

### STENGER HEAD OF U. P. OPERATING

Former Omaha Man is Named as the General Superintendent Succeeding Jeffers.

WAS FORMERLY CIVIL ENGINEER

President Mohler of the Union Pacific has returned from the west and about the first thing he did yesterday after a conference with General Manager Jeffers was to name Ernest Stenger general superintendent of the Union Pacific system, with headquarters in Omaha. Mr. Stenger will take charge of the affairs of the office today.

That Mr. Stenger had a hunch that he was likely to be named general superintendent was possible, for he came up from St. Joseph Tuesday night and was one of the early callers at headquarters. Shortly afterward his appointment was made public. He succeeds W. M. Jeffers, who recently was promoted to the position of general manager, succeeding Charles Ware, who resigned.

#### Rise Has Been Fast.

The advancement of Mr. Stenger as a railroad man has been a marvel to railroaders. As a lad, some twenty years ago, he worked in the office of the city engineer of Omaha. He did all kinds of work, from axeman up to running a transit. This training he secured under Andrew Rosewater, who for many years was head of the city engineering department. Later in his career Mr. Stenger became assistant city engineer and some ten years ago left the employ of the city, going into railroad work.

The first railroad work that he did was out on the Union Pacific main line, where he had charge of the double tracking in the vicinity of Grand Island. He continued in the engineering department for several years and made good. Next he was given a position as assistant superintendent, and then the superintendent of the St. Joseph & Grand Island road, one of the auxiliaries of the Union Pacific. He held this for a time and then was promoted to the position of general manager. He was serving in this position at the time of his promotion to the general superintendency of the Union Pacific.

#### To Move to Omaha.

For the present, at least, Mr. Stenger will continue to exercise the duties of general manager of the Grand Island road, these being added to his jurisdiction as general superintendent of the Union Pacific. He will move his family to Omaha and reside here.

Mr. Stenger is 51 years old. He was born in Colmar, Alsace, and came to the United States when he was a child. He was graduated from the University of Michigan in the class of 1866 and immediately came west, and since then Omaha has been his home the greater portion of the time.

### MAYOR ACCEPTS NEW 'JOB' AT 'BOOMTOWN,' N. Y.

Mayor Dahlman has received a telegram from Guy Weadick, Sheephead Bay, N. Y., requesting that Omaha's chief executive act as honorary mayor of "Boomtown," a typical western town of the wild and woolly type, which will be an entertainment feature in connection with "The Stampede" to be held August 5 to 12 at Sheephead Bay speedway. Mayor Dahlman wired his acceptance. D. J. O'Brien, former Omahan, is connected with the enterprise in an official capacity.

### NURSES TO OPEN THREE MILK FEEDING STATIONS

The Visiting Nurse association of Omaha will open three milk feeding stations next week. They will be located on South Twenty-ninth street, in the "Sheepletown district" on North Twenty-fourth street and one on the South Side.

At a regular meeting of the association Secretary Thomas reported 1,211 calls were made during the last month and twenty-seven infants cared for.

### RECRUITING PICKS UP AS MEX TRUBLE BREAKS

Recruiting at the regular army recruiting office, Fifteenth and Dodge streets, has taken a big jump since the prospect of war with Mexico, Sergeant Hansen reports.

"One Omaha business man was in and wanted to enlist," said the sergeant. "He was 42 years old, however, seven years over the age limit. We are getting several every day now."

### COOL WEATHER KEEPS THE BATHERS FROM BEACHES

Commissioner Hummel of the park system is not saying very kind things about the weather man.

On Tuesday only fifty-six bathers attended the public swimming places at Carter lake, Riverview park and Spring Lake park. The actual expense of maintenance was \$1 per bather.

### NEW GENERAL SUPERINTENDENT OF THE UNION PACIFIC.

### Omaha Civilians Will Not Get to Go To Training Camps

Owing to the necessity for the active work of every officer in the regular army in getting the National Guard into shape, and because of the imminence of war with Mexico, the civilian military camps which were to have been held at Fort Benjamin Harrison, Illinois; at Plattsburg, New York, and at Fort Oglethorpe, Georgia, have been called off for the present. Lawrence Brinker, chairman of the committee of enrollment in Omaha, received formal notification of this action.

The men enrolled for the summer camp at Fort Benjamin Harrison, beginning July 5, are: Wallace Lyman, E. A. Erickson, J. L. Cutright, Richard Page, A. G. Smith, Thomas E. Roach, D. A. Sibbensen, Taylor Belcher, H. G. Wade, A. C. Potter, Dana Van Dusen, C. S. Lovejoy, J. R. Byerly and several others whose applications have gone in, but have not been reported to Mr. Brinker.

### SPEND MILLION DOLLARS ON THE SAN PEDRO ROAD

The New York offices of the Harriman lines has authorized the expenditure of \$1,300,000 on the San Pedro & Salt Lake road, one of the auxiliaries of the Union Pacific. During the year it is expected to spend \$547,000 for new ninety-pound rails, \$260,000 in the building and rebuilding of bridges and \$511,000 for other improvements and betterments.

### Part of Parade Fund is Returned To the Subscribers

The patriotic parade on Flag day a week ago cost \$3,727.34. This money was subscribed by business firms of Omaha, some seventy-five in number, in amounts ranging from \$5, \$10, \$20, \$30, up to \$200 apiece.

The whole amount subscribed was \$4,105. When all disbursements were recorded and bills paid the sum was \$377.66 remained. This was returned and turned back to the subscribers, at the rate of 91.5 per cent of the amounts of their respective subscriptions.

The report of subscriptions and disbursements was made at the last meeting of the executive committee of the Commercial club by Treasurer T. C. Byrne of the parade committee. The twenty bands cost a total of \$1,445.50.

### WALT JARDINE DRAINS SOME OF THE LOW LANDS

City Commissioner Jardine is branching out as a sanitary engineer. A few weeks ago he was riding in his automobile in the vicinity of Eleventh and Grace streets, otherwise known as the "lake region." In this section there are ponds and sloughs with cat-tails and muskrat houses. This condition has existed for twenty years.

Looking over the ground Mr. Jardine discovered that at a point some distance to the northeast the land is four feet lower than the upper lake south of Grace street. Getting out his handbook he learned that water flows down-hill. He detailed several men

Soothe Your Cough and Cold. Dr. Bell's Pine-Tar-Honey soothes the raw spots, eases cough, kills cold germs. 25c. All druggists.—Advertisement.

#### Notes About This Sale.

This is the fourth One Cent Sale we have run. Each succeeding one has been a little larger than the former. There will be plenty of help this time, so that all may be served promptly, and we believe plenty of goods also, but the only safe rule is to come early.

Grover Cleveland invented the phrase: "We are confronted with a condition, not a theory." Customers who find a condition where two articles grow for the price of one, plus one cent, appreciate the condition.

One manufacturer practically donated five gross of goods for this sale, so that we might give publicity to his particular article, and this item has been on the market for 25 years, and is a good seller at that. Our poet got busy the other day and ground out this:

"It is not wealth, nor rank, nor state, But 'get up and git' that makes men great."

The prescription business will receive pains-taking care, as usual, during this great sale. This can easily be done, as these departments are removed from the bustle of our busy salesrooms, and in charge of prescriptionists who devote their entire time to this work.

We cannot promise to deliver One Cent Sale Goods, at least not on the day goods are purchased.

We do not know when we shall hold another "One Cent Sale," as the steady rise in merchandise values change conditions materially.

## The Cause of most Disease is POISON-INFECTED BLOOD

You cannot expect to have a healthy body if you have impure blood running in your veins. The blood is the great source of nourishment for all flesh tissues. When the blood is not pure it carries poisons and impurities to all parts of the body, causing local ills that cannot be cured until the blood is purified. Rheumatism, Catarrh and Malaria are the direct result of impurities in the blood. It shows in such symptoms as a lack of energy, loss of appetite, sleeplessness, and many other little ills that may become serious if the cause of them, blood impurities, is not removed. Nature has given us the true remedy for blood disorders and their kindred ills, in the roots and herbs from which S. S. S. is made. These ingredients contain the power to act directly upon the blood corpuscles, making them pure and healthy so they can do their work in fighting off disease and nourishing the body. All roots and herbs will not do this. You must have the right herbs and roots, they must be carefully selected, and it requires a thorough knowledge of them and a wonderful laboratory equipment to bring out their curative qualities. For nearly half a century we have been producing S. S. S. Our laboratory is the greatest of its kind in the world. S. S. S. has real medicinal value because it is scientifically produced. If you suffer from any blood disease or any illness that is based on impure blood, write to our Medical Department for free advice. S. S. S. is sold by drug stores, in every locality. If your druggist hasn't it in stock, don't accept a substitute. He can get the genuine S. S. S. for you, if you insist. The Swift Specific Company, Atlanta, Georgia.
