ROBINS ANNOUNCES THE NEWEST CHALMERS MODEL

For the second time during the last two months Chalmers dealers gathered in Omaha for a general business discussion. Monday a luncheon was given at the Fontenelle hotel, followed by a talk by John W. Robins, general manager of the W. L. Huffman Auto company. Mr. Robins came here from the Chalmers factory several months ago to take charge of the local selling organization. Robins is thoroughly familiar with the Chalmers policies and plans. He has aided the dealers in many ways through his intimate knowledge of conditions surrounding the automobile manufacture. Following Robins' talk was the announcement of a limited production of a very popular Chalmers model, the 6-40. This model was such a favorite that a number of the dealers requested the manufacture of a few more.

ELKS AND BAKERS SEE DEN TERRORS

Visitors to Omaha Are Given Taste of the Ak-Sar-Ben Initiation. SPEECHES CUT TO THE LIMIT. Four hundred bakers of bread and pies, and a half thousand Elks, who stamped into Omaha from all over the state yesterday, were entertained at Ak-Sar-Ben Den last night. They saw Coronado "throw the bull," and heard him, too, for that matter. "Coronado and the Bull" pleased the visitors immensely, as was expressed in the two-minute talks that followed by Adam Breede of Hastings, J. H. Kuhns of North Platte, and T. Doremus of Wilmington, Del. They were good sports, every one of these speakers, for when Chairman Jay Burns announced that the speeches must be cut to two minutes, these fellows cut them to a minute and eight seconds. "Ah, those are speeches after my own heart," sighed many of the Omaha fellows, who in bygone years have listened to superlongated speeches from one James Dahlman, one Charles Lobeck, one Dave Mercer, and others, when election was near and hot sandwiches seemed so near and yet miles away.

Visitors Are Lively. These Elks and bakers constituted the liveliest and friskiest humanity the Den crew has attempted to handle this year. Twenty Elks, just when the crew had them properly corralled and was putting the branding irons on them, broke through the fences, and stamped back into the crowd, leaping clear of every obstacle, and hurtling over the heads of some of their would-be captors. Some of them were dragged back to the fence by sheer physical force, and one of them came back with Dan Whitney locking the strange hold about his neck. Between acts a big canvas was dropped over the curtain, bearing the

Maternity! The Word of Words. It is written into life's expectations that motherhood is the one sublime accomplishment. And if there is anything, no matter how simple, how apparently trivial it may seem, if it can aid, help, assist or in any way comfort the expectant mother, it is a blessing. And such is a remedy called "Mother's Friend." You apply it over the stomach muscles. It is gently rubbed on the surface, and makes the muscles pliant; this relieves the strain on ligaments, natural expansion takes place without undue effect upon the nerves. And as the time approaches, the mind has gone through a period of repose, of gentle expectancy, and this has an unquestioned influence upon the future child. That this is true is evidenced by the fact that three generations of mothers have used and recommended "Mother's Friend." Ask your nearest druggist for a bottle of this splendid remedy. He will get it for you. And then write to Bradford Regulator Co., 407 Lamar Bldg., Atlanta, Ga. for a most interesting book of information to prospective mothers. It is mailed free. Write today. It is a book you will enjoy.

Heavy Rains Are Reported North of The Platte River

While there was but little rain in the South Platte country, according to Tuesday's reports to the railroads, that part of Nebraska north of the river was visited by one of the heaviest downpours of the season Monday night. The heavy rain extended east about as far as West Point, and as far west as Long Pine, and then to the north and over most of the Black Hills division of the road, according to the Northwestern's report. The precipitation was from one to three inches. Along the Burlington there was rain along the northern lines and up through the sandhills, the precipitation being about the same as along the Northwestern. While some of the smaller streams are out of their banks and the low lands flooded in places, no damage was reported. The rain over most of the area visited started to fall Monday afternoon and continued most of the night. FLAG DAY PROGRAM OF MUSIC AT BEMIS PARK. Very Effective Method for Banishing Hairs

At very little cost any woman can rid her face of hairy growths, if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.—Advertisement.

Nothing to Say at All, Nothing of Any Kind, Snaps Colonel. Oyster Bay, N. Y., June 12.—Colonel Theodore Roosevelt was visited at Sagamore Hill today by James R. Garfield and Dean William Draper Lewis. According to his secretary, John W. McGrath, who returned from Chicago, the colonel "had a full and frank discussion" with Mr. Garfield and Dean Lewis "as to what he intends to say" with regard to the political situation and "the time he should say it." Neither of the visitors would make any statement after their interview with Colonel Roosevelt. Both have been prominent in progressive party circles, Dean Lewis having drafted the platform adopted by the Chicago convention. McGrath announced that

Colonel and Mrs. Roosevelt would meet to New York tomorrow to meet their son Kermit and the latter's wife, who are expected to arrive from Panama. Colonel Roosevelt again secluded himself in his home today except for a couple of hours when he went for a horseback ride with Mrs. Roosevelt. A newspaper correspondent, who met the colonel in the road, asked if there was anything he cared to say, but the former president turned from him after sharply replying, "Nothing at all, sir, nothing of any kind."

All Honor To Our Flag. IN 1777, when congress established the national flag, Washington said of the design: "We take the star from heaven, the red from our mother country, separating it by white stripes, thus showing her that we have separated from her, and the white stripes shall go down to posterity representing liberty." Wednesday, Flag Day, Our Store Will Close at 1 P. M. Wednesday, June 14, has been proclaimed by President Wilson as Flag day, and he has asked the citizens of the United States to observe it. Let us all fling out to the breeze the stars and stripes on this day—the flag that stirs the blood of every true American—let us at this time do especial honor to it—a nation-wide rejoicing in our institutions and an undying reverence for "Old Glory."
