

HUSBAND SAVED HIS WIFE

Stopped Most Terrible Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Denison, Texas.—"After my little girl was born two years ago I began suffering with female troubles and could hardly do my work. I was very nervous but just kept dragging on until last summer when I got where I could not have a child every day and hot flashes and dizzy spells and my head would almost burst. I got where I was almost a walking skeleton and life was a burden to me until one day my husband's step-sister told me I would not last long and told him to get your medicine. So he got Lydia E. Pinkham's Vegetable Compound for me, and after taking the first three doses I began to improve. I continued its use, and I have never had any female trouble since. I feel that I owe my life to you and your remedies. They did for me what doctors could not do and I will always praise it wherever I go."—Mrs. G. O. LOWERY, 419 W. Monterey Street, Denison, Texas.

If you are suffering from any form of female ill, get a bottle of Lydia E. Pinkham's Vegetable Compound, and commence the treatment without delay.

EVERY FOOT ACHE HITS BRAIN A SEVERE JOLT

The nerve of the human body are so closely interrelated that a shock to any part of the body is echoed in the brain. This is particularly true, as every foot ache, pang of pain or discomfort shocks the whole nervous system and jolts the brain like a blow. That is why foot troubles are so often unable to do themselves justice and why so many employers will not accept a man who is a foot sufferer. Foot troubles, however, are easily handled. A 25-cent package of W-V-N will relieve foot troubles and bring relief almost instantly. Two or three tablets dropped in a pan of water will furnish a foot bath that will wash away the pains and aches of tired, weary, burning, sore and tender feet. Excellent when used for general bathing, leaving skin soft and healthy. If your druggist hasn't W-V-N, send us 10 cents and we will gladly mail you a sample package. L. C. Car Driver Finds Self 'Arrested' and Takes 'Captors' to Station

When Andrew M. Larson, Sixtieth and Center streets, went to get his car, parked near Hanscom park, he found two young men in it, according to his story. Inasmuch as he lost a car about a week ago he was immediately on his guard, but the two men informed him that they were officers and that he was under arrest for operating a car without a rear light.

He started to bring them to the police station. When two more men boarded the car soon, his suspicions were aroused, and when the quartet wanted to buy him a drink when they reached the downtown section he was reasonably certain that something was wrong and demanded to see their stars. When he drew up to the police station three of the men ran off, but he held one and brought him to book as a suspicious character and for impersonating an officer. Lloyd Kunce, the man who had been arrested, denied that he had any intention of taking the car or of impersonating an officer, but was locked up without bail.

The police caught two other men whom they accuse of attempted auto larceny. Frank Smith, 825 South Thirty-sixth street, was captured at Eighteenth and Farnam in a car belonging to E. S. Merrill, 213 M street. Peter Boyd, 2548 Reese street, was attempting to make off with Harry B. Fiehart's automobile.

Fourth of July Celebrations For Cuming County People

West Point, Neb., July 2.—(Special.)—Fourth of July celebrations are planned for different points in the country precincts of Cuming county. Among the most elaborate is the one scheduled for Monterey, eight miles southwest of this place, for which extensive preparations have been made.

West Point has not celebrated the Fourth in a special way for some years, reserving their energies for the annual race meet, an event which will this year eclipse all previous attempts, both in number of events and style.

Every effort is being put forth by the management to make this year's meet a record breaker in all respects. This will be the seventh annual meet at this place, each succeeding year being better than the one preceding.

Police Raids Result in a Number of Arrests

Cox as keepers of a gambling room and five men as players were the result of a raid at 510 South Tenth street. William Weshal and his wife were arrested at 1819 Izard street as keepers of a gambling room and disorderly house.

PLAN SANE FOURTH AT SOLDIERS' CAMP

Guard Authorities Will Not Allow Explosives Within the Tented City.

STILL WANT MORE MEN

(From a Staff Correspondent.)

Mobilization Camp, Lincoln, July 2.

(Special.)—There will be no celebration at Camp Morehead on the Fourth of July so far as firing fire crackers and other things incident to a noisy celebration, according to orders promulgated by the official head of the camp.

Work of examining member of the different companies composing the Fifth regiment progressed finely today with prospects of finishing up soon. In the Fourth regiment, it is understood that 109 of the 734 men examined failed to pass. Eight hundred and fifteen men are required to bring the regiment up to strength, but the Fourth has present or within call 942, so that there is no danger that there will be a shortage.

While the two regiments are understood to carry on a sort of rivalry as far as efficiency is concerned, all this has disappeared and the two regiments are working in perfect accord, the Fourth having turned over to the Fifth all men recruited it does not need itself in order that the latter may be recruited as soon as possible.

Winner Men at Work.

The millionaire company from Wisner is hustling night and day under the command of Captain Kelso. It came very nearly losing its identity as a supply company soon after reaching camp, the members being recruited up and among the companies of the Fourth regiment before muster, but it is understood that they will again be allowed to retain their organization.

The men showed up well last night in the review when the companies marched to the city and were reviewed by General Hall from the balcony of the Victoria hotel. A little later there will be another parade, when they will be reviewed by Governor Morehead.

Heat prostrations have been very few and of a minor nature. With the thermometer around the 100 point the boys worked out in drill and appeared to be able to withstand the torrid atmosphere nicely.

Nebraska City business men sent to the commander of Company B of the Fifth, \$200 in United States money to be placed in the company treasury to be used in the way it would do the boys of the company the most good.

Pie Boy in Trouble.

This morning a small boy lugging a dozen pies was halted by the guard while entering the grounds and taken to headquarters for examination. An order has been made prohibiting the sale of pie, pop, pastry, and other such things as not being conducive to the welfare of the soldiers. At noon today he had not been taken before the military tribunal, but was in charge of a corporal calmly waiting for his fate. It is not likely that he will be shot at sunrise, but it is probable that he will be given a reprimand and the pie confiscated and given to the poor, whose stomachs are more used to pie than those of the soldiers.

While the inconvenience of carrying around 24 pounds of fat and other things is mighty uncomfortable this hot weather, there are other inconveniences in connection which make trouble. The young people of Philadelphia are to a foot ball player, but it hampers a man somewhat in the war game so R. R. Rausch, the well known foot ball player, formerly of Wesleyan has discovered. "Rolly" resorted to several things to bring down his weight before going before the examiners. He was able to knock off over twenty pounds, but not enough to fill the requirements and was rejected.

Visitors Welcome Sunday.

It is expected that a large crowd will visit the grounds both Sunday and on the Fourth of July. The same rules which have been in force requiring automobiles to park either outside or inside the entrance will probably be in force. This is done because the vehicle travel around the grounds would raise so much dust that it would cause great inconvenience, especially in the neighborhood of the cook tents.

Wants Her Husband Sent Up to Asylum, Then Says He's O. K.

Twenty-four hours after she had filed an insanity complaint against her husband, charging him with being an incurable drug addict, Mrs. Edward Taylor, 620 South Sixteenth street, appeared at the office of the clerk of the district court and declared that she had lied, that she did not know what she was talking about and that she was unable to ascribe any reason for her action.

When court house officials questioned her closely over her sudden change in front, she became hysterical, and created a scene in the court house that attracted a big crowd from the street.

Taylor was arrested June 24 on a charge of petit larceny and sentenced to the county jail to serve thirty days. It was while he was in jail that his wife appeared to make the complaint.

When she regained her composure, she said her husband was temporarily affected, and that if he was released, she would provide proper care for him.

The release of Taylor was arranged and they left the court house, as in arm.

Runs Man Down and Then Takes Victim to Cop Station

Charles Zouzer, 3508 South Thirtieth street, was thrown down by a car driven by Thomas Andressen of Millard at Sixteenth and Douglas streets last evening. His left ankle was sprained and he was severely shaken up. Andressen took the injured man to the police station for medical attendance and then home.
