Some interesting features are planned again for this big event of June 28.

100 NEW AUTOMOBILE TRUCKS FOR OMAHA.

Floyd D. Burnett, 326 Rose Bldg., has just completed plans for the selling of 100 commercial trucks to individuals and corporations of Greater Omaha and allowing them to repay him in monthly payments.

He will furnish a liberal amount of the cash needed to purchase any one of fifteen makes of trucks, including the body desired.

This is an opportunity for all firms now using old and deficient forms of delivery and hauling to modernize their equipment and thereby gain the prestige of an up-to-date concern.

Many Omaha firms now hiring delivery, etc., can immediately purchase their new truck through this liberal plan of Mr. Burnett.

Mr. Burnett says: "I must draw the line against the purchase of an old used truck and cannot furnish the money for the buying of second hand cars."

He also says, "anyone desiring to communicate with me Sunday may do so by calling Harney 4205, and that I will be on the job at my office Monday morning at 8:30, the phone is Douglas 1689."

TO GIVE SURPRISE TO GEORGE PARKS

Big Get-Together Greater Omaha Banquet Scheduled for the Exchange.

COMMITTEE NAMED AT NOON

"It is going to be the greatest banquet held here since the advent of Greater Omaha," said Henry C. Murphy, as he stood on the sidewalk in front of the Commercial club.

"What banquet are you talking about?" asked a man.

Then Henry C. told of the Greater Omaha get-together banquet to be held in the dining room of the Live Stock exchange building on the evening of Thursday, June 29, in honor of George Parks, the new city commissioner.

Men Who Get It Up.

On the committee of arrangements are J. B. Watkins, Dell Pearce, T. J. McGuire, Tom Yager, John Flynn, B. J. Larkin, W. E. Schellberg, Joseph Walker and Mr. Murphy. The committee meet at the Commercial club at luncheon time and discussed plans for this big function. Arrangements will be made for 500. The napkins will be raised at seven bells and after the prandial program has been finished there will be a program of talks and stunts.

It will eclipse anything of the kind ever held in the South Side and Mr. Murphy avers it will go down in history as an epoch-making event.

Mr. Parks will not be told anything about this until the evening of the banquet. It will be a surprise to him.

Remarry Because Of the Children

Love for their two little children caused Abdon and Agnes Dargaczewski, Thirtieth and Spring, to forget their domestic differences of four years ago and bring about reunion of the little family by remarriage.

They obtained a second license to marry and County Judge Bryce Crawford performed the ceremony with the two children looking on.

The Dargaczewskis were divorced four years ago on account of family quarrels.

Happy smiles covered the faces of 9-year-old Robert and 6-year-old Teddy when their mother and father kissed each other.

NINE-YEAR-OLD BEFORE JUDGE FOR STEALING CHICK

"I was just stirring up the chickens with a stick and one of 'em flew into my arms and just then the man chased me, so I ran and the chicken was with me."

This was the explanation of 9-year-old Lawrence Juvenile, when he was brought before Juvenile Judge Charles Leslie to answer to a charge of delinquency.

Several other boys were with him when he was "stirring up the chickens" near a down-town commission house, but they all escaped. The judge gave the boy a reprimand and then turned him over to his parents.

Throw Away Your Eyeglasses Prominent Eye Specialist on the Witness Stand Swears He is Taking Glasses From Patients Every Day

Eyesight Strengthened 50% in One Week's Time in Many Instances.

Buffalo, N. Y.—This startling announcement will sound the keynote of joy to a many who wear glasses, and also to those who have certain other eye troubles. In a recent trial in the United States Court at Buffalo, one of the most prominent eye specialists in the state of New York was called as an expert, and testified that nearly every day he took glasses from some of his patients. One of the lawyers in the case, who had worn glasses for twenty years, was so impressed with the testimony of this expert that he decided to treat his own eyes and see if he could get rid of his glasses. After a period of three weeks' treatment, much to his amazement, he laid them aside, and now does not feel the need of them. One of his friends met him on the street and asked him what had brought about the change in his appearance, as he looked ten years younger. He answered that the cause of it was the glasses he had worn. When asked how he had accomplished such surprising wonders, he said: "It is a very simple matter, so simple, in fact, that anyone can follow the same method. Just tell them to go to any drug store and get a tube of Bon-Opto, dissolve one tablet in a quarter glass of water, and bathe the eyes from three to four times daily. It can be prepared and used at home. It is absolutely harmless, and the quick results it gives is astonishing."

Note: When the above article was shown to a prominent city physician, he said: "The Bon-Opto is truly a wonderful eye remedy. I have used it very successfully in my practice on patients whose eyes were strained through over work or night glasses. I can highly recommend it in cases of weak, watery, itching, burning eyes, red, itchy, blurred vision, eyes inflamed from exposure to smoke, gas, dust or wind. The manufacturers have such confidence in Bon-Opto that they guarantee it will strengthen the eyesight 50 per cent in one week's time in many instances, or they will refund the money. Since the above article has been published, the demand for Bon-Opto has increased so rapidly that the McConell Drug Company stores in Omaha have been kept busy filling orders for it."
