

BURGESS MAKES A NEW DEAL FOR BOYD

Will Open Theater Labor Day Under Five-Year Contract With Great Producers.

GOOD PLAYS AT LOW PRICES

W. J. Burgess, manager of the Boyd theater, has just closed a deal that has been pending for some time that fixes the policy of the Boyd theater for a term of five years at least. It involves one of the greatest amusement combinations formed in late years and means a return to conditions that prevailed before the era of high prices paved the way for the popularity of moving pictures. Briefly, the first four days of the week at the Boyd will be given to the presentation of first-class drama at popular prices. This does not mean that the quality of either play or company is to be lowered, or it does mean that the New York managers have at last awakened to the fact that the plan of charging Broadway prices for a No. 2 company is not a winner.

Biggest Firms in Deal.
On the New York end of the contract are the greatest of all the big producers, Klaw & Erlanger, the Shuberts, William A. Brady, Cohart & Harris, Oliver Morosco, Selwyn & Co., A. E. Woods and others whose names loom big in the theater world. Each of these firms will have one or more companies on the circuit, which will be compact and includes theaters in the more important cities of the United States. Seventy-five cents is set as the top price for the seats, and from this down. Only good plays will be presented, and by the best of actors. No idea of a return to the "blood and thunder" melodrama is entertained.

These companies will appear at the Boyd each week, beginning on Sunday evening and finishing on Wednesday, with matinees on Wednesday afternoon. The last three nights of the week are to be taken by the Shubert high-class attractions at standard prices. This means the Boyd will return to the policy that proved most popular in the history of the house.

Most Popular in Omaha.
Fifteen years ago a similar plan was inaugurated by Manager Burgess, then in control of the theater, and it will be easily recalled that the following three years were the most popular the Boyd ever had. When Stair & Havlin took over the Krug theater and the Boyd began playing only the high-grade attractions, the change came.

Manager Burgess announces the opening date under the new policy for Labor day, the first Monday in September. The name of the company and play will be given out later. In the meantime the theater will be thoroughly overhauled and restored to its attractiveness as a splendid home for the drama.

Man Killed During Strike Riot at Oakland, Cal.

Oakland, Cal., June 17.—Lewis A. Morey, a lumber handler, on strike in the Sunset mills in this city, was killed today in a riot when strike sympathizers attempted to stop a lumber wagon from the plant. Morey was shot when John Hampton, a guard on the wagon, fired several shots at the crowd. Hampton and several other strike breakers were placed under arrest and police reserves began patrolling the plant and neighborhood.

MARION LAMBERT'S FRIENDS TESTIFY

(Continued From Page One.)

Marion aside into a room?" asked Mr. Dady.

"No, sir."

"Were you on intimate terms with Marion?" asked Attorney Potter on cross-examination.

"Not particularly—just like others."

"Did Marion ever tell you of intimacy with any boy?"

"No, sir."

"Did you and Marion talk of Orpet after the party?"

"Yes, Marion said she had heard that Orpet was engaged to Celeste Youker. She said Josephine had written Orpet about it, but had received no reply. Marion didn't know what to think of the report."

The witness said that she and Marion went to bed about 11 p. m. and talked till 12:30, largely about Orpet, but she recollected little about it.

"Did she say anything about Orpet's character, his temperament?" interrupted Mr. Dady.

She said Will had a bad temper and that Mrs. Lambert had forbidden him to come to the house, answered Miss Russell.

"You have recollected quite a few things since you said there was nothing more, Miss Russell. Do you recall anything more?"

The girl's voice had grown steadily weaker and the "no" which she returned was almost inaudible. Then from the depths of her memory she brought this which set those who heard buzzing.

"Marion said that Jo Davis liked Orpet; that's why she was always coming to see her (Marion)."

Marion, witness said, confided that she rather enjoyed seeing Orpet angry. Once, "to spite him," she walked home from Sunday school with her teacher.

"She said she knew that Will would 'come around,'" the witness said.

JITNEY BUS MEN HELD TO BE COMMON CARRIERS

(From a Staff Correspondent.)
Lincoln, June 17.—(Special.)—An inquiry was received by the State Railway commission this morning from the Railway commission of California asking for information regarding the control of the jitney bus corporations in this state. The letter stated that the commission was gathering information in order to discover how other states handled the question.

They will be informed by Colonel Brown, secretary of this commission, that Deputy Attorney General Dexter Barrett recently handed down a weighty opinion that jitney carriers were common carriers and came under the laws of the state which place them under the jurisdiction of the Railway commission.

Corrick Declines To Talk Party Plans

(From a Staff Correspondent.)
Lincoln, June 17.—(Special.)—Colonel F. P. Corrick returned this morning from the east, where he attended the national conventions and then with Mrs. Corrick visited with relatives before returning to Nebraska.

What the progressives would do, Mr. Corrick would not discuss. The conference of the leaders of that party will be held on June 26, and until that conference is over Colonel Corrick said he would refrain from discussing the probable action of the committee regarding an endorsement of the republican nominations for the presidency and the vice presidency.

War Summary

THERE ARE NO SIGNS OF A halt in the powerful Russian offensive in Volhynian-Galicia and Bukovina. The latest Austrian official statement tells of a Russian check here and there, but the Russians remain on the aggressive.

BRITISH DESTROYER EDEN sank as the result of a collision in the English channel. Three officers are missing.

Funston Tells of Trevino's Warning Not to Move South

Washington, June 17.—A report from General Funston transmitting General Trevino's warning to General Pershing that any movement of American troops in Mexico other than northward would precipitate hostilities, and General Pershing's reply, reached the War department late today. It was sent to the White House and Secretary Baker declined to comment or to make the report public.

San Antonio, Tex., June 17.—General Pershing has told General Jacinto Trevino, in reply to the message warning him that any move of the American troops except toward the border would be regarded as a hostile act, that he could not recognize his authority to govern the movements of the American expedition.

The text of Trevino's message and the reply from General Pershing were received today by General Funston and forwarded to Washington.

Traffic to Juarez Nearly Suspended.

El Paso, Tex., June 17.—Carranza, having thrown down the gauntlet to the United States in his advice to General Pershing that any troop movement east, west or south would be regarded as a hostile act, every preparation was being made along the border today for eventualities.

Officers and soldiers of the American garrison here were kept closely to their quarters. Street car service to Juarez was at a standstill and efforts were made by United States customs officials to persuade Americans not to cross the river.

Tension was noticeable on the Mexican side, where numbers of civilians were arming themselves. Reports from authentic sources indicated that recruiting for the army was being pushed in all the larger cities in northern Mexico. There were no indications of "untoward developments" in this vicinity during the night.

Borah Says Hughes And T. R. Will Meet

Washington, June 17.—Senator Borah spent an hour with Mr. Hughes discussing campaign organization plans and the choice of a new chairman for the republican national committee. When asked later if Mr. Hughes would go to see Colonel Roosevelt, or if the colonel would call on Mr. Hughes, the senator said: "Neither—they will meet."

Knights Templar Conclave Welcomed To Los Angeles

Los Angeles, June 17.—Los Angeles welcomed today thousands of delegates arriving to attend the thirty-third triennial conclave, which is also being celebrated as the centennial anniversary of the Knights Templar of America. Scores of informal receptions to the visitors were held during the day. The formal opening of the convention, however, will be held tonight in the form of an impressive reception to Sir Lee S. Smith of Pittsburgh, acting grand master. The conclave will close next Saturday.

The acting head of the order will be received at the railroad station by the grand commandery of California and escorted to his hotel headquarters through a double line of uniformed knights.

In commemoration of the centennial anniversary, a special devotional service has been arranged to be held during the week's meeting. The Very Eminent Henry R. Freeman, grand prelate of Troy, N. Y., has been elected to conduct this ceremony.

The convening of the executive sessions of the grand encampment next Tuesday will be preceded by the Knights Templar parade, the impressive military spectacle held at each conclave. Floral and electrical parade, a "Rodeo" exhibition, competitive drills and athletic contests will be held during the week.

The meeting this year is the third triennial conclave of the order to be held on the Pacific coast and the first in Los Angeles.

Practically all commanderies in the United States jurisdiction, including Alaska, Honolulu and the Philippines will be represented. Representatives from the grand priorships of Canada and Ireland and a Masonic delegation from Mexico were expected.

Byram Fears That Cars Will Be Scarce Again This Fall

(From a Staff Correspondent.)
Lincoln, June 17.—(Special.)—Vice President H. E. Byram of the Burlington railroad called on the State Railway commission today.

The visit of Mr. Byram was a social one so far as anybody was able to discover, but he did say that the prospects this year were such that the car shortage would be a greater problem to handle than in any previous years.

He favors a law which would compel all roads receiving freight cars from other roads compelling them to

return them as soon as unloaded to the road owning them.

He said that small roads which had few cars used the cars of the larger roads, thus making it difficult for the latter to supply the demand.

Fred Luff Not Guilty, Declares the Jury

Real Estate Man Files Suit Against Commissioners

D. C. Patterson, on behalf of the Real Estate exchange, has filed suit against the county commissioners, asking an injunction restraining them from selling the \$1,500,000 bond issue passed at the primary election.

Mr. Patterson holds that the bonds did not carry because they did not get a two-thirds vote.

Strength for Summer

is found in perfect digestion, complete elimination of waste, and freedom from catarrhal conditions. Stagnation means weakness, whether it be of the food supply, the bodily waste, or the blood in the mucous surfaces.

Peruna Is Invigoration

It tones up the irregular appetite, assists in digestion, stimulates healthy bowel action, and clears up internal inflammation, otherwise called catarrh. Good health is a matter of maintaining the perfect balance of the bodily processes. That cannot be done while colds, which are acute catarrh, exist. Let them become chronic catarrh, no matter where located, and the body is below par.

Peruna has been successfully used for such conditions in thousands of cases for almost a half century.

Its merit keeps it before the public. Probably it is just what you need, and your case may be added to the long roll of those who through Peruna have found health.
