Recruiting Record Is Broken in June

Recruiting records were smashed at the Omaha army recruiting station in June, when 324 applied for enlistment and sixty-one were accepted. Last June only eighty-eight men applied, of whom twenty-two were accepted. This year, however, the three substations at Des Moines, Sioux City and Lincoln, which are included in the figures, were not open last year. All men who apply at these stations are enlisted by the recruiting officer at the head station in Omaha. Ten men are now waiting in Des Moines for the recruiting officer to swear them in. Three are here and will go out Monday. Another man for the signal corps will go out next week.

New Burlington Official Takes Up Duties Here

W. F. Thiehoff, the new assistant general manager of the Burlington, has taken charge of the affairs of his office, succeeding B. B. Greer, who was transferred to Chicago, to become assistant to the vice president. Mr. Thiehoff comes to Omaha from Lincoln.

During the morning, Mr. Thiehoff held a lengthy conference with General Manager Holdrege. Mr. Thiehoff is one of the old officials of the road, having been general superintendent at Lincoln, prior to his promotion. At Lincoln he is succeeded by L. B. Lyman, who was formerly superintendent of the Wymore division. Mr. Lyman spent a portion of the day in the city, in conference with General Manager Holdrege and the new assistant general manager.

Dr. and Mrs. A. B. Marshall Return from Trip Through East

Dr. and Mrs. A. B. Marshall have returned from their trip through the east. While away they visited with friends in Rochester, N. Y., and New York City, attended the commencement of Princeton university and Mount Holyoke college and made a short motor tour through the Berkshire hills.

Teacher Goes to Columbia University for Summer

Miss Cara Vore Taylor, head of constructive English in the Central High school, left Saturday for Columbia university, where she will take courses in English and education. While in New York she will be with her brother, Dr. William J. Taylor of Brooklyn Teachers' Training school. Miss Anna L. Vore, a teacher in the Lincoln schools, will accompany her and take courses in Columbia also.

Increase in Valuation Of Property Transferred

A million-dollar increase in the valuation of real estate transferred during the first six months of 1916 against a similar period in 1915 is the cheering news given out by Harry Pearce, registrar of deeds. From January 1 to June 30 of the present year deed considerations were \$9,478,105, against \$8,695,412.

Dozier Finds Crop Conditions in the State Are Perfect

Assistant General Freight Agent Dozier of the Missouri Pacific is home from a week spent on the company lines in Nebraska; he having accompanied Superintendent Russ of Falls City on the latter's special.

The two Missouri Pacific officials went over every mile of main and branch lines in the state and Mr. Dozier returns tanned to a rich brown leather color, but he asserts that he had a delightful trip. Said he: "It was a warm ride, but I was amply repaid. Traveling slowly as we did, I had an opportunity of noting the condition of crops, and I want to say that I never saw such small grain. All through the southern part of the state the small grain harvest is on and farmers tell me that the wheat is going to be a bumper crop almost everywhere. This year there are no bad spots and universally the condition is good."

"South of the Platte river the wheat harvest will be over in ten days or two weeks, and if the weather continues dry the crop is going into the shock in perfect condition. While corn was a little late, the warm weather is bringing it along rapidly and inside of ten days it will be at the normal for this season of the year."

Price of Silverware Has Been Advanced

Persons who are saving up their pennies to buy another silver spoon, knife or fork of their particular pattern in order to help complete a set, and those who are buying chests of solid silver for wedding presents or silver wedding gifts, are being compelled to dig deeper into their pockets than they had anticipated.

Unsophisticated Harvest Hand Loses a Double V

Joe Toman of Clarkson, harvest hand, on his way to work in Kansas, met a man on Tenth street, near Harney, who promised him a job on a farm a few miles from Omaha, and on the strength of this got possession of \$10 that Toman intended to use for a railroad ticket. The man disappeared, and Toman has neither the ticket nor the job. He reported his loss to the police.

Two Men Overcome By Oppressive Heat

Two men overcome by heat were attended by police surgeons yesterday morning. Axel W. Jorgenson, 3407 Erskine street, fell from his wagon at Eleventh and Jackson streets and received a lacerated scalp, while John Casey, a butcher of Albright, was overcome near police headquarters and was taken to St. Joseph hospital.

West Farnam Property Sold to Charles R. Sherman

Two hundred and thirty-three feet of property fronting on Farnam, on the northwest corner of Thirty-fifth avenue, brought \$45,000 when Richard Ware Hall transferred it to Charles R. Sherman. The property is 140 feet deep and covers nearly half a square block.

Charles A. Goss comprised the committee which drew up the resolutions. District Judge George A. Day, R. A. Van Orsdel, Charles Battelle, C. S. Egutter and John Battin made speeches, telling of their experiences with Mr. DeBord.

Memorial Services for Late W. A. De Bord

With a big crowd of friends and fellow members of the Douglas County Bar association in attendance, memorial services for the late Attorney William A. DeBord were held Saturday morning in Court Room No. 1 at the court house.
