinking that a reporter was eavesdropping. The reporter, however, being ill ears, plucked from the suppressed confab enough information to learn that these men had it all framed up that Woodrow Wilson would be nominated at St. Louis this week. And the best part of it is that they did not know that a newspaper man was taking in their secret.

Joe Butler carried letters from Mayor Dahliman to Roger Sullivan and Tom Taggart. The mayor gave the boys a send-off at the train. The train was put on the way at 5:30 with about seventy-five Omahans wearing white hats and a away-from-home grin.

Personnel of Party.

Among the party were: Charles H. Tully of Alliance, Keith Neville of North Platte, H. M. Haverly, Bart Folsom, T. J. Flynn, C. F. Bouslog, J. T. Merrill, John A. Rhine, C. E. Fanning, J. H. Bulla, Phil Smith, C. B. Smith, J. P. Butler, L. J. TePohl, L. J. Platt, George Bertrand, George Holmes, J. M. Tanner, John D. Wear, Joseph McDonald, Charles P. Moriarty, George B. Dyball, Charles Kohn and sons, Earl Gault, Anton Gross, James Quigley, Judge Fisher of Cherry county.

Assistant General Passenger Agent Matthews of Kansas City and General Agent Godfrey of this city had charge of the train for the Missouri Pacific. Bart Foley had charge of the pulmotor.

Parties were taken aboard at Union, Falls City and Nebraska City. There were no Bryan banners in the party.

MONTANA'S GOVERNOR CALLS AT STATE HOUSE

(From a Staff Correspondent.)

Woman's Martyrdom.

How many men, think you, have any idea of the pain and misery endured by women of their own households, who suffer from ills peculiar to their sex? They often see them smiling and trying to be cheerful, even while racked with pain. If every such woman would only be guided by the experience of thousands of others who have been restored to health by that grand old remedy, Lydia E. Pinkham's Vegetable Compound, much suffering might be avoided.—Advertisement.

Sheriff Is Shot, Man Is Wounded, in Serving Writ

Hastings, Neb., June 12.—Sheriff W. A. Cole of Adams county was shot three times this afternoon by Bert Whitcomb, on a farm near Hastings. After being wounded, Cole opened fire on Whitcomb, inflicting a chest wound that will probably prove fatal. One of the three bullets that hit Cole spread in the leg below the knee, shattering the bone and making amputation necessary. Another penetrated the thigh and the third clipped the ends of three fingers.

The sheriff's leg was amputated and his condition is serious.

Accompanied by Deputy Sheriff Wilson and two special deputies, the sheriff went to the farm to enforce a writ of ejectment issued by the district court. The estate of Whitcomb's father had just been settled in court, the farm being purchased through the court by Whitcomb's brother, Whitcomb had refused to surrender possession and the order of ejectment followed.

Whitcomb is 40 years of age, and is known as an eccentric and was once committed by the lunacy board. The home was found stocked with rifles, shotguns, knives and hatchets.

RAILROAD LABORERS ARE TAUGHT LESSON

(From a Staff Correspondent.)
Lincoln, June 12.—(Special.)—Laborers on the railroad who have been doing a great deal of hunting in the vicinity of South Bend, are not confining their reprobations to wild fowl, but in some instances have killed wild chickens, and it is said birds of any kind they could discover. They will probably let up a little now.

The game warden and his representatives made a raid on the gang yesterday and succeeded in catching one of the number. He was fined the usual amount with costs and it is hoped that this will be a sufficient lesson to the others so that they will cease their work.

STATE BANKING BOARD CONSIDERS NEW CHARTER

(From a Staff Correspondent.)
Lincoln, Neb., June 12.—Will the State Banking board be able to carry out its recent order limiting the number of banks in any community is a question they are considering at the present time.

Application has been made to the board by the Commercial State Bank of Omaha for a charter. The organizers of the bank admit that a majority of the stock is now owned in Omaha. The board has ruled that where a bank seeks a charter a majority of the stock must be owned in the town.

Today A. S. White, president of the bank; W. C. Lambert, vice president, and Arthur Hoover, cashier, of the proposed bank, called on the banking board in an endeavor to secure the adoption of the charter. They insisted that as some Omaha people do their banking business in Chicago it showed that the facilities of Omaha were not sufficient. The proposed bank has a capital stock of \$200,000. The board has taken the matter under advisement, but it is understood that if they apply the rule and refuse the bank charter the matter will be taken to the courts.

Columbus Knights' Institute.

Corcoran, state deputy, was toastmaster. Toasts were given by Very Rev. Thomas Cullen, V. F.; James T. Brady, Albion; Judge J. H. Mullen, Grand Island; James T. Keefe, North Platte, and John J. Burke, Geneva.

Absorption Process Makes Faces Young

Success has at last come to scientists who for years have sought some method of removing the outer veil of facial skin in cases of unsightly complexion, which would be both painless and harmless. The new process is so simple, so inexpensive, the wonder is no one had discovered it long ago. It has been amply demonstrated that common mercuric was, sold by druggists in ounce packages) entirely removed by gentle absorption, the withered, lifeless surface skin showing the youthful, rose-like skin beneath. The wax is applied at night, like cold cream, and washed off in the morning. The absorption also cleanses clogged pores, increasing the skin's breathing capacity and preserving tone, color and natural beauty of the new skin.

A simple and harmless wrinkle remover, which has also proved quite successful, can easily be made at home in a tiff. All one need do is dissolve an ounce of powdered saccharine in a half pint of witch hazel and bathe the face in the solution once a day for awhile. After the very first application the finer lines disappear and the deeper ones soon follow.—Advertisement.

Then and Now

She was using the Cheap and "Big Can" Baking Powder. Was induced to change from Calumet, because she could get more baking powder for the same money. But this proved false economy. The pastry was not the same — everything she baked was a failure — and the materials used were all wasted. Do you think this paid? Do you blame her for being sad?

She's gone back to Calumet — and she's happy again. The pies, cakes, and biscuits are again delicious — light, crisp and appetizing. All her "bad luck" has changed to good. Her reputation as a cook is sustained — and her experience has made her an exulting friend of Calumet — the medium price, high quality baking powder.

WHICH ARE YOU?

What kind of baking powder do you use? Possibly the cheap and big can kind is giving you what you consider satisfaction. But if you have never tried Calumet you do not know how much more evenly raised — how much lighter — how much better in every way your baking can be made. And Calumet is more economical in the long run — because it goes further. It is medium in price — 25c the pound. A good baking powder can not be sold for less — it should not cost more.

Ask your grocer and give Calumet just one trial.
