Nothing Puzzling About This. If you're a Willard owner, you know what these figures mean. If you're not, you ought to know.

There's nothing remarkable about 85% of the makers of electrically equipped cars using Willard Batteries, quality considered.

And 800,000 Willard equipped cars may not be significant to you.

But 700 Willard Service Stations do mean a great deal to every car owner who wants the most expert attention possible. Have you learned our value to you?

MEN NEEDED FOR NATIONAL GUARD

Adjutant General Hall Receives Orders to Recruit to War Strength at Once.

TO REDOUBLE EFFORTS HERE

Recruiting officers for guardsmen throughout the state have received orders from Adjutant General Hall at Lincoln to redouble their efforts to fill up the ranks, as 1,500 men must be added the Nebraska rolls at once.

Adjutant General Hall's eagerness to add this number of men to the ranks was prompted by an order received by him to recruit companies to war strength of 150 men. This means that the companies may depart from

the mobilization camp at Lincoln with sixty-five men and recruit to war strength later.

Lincoln Officer Comes. Returning from Lincoln early yesterday morning with orders to make a super-human effort to recruit 200 men in the next couple of days so that they can accompany the Nebraska guardsmen when they leave for the border Sunday, or possibly Monday.

Lieutenant William B. Hall and two aides, Sergeant Jerry Thornton and Private John Norris were on the job before 8 o'clock.

Although he is with the Fifth regiment, Lieutenant Hall has orders to recruit men for both Nebraska regiments. Whenever possible recruits are to be assigned to companies of their choice, although, of course, the officers have the authority to put them where they please.

Prospective guardsmen who would rather go to Lincoln and enlist at the mobilization camp are welcome to that privilege.

Lieutenant Hall asserted, "We must have 200 men and we've got to have them in the next day or so."

It is particularly imperative that the Nebraska regiments be brought up to their maximum strength before they go to the border.

Station in Court House. Lieutenant Hall's duties will not conflict with those of recruiting officers already stationed in the court house, Harney street entrance. They are all first lieutenants and will work together to recruit the desired 200 men.

The first lecture at the mobilization camp was given by Lieutenant Wrightson of regular army at the auditorium at Lincoln yesterday morning. He was not at all backward in giving the men to understand just exactly what they were going into and spoke in plain words, touching

upon private and general diseases usually incident to camp life. A message was received by headquarters just before noon that the new company being formed at Grand Island was ready with fifty men. They were ordered to entrain and reached camp this afternoon.
