POWERS PUTTING PRESSURE UPON MEXICAN CHIEF

European Diplomats Advise Carranza Not to Force a Break With the United States.

SOME PROSPECT OF SUCCESS
Arrangements for Mobilizing of the National Guard Proceeding With Despatch.

PREPARING MOVEMENT ORDERS

Washington, June 21.—Strong pressure is being brought to bear upon General Carranza by representatives of European powers to prevent him from forcing a break with the United States. Indirect reports reaching the State department today told of these efforts and said there was a possibility that they would be successful.

Agencies of the entente allies are understood to be active for peace, particularly as they believe German influences have sought to inflame the Mexican government against the United States with a view to preventing this country from gathering in trade formerly controlled by Germany in Mexico, South and Central America.

Might Ask Commission.
It is pointed out that Carranza might avoid war by calling for an international commission to discuss the border situation, as provided for in the treaty of 1848. So far, however, no suggestion for such a step has come from Mexico.

A definite statement has been received that General Carranza is doing all in his power at this time to protect Americans in Mexico from attack by the populace. He is said to have given Special Agent Rodgers in Mexico City all the aid in his power in arranging for trains to carry American refugees from the interior to Vera Cruz. In some quarters here this was construed as evidence that he is not bent upon provoking hostilities.

Americans Promised Protection.
The State department had no advice bearing out these hopeful indications except that from Special Agent Rodgers announcing the progress of his efforts to get American citizens out. With the full consent of the Carranza authorities, he said, and the promise of adequate protection from possible bandit attacks he had arranged for a special train to leave Mexico City tomorrow, carrying Americans to Vera Cruz.

Mr. Rodgers added that he and his diplomatic associates in the Mexican capital had been given every assurance of safe conduct and protection on their trip to the coast if it became necessary for them to leave. The necessary of American newspaper correspondence has decided to remain with Mr. Rodgers until such time as he may find it necessary to leave.

Marching Orders Held Up.
Marching orders for national guard organizations summoned to the colors under President Wilson's call are still held up at the War department pending completion of the mobilization of the troops at state camps.

Just as soon as a sufficient number of the guardsmen have been mustered into the federal service, the War department will act on General Funston's report of yesterday stating the number of units he desired and to what points he desired them forwarded.

Only preliminary reports of the progress of the mobilization in various states had reached the War department today. These were viewed as satisfactory.

May Graduate Cadets Now.
Secretary Baker said the suggestion that the senior class at West Point Military academy be graduated immediately for active service was under consideration, but that no decision had been reached. The cadets

MEXICAN CAVALRY THREATEN NOGALES

Several Thousand Men With Field Artillery Reported Four Miles South of the City.

OFFICERS SEND WOMEN NORTH

Nogales, Ariz., June 21.—Coinciding with reports that Mexican troops had arrived at Lomas, four miles south of Nogales, with several pieces of artillery and that several thousand Mexican cavalry had been massed in a position to threaten the Santa Cruz valley, wives of army officers attached to the 1,500 regulars here prepared today to leave for northern points.

Army officers in Nogales, in no way alarmed, are preparing to cope with a possible Mexican cavalry raid up the Santa Cruz valley between Nogales and Tucson, if a break should come. It is pointed out that all Sonora faces starvation if the border remains closed to food supplies and that a foray into this section would be the logical development.

General Gomez is now at Frontenas with several thousand cavalry. Residents here expressed alarm over the fact that Colonel Aguirre's command of 1,500 men, reported last night to have passed Lomas enroute to Cananea, had not yet been heard from in that direction.

Reports that General Estrada is on his way from Sinaloa to Magdalena with about 5,000 troops and that Magdalena, fifty-four miles south of the border, is to be the headquarters of General P. Elias Calles are given credence here.

LYONS SENDS NINETEEN WITH GUARD COMPANY

Lyons, Neb., June 21.—(Special.)—Nineteen national guardsmen assembled here yesterday preparatory to mobilization. Eighteen of them were members of Company E, fourth Nebraska regiment. They took the afternoon train for Wayne, where they had been ordered to report for duty.

The names of those going from Lyons are: Paul and Ted Connelly, William Brown, Bert Bush, Dewey Hoggins, J. Beman, Charles Wigebrenner, Charles Rogers, Perry Rogers, Bud Young, Earl Byram, Lawrence Gull, Lee Burdick, Orville Brewer, Elmer Price, James Sears, Virgil Gwyn, Roy Best.

Hans Paulsen, a member of Company F, fourth regiment, was ordered to join his company at Blair and left on the first train. He is a native of Denmark, where he served in the regular army two years and was a corporal.

Omaha Auto Club Will Appoint a Special Officer to Help on Traffic

At a special meeting Wednesday the board of directors of the Omaha Automobile club decided to appoint a special officer to aid in bringing about a betterment of traffic conditions in the city and to co-operate with the police force in running down motor car thieves.

This special officer, who will wear a uniform, will investigate and report on bad places in highways in and about Omaha and otherwise make himself useful in solving the traffic problems of the club members. The man for the position has not been decided upon.

Several important matters were taken up at the meeting, among them being the election of a secretary to succeed Clarke G. Powell, who resigned because of the pressure of other duties. Mr. Powell, however, will retain his directorship in the club. L. V. Nicholas was elected secretary.

Plans were discussed for the club's reception to the tour planned for June 26 by motorists along the High Line Cutoff highway. This tour is to start at Central City, Neb., the morning of July 26. The tourists will come to Omaha by way of Valley.

Champion Sprinter Refuses to Report To His Regiment

New York, June 21.—Hannis Kolehmainen, long distance runner, who won athletic fame as one of Finland's representatives at the Olympic games in 1912, has decided not to respond with his National Guard regiment, the Fourteenth, of Brooklyn, for Mexican duty, it became known today.

According to Kolehmainen's brother, William, the athlete was induced to join the regiment under the representation that all that would be required of him would be to take part in athletic games.

Captain W. R. Jackson, adjutant of the Fourteenth regiment, announced that Kolehmainen would be court-martialed for disobedience of orders unless he reported for service.

Consul J. R. Silliman Reaches Eagle Pass

Eagle Pass, Tex., June 21.—Consul J. R. Silliman arrived in this city last night from Saltillo, coming by way of Monclova, owing to the cessation of railroad traffic between Monterey and Nuevo Laredo. He said he expected to remain here for several weeks. Mr. Silliman is the last American consul to leave Mexico.

President Reviews Columbia Guard

Washington, June 21.—President Wilson, standing without an umbrella in a drizzling rain on the curb in front of the White House with Secretary Baker and Colonel Marts, his military aide, today reviewed the District of Columbia National Guard as it marched on the way to its camp.

IOWA COMPANIES NEAR PEACE STRENGTH

Des Moines, June 21.—Reports reaching National Guard headquarters from all sections of the state today were that virtually every enlisted man is under arms and awaiting the mobilization call.

It was said at the adjutant general's office that orders for mobilization at Camp Dodge, near here, probably would not be issued until all the units are recruited to peace strength.

WAR WILL PLAY HOB WITH HELP ON FARMS

Iowa City, Ia., June 21.—(Special.)—Farmers of Johnson county offer \$50 a month and board for farm help as a result of the men in the First cavalry squadron being called to the colors.

Omaha Auto Club Will Appoint a Special Officer to Help on Traffic

This special officer, who will wear a uniform, will investigate and report on bad places in highways in and about Omaha and otherwise make himself useful in solving the traffic problems of the club members. The man for the position has not been decided upon.

OMAHA GUARDSMEN ARE MUSTERED IN

Captains Receive Advice Indicating That Troops Will Soon Be Ordered Into Camp.

RECRUITS EAGERLY AWAIT CALL

Previous to the muster of the Omaha battalion of the National Guard by Lieutenant Colonel Bachr, the guardsmen were cheered by a message at 10 o'clock yesterday, which they took to mean that they might soon be ordered into camp. Each of the four captains received the following message:

"We at once number of men enlisted and physically examined and ready to take the field. You will be advised by wire as to time of leaving company rendezvous and railroad schedule."

"HALL, Adjutant-General."

At 8 o'clock a good share of the guardsmen were at the armory, where they were ordered to fall in by companies. From the armory they were led to several restaurants in the neighborhood, which have agreed to furnish the men with food for 75 cents a day, the government allowance for enlisted men not receiving government rations. The companies just now would be hard put if they had to supply their own food, a there is a decided shortage of cooks in the organization. Any cook desiring service will be hailed as a valuable acquisition to the ranks of the guards.

Many of the guards are living at home and will be allowed to draw the 75 cents government allowance for subsistence.

Anxious to Join Company.
Captain Frank C. Yates of Company D received a letter from Lyman Clark, a member of the company, who has been working in Minneapolis. Clark wrote as soon as he heard of the order. He said in part:

"I am anxious to take my place in the ranks. Will you please advise me immediately what to do? If I had the chance I would be in Omaha in place of this letter, but lack of it keeps me from coming. Do you think it would be possible for you to secure transportation for me? If necessary I could pay it back in the near future."

"If it is impossible to fix me out in some way, won't you please tell the boys the reason for my not being there. I would not have them believe I had cold feet for anything."

The money to pay for his transportation was advanced from the company treasury and wired to him. He will have to return the money, as the government makes no provision for getting troops to their local rendezvous if they are absent.

Would Enlist as Cook.
Captain Hamilton was in a quandary as to what to do with a volunteer yesterday morning. The man had been discharged from the regular army and is drawing a pension for partial disability that would disqualify him as a fighting man. He is so anxious to go to the front, however, that he is trying to enlist as a cook. Upon the advice of Major Edsasser the matter was referred to Adjutant-General Hall at Lincoln for decision. The man will wait until an order reaches Captain Hamilton deciding the matter.

The armory has looked like a battlefield for the last two days. Photographers using flash powders to take group pictures of the men. The air has been filled with smoke and reports of the explosions and the flash of the powers have become so common that they are no longer noticed.

Great Fire Is Raging.
Laramie, Wyo., June 21.—Driven by a high wind fire was sweeping the Medicine Bow forest today. Employees of the Colorado, Wyoming & Eastern railroad are fighting the flames, which started from sparks from sawmills four miles distant. Forest Supervisor Duthis is organizing a crew of fire fighters here. They will be hurried to the scene in a special train.

STATE GUARD TO MOVE TODAY FOR LINCOLN CAMP

Nebraska Troops Ordered to Mobilize at State Fair Grounds and Activity Is Visible Everywhere.

ASKING BIDS FOR SUPPLIES

Major Hawkins, of Kansas City Asks Estimates of Amounts Needed.

CAPITAL CITY GETS READY

(From a Staff Correspondent.)

Lincoln, June 21.—(Special Telegram.)—Notwithstanding press dispatches this afternoon show that the Nebraska guard would be mustered into the United States service at Ashland, a message received by Adjutant General Hall at 5 o'clock this evening from General Barry at Chicago orders the state troops to mobilize at Lincoln.

The fair grounds will be the scene of mobilization and drill until the troops are ordered to Mexico. A part of the troops will be quartered in the buildings. Headquarters of the general staff will be in the Administration building.

Men Will Move Today.
The movement of companies will begin Thursday morning, the hospital company at Lincoln being the first to reach the grounds. Other companies will be brought in as fast as possible. General Hall and his staff will spend the entire night getting ready for the arrival of the companies.

Major C. E. Hawkins of Kansas City, in charge of the quartermaster's department, has wired General Hall asking for an estimate of the amount of funds it will require for the support of the guard and to pay the men up to June 30. He has also asked for bids for the purchase of mules and other needed supplies, the bids to be opened June 26 at the Kansas City headquarters. He desires any party having mules to sell to furnish him such information.

Ask Bids for Supplies.
Bids will also be asked for supplies for the Nebraska troops while in camp here, and it is requested that packing houses and other firms dealing in the supplies wanted communicate at once with Major A. G. Falconer, quartermaster's department, Lincoln.

Among some of the supplies that will be needed is 19,687 pounds of fresh beef, 4,187 pounds of bacon, 21,000 loaves of bread, 2,625 pounds of flour, 3,150 pounds of beans, 19,687 bushels of potatoes, 3,287 bushels of onions, 4,200 pounds of sugar, 656 pounds of butter, 1,470 pounds of coffee and 656 cans of evaporated milk.

The rations are for ten days. From now on things will take a lively turn about the fair grounds and a warlike appearance will be observed. Chief of Police Autes visited the quarters of General Hall today to ascertain what would be expected of the city in the way of extra police force.

While not anticipating any trouble of a serious nature from the soldiers, the chief is of the opinion that the mobilizing of the troops will bring a large number of people to Lincoln. He also thinks traffic will be increased to such a degree that more traffic police will be needed on the main streets.

All But Four Report.
All but four companies of the National Guard at 8 o'clock tonight had reported the number of men enlisted and ready for duty. While some which reported yesterday were not up to the standard of sixty-five men it is expected by this time that most of them have reached nearly that number.

Where companies have not secured the required sixty-five the first lieutenant of the company with a detail of two men will remain at the home station until the required number are secured and send them to Lincoln as fast as enlisted.

Company K of the Fourth infantry, with sixty men, will reach Lincoln at 7 a. m. Thursday; B of Nebraska City, Fifth infantry, sixty men, at 8 a. m.; the fourth and fifth sanitary corps, Bennett and Fremont, entirely recruited, or nearly so, in the afternoon. All field and medical officers during the day.

Adjutant General Hall will have charge of the camp until the troops are mustered into regular service by Lieutenant P. G. Wrightson and Captain Herschel Tapes of the regular army.

Army Needs Telegraphers as Well as Fighters, Says Mackay

New York, June 21.—In a letter to a recruiting officer from the Plattsburgh military training camp, Clarence H. Mackay, president of the Postal Telegraph Cable company, declares that from a national point of view it is a mistake for a telegraph company to have its operators as telegraph operators than as soldiers or officers. The attendance of these operators at the camp at Plattsburgh would not aid the nation anywhere near so much as to have them available for telegraph service in case of war.

To emphasize his assertion, Mr. Mackay pointed to the action of the British government in declining to enlist cable operators. He added that he was credibly informed that the late General Kitchener, British secretary of state for war, had impressed telegraph operators from the government telegraph offices at the outbreak of the European war when he did not have enough operators for war purposes.

PERSHING CALLS CARRANZA BLUFF

General Sends Force Thirty-Five Miles East to Investigate the Conditions.

MEXICANS DECLINE ISSUE

San Antonio, Tex., June 21.—General Pershing has given the Mexican troops the opportunity to make good their threat to attack him if he moved east or west, but the Mexicans declined the issue.

He sent a small force eastward to Guzman, about thirty-five miles from his line of communication, yesterday to investigate a report that a concentration of Mexican troops had been made there. He reported the incident to General Funston today, adding that the detachment had returned without finding any Mexican troops in that vicinity.

Reports to department headquarters today told of the arrival of more troops at Ojinaga, opposite Presidio, and at Piedras Negras, opposite Eagle Pass. General Ojinaga increased activity was noticed, but officers here believe Colonel Gaston, commanding on the American side, has men enough to meet the situation. The heaviest addition to the Mexican border army was that at Piedras Negras, where General Murgua arrived with 2,000 men. General Funston announced that the army's equipment here there had been added today a large number of searchlights.

General Parker reported from Brownsville that he had not been able to confirm the rumor that Americans at Carralvo had been massacred. General Funston was notified by the War department today that detailed instructions have been sent to him for organization in this department of four regiments of infantry and two cavalry regiments under the army reorganization bill, which will become effective July 1. The procedure will be to assign experienced noncommissioned officers from existing regiments to the new organization to handle the recruits.

Inhabitants Leave Agua Prieta.
Douglas, Ariz., June 21.—Agua Prieta, Mexico, practically was deserted today of its civil population. A handful of soldiers, the staff and guard of General P. Elias Calles, military commander of Sonora, and the customs officers remained.

Fifteen hundred residents, mostly women and children, repatriated during the night for the south. With them went innumerable dogs and parrots. The belongings of each of the families consisted mostly of tattered blankets and bedding wrapped in bundles.

They were loaded into cars of every description, the women and children huddling on the flooring among their meager belongings. The majority of the Mexican refugees, it was said, would go to Nogozari, seventy-five miles south of the border.

Quiet prevails on both sides of the border here today.

MEXICANS MAKE A SURPRISE ATTACK ON PERSHING BAND

Forty American Soldiers Slain by Machine Gun Fire of Carranzista Troops Ninety Miles South of El Paso.

DE FACTO LOSSES ARE LIGHTER

Seventeen Taken Prisoners by Constitutionalists, Juarez Commander Reports.

WOUNDED BORN TO FIELD BASE

Washington, June 21.—At 9:30 tonight the War department had no official information regarding the reported clash between American and Carranza troops near Carrizal. A dispatch from General Funston said he had heard the report, but had been unable to secure official confirmation.

El Paso, Tex., June 21.—A detachment of American cavalry clashed with Carranzista forces at Carrizal, about ninety miles south of El Paso, early today, both sides suffering heavy casualties, according to unofficial reports received by Mexican military authorities in Juarez tonight.

According to the report, which Mexican authorities are investigating, forty Americans were killed by machine gun fire in a surprise attack. The Mexican casualties were said to have been so heavy, but General Felix Gomez is named as being among the Mexican dead.

Part of Scouting Patrol.
The American command is said to have been part of a scouting patrol from Guzman, returning to General Pershing's line of communication. Carrizal, named as the place of the encounter, is about nine miles southwest of Villa Ahumada, the Mexican field base in northern Chihuahua.

Later General Francisco Gonzales, Mexican commander at Juarez, gave out a statement in which he announced officially that the Mexican command had taken seventeen American prisoners.

He also said that General Gomez's death had been confirmed, but said he had no official reports as to the number of casualties on either side. The wounded, both American and Mexican, the exact number of which is not known here, were taken to Villa Ahumada.

Gonzales' Statement.
General Francisco Gonzalez made the following statement:

"Immediately upon learning of the presence of the American troops in the vicinity of Carrizal, General Felix Gomez dispatched a messenger with a request that the American command withdraw to his camp. When the American troops remained motionless he sent a second dispatch bearer, who was fired upon by the American troops after he had delivered his message. The Americans immediately moved forward and attacked General Gomez' command."

"All the prisoners admitted that the blame should be put on the American commander for having ordered the attack. The prisoners were sent to Chihuahua City with the customary protection."

Rivas Makes Report.
General Gonzales said that the report of the engagement was made to him by Lieutenant Colonel Genovese Rivas, who succeeded to the command of the Carranzistas with the fall of General Gomez.

General George Bell, Jr., who was first informed of the fight by Mexican Consul Garcia said that no military action would be taken in El Paso while orders were awaited from General Funston. In the meantime, he said, his forces were ready for any demonstration from the other side of the Rio Grande.

General Bell said there was no question, but that a fight had taken place, but was inclined to disbelieve the report that any Americans had been taken prisoners.
