campaign of education is to be ted by the Associated Retailers of Campaign of culcation is to be started by the Associated Retailers of Omaha to teach people to avoid the evil practice of taking out an excessive lot of goods on trial, only to be returned later to the stock. This is the "return goods" evil so much talked about now by the retailers of Omaha and other large cities. According to figures obtained Omaha is still in a better position in this respect than most of the large cities, for it was said that the percentage of goods returned here is smaller than in almost any other big city in the country. In some of the stores in Omaha the percentage of goods returned when sent on approval is as low as 10 per cent. This is due to careful methods and management.

HAPPY HEARTS AT **VOLUNTEERS' PICNIC**

First to Arrive Was "Aunty" Price, Aged Match Vender and Well Known Character.

PLENTY PLEASURE FOR AL

"Aunty" Price, with her cane, her basket and her black bonnet, was about the first to arrive at the Volunteers of America hall, 114 North Fifteenth street, Thursday morning. "Aunty" is the little woman who

sells matches on the downtown streets. She is bent beneath the burden of four score and two winters but her heart is still young and she looks forward to the Volunteers' picnic with the zest of a child.

Several weeks ago she appeared and asked Major McCormick whether she would get to ride out in an automo-bile this year, as she did last. She was assured that she would. And, in-deed, she did. "Aunty," basket, bon-net, cane and all was sitting in state net, cane and all was sitting in state in Mrs. E. A. Singer's automobile long before time to start. Asked for a bit of personal history, "Aunty" said:

Old Resident of Bluffs.

"I came to Council Bluffs in '49 and to Omaha in '80. But I'm staying with a lady in the Bluffs now. She's alone, so I stay with ler at night. I have to get back there by dark."

So, you see, "Aunty" can still take care of folks. She's an independent body, is Mrs. "Aunty" Price. Then there was Mrs. Crum, a little woman with toil-weary body. She carried a baby and four more young-sters clung to her skirts. Mrs. Crum's

sters clung to her skirts. Mrs. Crum's oldest boy wasn't there because he "has a job."

There were many other mothers with tired eyes, through which shone the light of joy as they saw their children, for one day, at least, romping in happy anticipation and, about to have a fine car ride and good things to eat, limited only by their gastronomic capacities. gastronomic capacities,

McCormicks Are the Busy Ones. Major and Mrs. McCormick were busy. found the wife sulliy as charged and mentions the name of the co-respondent in the case.

Knights Templar Returning—Knights Templar who attended the annual conclave in Indianapolis last week are returning to their western homes. Instead of returning in special trains, as they went, they have acattered into small parties and are soing back by twos and threes. The largest returning party will be tomorrow, when a special car will arrive over the Northwestern and go out over the Union Pacific. There will be some twenty in this delegation They are from Los Angeles.

DYSPEPSIA OF WOMEN

Special Treatment Required.

Many women suffer from a form of indigestion or dyspepsia which does not yield to ordinary treatment. While the symptoms are similar to those of ordinary indigestion, yet the medicines usually prescribed do not restore the patient's normal condition.

There seems to be a kind of dyspepsia caused by derangement of the female organism. While this appears to be the same as ordinary indigestion it can be relieved only by a medicine which, be des acting as a stomach tonic, is good for female ailments.
