DODGERS TIGHTEN GRIP ON THE LEAD

Brooklyn Defeats Chicago, Four to Three, in Game Lasting Eleven Innings.

SUPERBA PITCHERS

Brooklyn, June 17 .- The Brooklyns took a firmer grip on the lead today by defeating Chicago, 4_to 3, in eleven innings, while Cincinnati was trimming the Phillies. Brooklyn used four pitchers, the three relief men holding the Cubs without a hit or run-after Cheney had given the visitors a three-run lead. Vaughn had the Superbas blanked up to the eighth, when they bunched four hits on top

when they bunched four hits on top of a hit batter and tied the score.
With two out in the eleventh and Olson on first, Seaton passed Myers purposely to get Coombs. The latter sin*led over second, the ball rolling to Williams, who tripped on the wet grass, and Olson came home with the winning run. Cutshaw was accidental kicked in the face during a close play at first base and had to retire.

A double header will be played by Brooklyn and Philadelphia Monday. Tuesday will be Orphans day, when 2,500 children will be admitted free.

Alumni and Profs Of Indiana Uni to Play Base Ball Fray

Bloomington. Ind., June 17.—A number of former athletes of Indiana university are arranging to come here for the annual baseball game between the alumni and faculty of the institution, which is one of the features of "Alumni day" of commencement week. Each year a number of the old bunch of ball tossers return to the scenes of their former triumphs and try to even scores with the faculty and also demonstrate that they have not lost their cunning on the diamond. Last year, when the alumni forces were led by Frank C. Dailey, former United States district attorney for Indiana, the faculty was ingloriously defeated.

E. E. McFerren, an Indianapolis lawyer, has been selected to captain the old stars this year and plans to lead a large force against the professors, including Harry McDowell, Winamac; George W. Moore, Spencer; Brandt C. Downey, Indianapolis; John O. Sutphin, Bloomington; Claude Malott, Bloomington; Charles Dailey, Bluffton; Dudley O. McGovney, Columbia, Mo.; E. F. Branch, Martinsville; Thomas M. Honan, Seymour; Dr. C. E. Harris, Bloomington; "Rab" Gare, Noblesville; H. M. Scholler, Crawfordsville; Dr. L. H. Maxwell, Indianapolis; Albert Rabb, Indianapolis;

Frank Dailey, Indianapolis, and Mickey Erchart. Bloomington.
McFerren said the large number of players was necessary as the men would tire out stealing bases on the professors. William Lowe Bryan, president of the university and a diamond star at Indiana in his undergraduate days, will be in the lineup for the faculty.

Plattsmouth to See Luxus Crew Today

Johnny Dennison will take his championship Luxus team to Plattsmouth for ag ame with the town aggresation there today. This is the off day for the Luxus in the Greater Omaha league schedule. The Bourgeois and the Te-Be-Ces will play at Luxus park today during the absence of the home team.

JIMMY DREXEL TO LOCK HORNS WITH LINCOLN LAD

Jimmy Drexel, the fast Omaha lightweight, will box a ten-found exhibition at Lincoln Friday night with Jess Hall, the pride of the Salt Creek village. Drexel and Hall are rated the best lightweight pugs in Nebraska and should put up a corking go. They will appear as part of the program on the final day of the Eagles' convention.

Jim Ronin, the popular horseman in charge of the East Omaha stables of the driving club, was painfully bruised and lacerated in a spill at the Thursday races of the Nebraska City meeting. Mr, Ronin was driving the well-known Jim O'Shea in the 2:25 pace.

Jim O'Shea is well known, among other things, for his ability to step some occasionally, and also to figure in some of the nicest little spills ever staged for the edification of a line of morbid rail birds. If Jim doesn't look out he'll get his owner, Fred Myers, mad and find himself on the bow end of a milk wagon some fine morning. Only five cities on the Great Western circuit are hanging up a larger aggregate of purses than Omaha. And two of these—Cleveland and Detroitate also Grand circuit sessions.

The Omaha meeting will mark two significant "firsts" in Nebraska horse racing circles. It will be the first time that a city in the state has been on the Great Western circuit, and the first time that \$2,000 purses have been raced for in these parts.

Taken all in all, it narrows down to a plain fact: Omaha may not be the best harness racing city in the middle west, but if it isn't, which city is?

FREE-FOR-ALL PACE RULED A TIE RACE

Secretary of A. T. A. Wires Judges Had No Right to Order a Fourth Heat.

OMAHA HORSEMEN PLEASED

Reports to the contrary notwithstanding, the battle between the two great pacers, Hal McKinney and Coumbia Fire, at Nebraska City Thursday, was a tie. No less an authority than the secretary of the American Trotting association says it was a tie; and while the free-for-all pace at the Nebraska City meeting of the Nebrasks Midway Racing circuit will go down in racing annals as one of the greatest contests ever staged on a half-mile track in this country, and possibly some of Columbia Fire's followers will still contend that this horse was the winner, it is unani-mously agreed among well-informed horsemen that the event was a tie,

pure and simple.

The race brings up some fine points

The race brings up some fine points in harness racing judgments, and presents problems that judges on Nebraska tracks may have to wrestle with in the future.

When the news filtered into local horsemen's rendezvous that Hal McKinney had been defeated at Nebraska City, they could hardly believe it, especially after the local pacer's decisive victory at the Benson track the week before.

Day Chilly: Track Bad

Day Chilly; Track Bad.

Day Chilly; Track Bad.

The facts of the Nebraska City free-for-all pace are as follows:

The day was chilly and a stiff wind was blowing. The track was in poor condition, having been sprinkled the night before the race, and as the morning was cloudy, the oval had no chance to dry.

Despite these conditions, world's records for a half-mile track in June were hung up.

Columbia Fire won the fourth heat in 2:10.

pacer out on the track for the fourth time. Columbia Fire won the fourth heat in 2:10.

Upon arriving in Omaha, Mr. Dennison wired W. H. Knight, secretary of the American Trotting association, asking him, in view of the conditions prevailing on the Nebraska Midway Racing circuit, whether the judges had the right to call a fourth heat. Mr. Knight wired "no." The real facts of the case, therefore, were that the race was a tie.

TUG-O'-WAR TONIGH

Danes and Swedes Tangle at the Auditorium Tonight for Pulling Championship.

TWO PRELIMS ARE ON THE BILL

The stage is all set for the big championship tug-of-war match to be held at the Auditorium tonight at 8:15 between the Danes and the Swedes.

The Danes are now the champions of Omaha. They captured the title in the tournament held at the Auditorium last winter. The Swedes, who were second in the tourney, are chal-lenging the Danes for the title and for a \$500 side-bet.

Both teams have been praticing dil-igently for the last month and Cap-tain Talbod of the Danes and Captain Samuelson of the Swedes both report their men are ready for the pull of their lives. Both predict victory with

easy confidence.

The pull will be a finish affair five feet to the flag. The pull of five feet must be made even if it takes all night. The sale of seats for the event has been brisk and it is expected several thousand persons will find places in the Auditorium tonight.

Two preliminary pulls of twenty minutes will be staged previous to the big event. The Spalding club will tussle with the Columbian club and the Florence Fraternity club will tangle with the German Turner club.

MANY EVENTS ON PROGRAM

The University club will hold a big field day at the Happy Hollow club Wednesday, starting at 1 o'clock in the afternoon and concluding with a big dinner at 7 o'clock in the evening. Golf, tennis, soft ball and other events are carded. A real gala day

is planned.

An eighteen-hole golf match will be staged with play starting at 1 o'clock. Players will be rated on the basis of their club handicaps. The player making the best gross score will receive a prize and will have his name inscribed on the championship cup. Other prizes will be offered as follows: Lowest net score, least number of putts for eighteen holes, lowest gross score on the choice of any nine holes, the greatest number of strokes on any one hole, the greatest number of balls driven out of bounds on one hole, and the poorest score turned in.

UNI CLUB HOLDS FIELD DAY LEWIS MUST WEAR SHOES

Strangler Cannot Leave Tootsies Bare When He Climbs Into the Ring with Joe Stecher. J

RESULT OF A LONG ARGUMENT

One clause in the articles of agree nent signed between Joe Stecher and Ed Lewis for the big wrestling match in Omaha July 4 came near ending the negotiations for the match and

the negotiations for the match and ending it for all time. It was a clause providing that both wrestlers wear gymnasium or leather shoes in the contest.

When the Lewis people came the sign up this clause attracted their eye at once and there was a big squawk Lewis always has wrestled in his bars feet, believing that he gets a better "purchase" on the mat than he would with shoes on, even if the soles are rubber and gripping to the canvas of the ring. The Stecher people insisted upon the shoe clause being left in and after a long argument it was left in and Lewis signed. The same trouble arose over the Gotch-Mahmout match in Chicage and also in the Stecher-Hussan match in Linceln last fall. In the former match it claused endless worry to the promoters and the referee, who is the same that the same challed in the second

to the promoters and the referee, who finally had to decide it. It appears that Antoine Pierre, who had Mahmout at the time, signed up under Police Gazette rules. Later it devel-oped that he never had read these rules, one clause of which distinctly says that both contestants shall wear gymnasium shoes.

Gotch Gets Bit.

Raymond Crossman will be in charge of these events.

With Frank Latenser and Vincent C. Hascall in charge, an Olympic will bring the athletic program to a close. It is said the memory of other Olympics will pale into insignificance when this one is seen.

A speechless dinner at 7 o'clock will wind up the day.

SOUTHWESTERN TENNIS

Gotch Gets Bit.

For the advance sale had reached close in the referee calling attention to the clause in the rules. Pierre was notified and he received when the Turk burst into tears. It appears he never had worn shoes in his entire career and wouldn't know how to wrestle with them. At the last moment Gotch demanded \$500 to concede the point, which the management cede the point, which the management paid him out of the Turk's end of ne money. In the Lincoln match a compromise

was reached when Hussane was allowed to wrestle in socks. It is not supposed that Lewis' chances will be weakened by the shoes, but he simply hated to give into the Steches people on that point.

\$50,000 Ty Cobb "Comes Back" **Nuxated Iron Makes Him** Winner—Greatest Baseball

Batter of all time says Nuxated Iron filled him with renewed life after he was weakened and all run down. Supplies that "stay there" strength and vim that makes men of mark and women of power. Well known physician who has studied widely in this country and Europe, explains why taking iron enabled Ty Cobb to "come back" so

20 and as full of vigor, vim and vitality as a young man; in fact a young man in fact a young man he really was notwithstanding his age. The secret he said was taking iron-nuxated iron had filled him with renewed life. At 20 he was in bad health; at 48 he was careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over iron is the greatest of all strength builders. If people would only throw from my own personal experience, which proves conclusively the as-tonishing power of nursted from to restore strength and vitality even in most complicated chronic condi-tions." most complicated chrome toms."

Not long age a man came to me who was nearly half a century old and asked me to give him a pre-liminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of

away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of pursons might be saved, who now die every year from pneumonia, grippe, consumption, kinney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of Iron in the blood. Iron is absolutely necessary to enable your blood to change food intelliving tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in Iron. If you are not

sequence you become weak, pale and sickly looking just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can walk without becoming tired. Next take two five grain tablets of ordinary nuxated iron times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were alling all the while, double their strength and endurance and entirely get rid of all symptoms of dypepaia, liver and other troubles in from ten to fourteen "ays' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for ronths without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a faw cents. You must take iron in form that can be sailly absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the afray, while many another has gone to ingoirous defeat simply for the lack of iron.—E. Sauer, M. D.

NOTE.—Nuxated Iron, resummended shows by Dr. faise, is not a patent medience as weldy reservised by submet physicians everywhere. Unlike the older increasing from products it is satired as a strength of the continuous and the contact. The mandreduces he were the summer of the same well as the contact of the contact of the same service service services and the same services and the contact of the formation that any summer that they offer to forfat silk-object as are confidence in Muxated Iron that they offer to forfat silk-object as any care well as a well as for service and filled the control of the control of the same of indignation as well as for service and filled the control of the control of the same of the
