ELKS HOLD THEIR EXERCISES IN PARK

General Harries the Orator, and in His Address He Pays Tribute to the American Flag. DECLARES FOR PREPAREDNESS. General George H. Harries paid a nice tribute to the flag in his address at Hanscom park after the parade during the annual flag day exercises of the Elks. The Elks' division, one of the finest divisions of the big flag day parade, instead of disbanding at Sixteenth and Leavenworth streets, as the rest of the divisions did, maintained formation and moved to Hanscom park, where the exercises were held. General Harries, speaker of the day, reviewed the success of the afternoon parade, of which he was grand marshal, and spoke of what this parade meant to Omaha and the country. "Do we fully realize," he asked, "what this day of Omaha demonstration means throughout the country?"

Ring Gets Two Hours Sleep and Then Puts in a Very Busy Day

BY RING W. LARDNER. St. Louis, June 15.—(Special Telegram.)—They had a trifle over two hours of convention here today and didn't do nothing, because they were afraid that if they done something they wouldn't be nothing left to do and we got to stay here till Saturday so the brewers will clean up enough to spend the summer at South Haven. I will write this stuff like usual in chronological order, like it happened, the same way two other stars, Irving R. Cobb and Arthur Brisbane, write their stuff, and each one of these stars claims that the others stole the idea from him, but it was Moses that really got up the idea. Riley Wilson, the Virginia spell-binder, spell-bound us till 4 o'clock this morning and I didn't have anything to do after that till 7 o'clock, when I was billed to meet a train. So I got pretty near two hours sleep and that pretty good for a convention. He Eat All He Wanted. Then I wanted to get two extra tickets to the convention and I went in the Sullivan headquarters and says to Mr. Skidmore; "Mr. Skidmore, I says, 'Mr. Brennan promised me a couple of extra tickets.'" So Mr. Skidmore gave me the couple of tickets and then I went out and seen Mr. Brennan and ast him for a couple of extra tickets and he says "Sure I will get them for you," but I says: "Never mind, I already got them."

SWINE SHOW SURE OF BIG SUCCESS

Breeders from All Over the Country Send Quick Responses to the Invitations. LOSE NO TIME IN REPLYING. Right back at you. That is the lightning speed with which the swine breeders of the country are acting in the matter of announcing their intention to exhibit their swine at the national swine show, to be held in Omaha October 2 to 7 this year. A great volume of personal letters were sent by the bureau of publicity to the breeders all over the country calling attention to the show, and asking how many would exhibit. These letters went out only four days ago. The first mail Thursday brought four replies, all favorable. R. L. Hill, secretary of the Missouri Duroc-Jersey Swine show, gave assurance that many in their state association would exhibit at Omaha, and said that a big book is being prepared by the association boosting for the national show at Omaha, and to be distributed to the number of some 5,000 at the Missouri state fair. Thomas F. Kent of Walnut, Ia., says he will be an exhibitor, and that exhibitors will be numerous from Iowa. W. L. Fowler, professor of animal husbandry of the University of Oklahoma, wrote for all possible information on the show as to requirements for entrance, prizes offered and much other information, which he will deal out to the breeders of Oklahoma. John B. Evans of Dakota City writes that he will have a good exhibit himself and that many other breeders in his section are planning on it.

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach, it is deeply penetrating in its influence. Mothers everywhere tell of its soothing effect, how it allays pains incident to stretching of cords, ligaments and muscles. They tell of restful comfort, of calm, peaceful nights, an absence of those distresses peculiar to the period of expectancy, relief from morning sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradford Regulator Co., 408 Lamar Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternity. And best of all are some letters from mothers that are real inspirations. Write today.

A New, Harmless Way to Banish Hairy Growth

By following this suggestion any woman can, in the privacy of her own home, remove every trace of hair or fuzz from her face. With powdered delatone and water mix enough paste to cover the not wanted hairs; apply and in 2 or 3 minutes rub off and wash the skin. This method is safe, harmless and quick in results, but care should be employed to get the genuine delatone.—Advertisement.

Albright Lad Finds "Seeing the World" Hard Proposition

Two months of sleeping in box cars, doorways and barns and providing his own meals with the few pennies he could earn selling newspapers, was enough to cure 13-year-old Henry Swodeck, 1521 Drexel avenue, Albright, of his desire to see the world. He ran away from home two months ago and the police and juvenile authorities had been seeking him ever since. His parents had been frantic with grief since their son's disappearance. When he was brought into juvenile court before Judge Leslie, Henry said that he would be eager to stay at home after this. "I didn't have a square meal all the time I was away," he said.

Windsor School Grads Hold Their Exercises

Graduates from the eighth grade of Windsor school held their final exercises at the school auditorium last night before a big company of their friends. The program was part musical and part delivery of quotations from Shakespeare. The girls of the class made the dresses in which they appeared themselves. Following is the program given: "The Dancers" (P. Lacombe). Piano solo, Pauline Ritchey, Pauline Ritchey. Piano solo, Pearl Palmer. Quotations from Shakespeare, Donald Head, Dudley Gillette, Minnie Brooks, Carolyn Helman. The Sandman (Brahms). Violin solo, Charles Ortmann. Piano solo, Hedvika Reanick. Quotations, Raymond Wood, Edward Shields, Roy Smith, Gunnar Olsen, Emily Holmgren. Piano solo, Mildred Lide. Violin solo, David Simon. Quotations, Harriet Sage. Quotations, Drew Sutton, Erma Quinn, Ralph Olsen, Howard Twiford. Piano solo, Marjorie Smith. Piano solo, Mildred Dunham. Quotations, Bert Coleson, Laura Hering, Fred Merrill, Carol Baldwin, Joseph Kovaleski. Piano solo, Alice Kieffner. Piano solo, Vera Manning. Piano solo, Marguerite Schaefer. Quotations, Clarence Binder, Robert Rube, Macy Finney, Robert Lowry, Russell Pettit. "Spring Time" Phyllis Brown, Evelyn Wehrbach, Hilda Anderson, Gladys Stanley, Violet Gross, Doris Kanatner, Marian Fisher, Frances Schwabenberg. A pronounced hit was made by the delivery of a class prophecy by Russell Pettit, who predicted all sorts of futures for his classmates. Merit of an unusual degree was displayed by some of the young musicians.

WHEAT CONTINUES ON ITS DOWNWARD COURSE

On the Omaha market wheat continues on its downward course, losing a cent to a cent and one-half per bushel and selling at 86@96 cents per bushel. Receipts were fair, there being sixty carloads on the market. Corn was a cent to one and one-half cents up, selling at 64@72 cents. The receipts were forty-five cars. Oats were unchanged from Wednesday, selling at 36 1/2@37 1/2 cents per bushel, with the receipts twelve carloads.

BISHOP BRISTOL TO BE GUEST OF HONOR AT RECEPTION

Bishop Frank M. Bristol of the Methodist Episcopal church, who will depart in a few days for his new field in the south, will be the guest of honor at a reception at the First Methodist Episcopal church this evening. He preached his farewell sermon in Omaha at the First Memorial church Tuesday, at which time he was presented with a large bouquet of roses by the young men's class of the Sunday school.

Stenger May Come as Superintendent of Union Pacific

A rumor has reached Union Pacific headquarters from St. Joseph to the effect that Ernest Stenger, general manager of the St. Joe & Grand Island, one of the auxiliary lines of the Union Pacific, may become general superintendent of the Overland system, with headquarters in Omaha. At headquarters here the rumor is regarded merely as a rumor. There are no officials in town who have authority to speak, all of them being out on the main line, or in the east. The appointment of a general manager would come within the scope of the authority of President Calvin, who assumes his official duty July 1, and who is now in Salt Lake City. When General Manager Jeffers was promoted from general superintendent, it was intimated that the last named office would remain unfilled, but there now seems to be an undercurrent of opinion that the idea has been abandoned and that the position of general superintendent may be continued. At the present time the office force of the general superintendent is being held intact, and Mr. Jeffery officially is performing the duties of both general manager and general superintendent.

PICKPOCKETS BUSILY PLY TRADE DURING THE PARADE

During the hours of Wednesday afternoon that the flag day parade was engaging the attention of the populace thieves were busily plying their trade. C. B. Cornell of Lincoln was relieved of \$80 at Sixteenth and Farnham streets. Mrs. J. Jasper, 2220 Cuming street, lost a mesh bag containing \$1. Marguerite Woodruff, 3846 Hamilton street, lost a purse containing \$3. Mrs. E. M. Learning, 4319 Grant street, lost a purse containing a valuable watch, and H. B. Hester, 618 Oak street, was relieved of a watch.

JOE HUMMEL GETS SOME TENTS TO USE IN PARKS

When the city council appropriated \$400 from the park fund for the purchase of tents, Mayor Dahlman inquired whether Commissioner Hummel intended to go into the circus business. "No," replied Mr. Hummel, "these tents will be used for various purposes in connection with park activities. For instance, during the Fourth of July celebration in Fontenelle park, a tent will be provided for the convenience of mothers with infants. We need a tent occasionally at the municipal beach."

100 FORFEIT. Increases strength of delicate, nervous, run-down people 200 percent in ten days in many instances. \$100 forfeit if it fails as per full explanation in large article soon to appear in this paper. Ask your doctor or druggist about it. Sherman & McConnell Drug Stores always carry it in stock.

I Don't Like Grafters

Our profession is full of grafters, and many of them who claim to be "ethical." Everybody approaches the doctor with fear of outrageous charges or advised operation. Go to some of these doctors for examination and he will send you to his friend for further examination, and by the time you are through you have paid several fees and advised to make ready for the hospital and operation. If you will not submit to this graft they will advise six weeks' rest cure at \$25 a week that you could have taken at home at no expense. THIS IS NOT A DREAM—it is going on in Omaha every day. Some of Omaha's most noted doctors resort to this graft. THEY DON'T ADVERTISE—it is beneath their dignity. Dignity and honesty is easily forgotten when the dollar is in sight. Why do they charge honest country people \$10 to \$20 for examination and charge city folk only \$2 or \$3. If you don't believe they do this, just go and tell them you are from out of town. IT IS A CRIME the way they try to scare some innocent people and make a big expensive case out of a simple matter. I WON'T DO IT—I NEVER DID DO IT. I want all the business I can get, but not that kind. You can come to me knowing you will get an honest deal and you will pay a small cash fee each time to the office. I don't please you, don't come back. Consultation and your medicine \$10. Examination or office treatment \$2.00. Just a square deal like you used to get before the day of the grafter and specialist. SPECIAL ATTENTION—DISEASES OF WOMEN. DR. J. C. WOOD, 16th and Farnam. Phone Tyler 280. 301 Ross Building. Office Hours: 9 to 5, & P. M. Wednesday. 10 to 2 Sunday.

Does Away With Truss

The PLAPAO-PADS are entirely different from the articles commercially known as "trusses." In fact they are designed to do away with bands of steel and rubber that chafe and pinch. Their remarkable success is due to the principle of keeping constantly applied the scientifically compounded Absorbent-astringent medication called PLAPAO-PADS. The purpose is to contract and strengthen the weakened abdominal muscles, thus closing the hernial opening as nature intended, so the rupture CANNOT come down. Being self-adhesive, and when adhering closely to the body slipping or shifting is impossible, therefore they are an important adjunct in relieving rupture that cannot be held by a truss. Demonstrator Babcock, whose wide experience has given him authority on matters pertaining to the application of PLAPAO-PADS to any particular rupture, will be at Hotel Loyal Sunday and Monday, June 18 and 19, only. Hours, 10 a. m. to 7 p. m. and he will be pleased to give WITHOUT CHARGE, to all who call, expert advice and trial for home treatment. Do not fail to call on Mr. Babcock during his stay in the city.—Advertisement.

Don't Let Soap Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain purified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh-looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

Ride now on "Tires of Renown!" OBSERVE the Giant Cords here pictured. Note that there are only TWO (2) layers of these giant Cords, in any Silvertown Cord Tire, whatever its dimensions,—with a layer of live Rubber between, to absorb friction. Then bear in mind that each of these TWO flat, rubber-impregnated, Cords is STRONG enough to lift a man's weight. You have here the secret of that marvellous ENDURANCE, in Silvertown Cord Tires, which has made it possible for the Gladiators of the Race-Track to TAKE OUT OF the Motor Cars they drive, ALL the speed which the Builders of these Cars can put INTO them. That no "Thread" Tires, (calling themselves by the Silvertown name of "Cord" Tires), show pictures of their 5 to 7 layers of Thread construction,—is significant. But, that none of them are SEEN, or HEARD from on the Race-Track (which is the Crucible for testing Tire ENDURANCE)—is MORE than significant. Silvertowns have never been intended as mere RACING Tires. But the fact that the Speed-Kings of the Race-Track elect to PAY FOR THEM, when they could have other Tires free for the asking, is mighty well worth noting. Silvertown Cord Tires, not only give PRESTIGE, Ease-of-Riding, and Aristocratic Elegance to Cars equipped with them but they also add: —1st—17% more Net-Power and Speed to same Car. —2nd—80% further Coasting Gallon. —3rd—25% more Mileage, per Gallon of Gasolene. And,—this latter feature soon pays for the relatively small additional cost which SILVERTOWN Cord Tire Construction makes necessary, per Tire. No Thread (or so-called Cord) Tires average "LARGER." The demand for Silvertown Cord Tires has, for nearly two years, far exceeded our capacity for production. But Silvertown Cord Tires may NOW be had through all GOODRICH Dealers and Branches.
