ARMY HEADS FEAR WAR WITH MEXICO TO BE INEVITABLE

Opinion Expressed by Some Officers at Border Headquarters Clash Near if Threat of De Factos Is Carried Out.

SEE SITUATION VERY SERIOUS

Reached When Three Hundred American Soldiers Cross the Border.

TENSION AT CAMP IS EVIDENT

San Antonio, Tex., June 18.-United States army headquarters here tonight regarded the Mexican situation as most serious. Assuming that the de facto government would authorize General Alfred Ricaut to carry out his threat to attack any American force that crossed the line into Mexico, some declared their belief that war was almost unavoidable.

Thec risis was reached today when more than 300 men of the Third cavalry crossed the river below Brownsville in pursuit of the bandits that attacked a little detachment of the wenty-sixth infantry at San Benito

last night.

General James Parker, commanding at Brownsville, sent cavalry scouring the country in the vicinity of San Benito and on a "hot trail" discovered by Lieutenant Newman, commanding troop H, the Americans were sent toward the border. The trail led across the river and Lieutenant Newman led his troop across late in the forenoon.

Major Anderson with a squadron of the same regiment and a machine gun company closed in on the same trail and early in the afternoon followed the lieutenant and his troop into Mexico. He was too late for the fight and bloodless skirmish that had taken place. Troop H engaged the bandits almost immediately after getting on that side but General Parker indicated no one on either side was injured. The bandits fled without great resistance.

The pursuit was continued. Late today Major Anderson had moved his force up the river towards Matamoros, the Mexican town opposite Brownsville. He was still on the Mexican side tonight.

General Parker reported that he

General Parker reported that he had sent to Cossul Garza in Brownsville a note informing him that Americant roops had crossed the international boundary in conformity with the spirit of the agreement between the two countries authorizing the passage of troops when on a "hot trail" in pursuit of bandits.
