

GERMANS MAKING GAINS IN GALICIA

Teptons Advance Five Miles at One Point and Russians Fifteen at Another.

AUSTRIANS HARD PRESSED

London, July 3.—As a result of one week of most costly onslaughts on the Russian lines between the Stokoh and the Styx rivers the Austro-German forces have advanced their battle front at the most five miles eastward toward the Styx, and that only in some sectors, says a Reuter's dispatch from Petrograd.

Firmly Holding the Enemy.
Military authorities, the correspondent adds, are confident the Russians are firmly holding the enemy on this front pending the development of General Letchitzky's sweep through Bukovina, notwithstanding that strong German reinforcements are entering the field.

Meanwhile the Russians have progressed fifteen miles southwestward of Kolomena, and the Austrians there are hard pressed to cover their retreat to the Carpathian mountains.

ARMY ON BORDER IS DIVIDED INTO THREE SECTIONS

(Continued from Page 1.)

ments of command thereto as indicated:
A.—Southern department to be under command of Major General Frederick P. Stone, to embrace that part of the present department in a line east of El Paso.
B.—The department of New Mexico, with headquarters at El Paso, Tex., to be established under the command of Brigadier General John J. Pershing, to extend from western boundary of southern department to the 103rd meridian.
C.—That portion of the southern department west of the 103rd meridian, to be assigned to the western department, under command of Major General J. F. Bell, with field headquarters for same at Douglas, Ariz.

General Bell is now in command of the western department, with headquarters at San Francisco. He also is a former chief of staff of the army.

Pending the appointment of an officer to supreme command, the functions of the three departments will be co-ordinated through the War department.

Does Not Mean Withdrawal.
The assignment of General Pershing to the command of the department of New Mexico, it was stated, does not mean the expedition into Mexico is about to be withdrawn or that General Pershing himself will return to direct the affairs of the department from El Paso, his new headquarters. It is assumed that he will remain in the field. If he is promoted, a brigade commander probably will be sent to relieve him in Mexico, unless developments should necessitate the sending of a large number of additional troops across the border.

Brigadier General George Bell, jr., will remain in direct command of the El Paso district, where his brigade is on duty.

Nothing from Carranza.
The State department had no advice today as to when a reply of General Carranza to the demands sent a week ago might be expected. The Mexican embassy also was without information on this point. The department has received intimations that the Mexican ambassador had received the note last week.

Refugees are still coming out of Mexico by the way of both coasts. The transport Sumner sailed from Vera Cruz last night for Tampa with all the Americans who had assembled from the interior at the Mexican port. The gunboat Wheeling brought fifty from Yucatan to join the Sumner's passenger list.

The transport Buffalo will reach San Diego, Cal., tomorrow with 305 men, twenty-nine women and ninety-three children, picked up at various west coast ports. The steamer San Jose sailed today from Manila for San Francisco, according to State department advice, with several American refugees and a quantity of American-owned gold and silver bullion which had been seized by local Mexican authorities and returned at Carranza's direction upon a protest from the State department.

Army Bill Carries Nearly Third Billion

Washington, July 3.—The army appropriation bill, revised by the senate military committee and ordered reported today, carries \$328,000,000, an increase of \$146,000,000 over the bill passed by the house last week. The heavy increases over the house bill were declared by senators to be essential in view of the reorganization of the army and National Guard and the necessity of equipment in the Mexican emergency. For aviation and ordnance the senate committee increases aggregate about \$40,000,000 over the house appropriation.

For pay of enlisted men of the regular army and National Guard the senate committee proposes \$23,000,000, as against \$7,500,000 appropriated in the house bill. For subsistence, the appropriation is increased from \$13,000,000 to \$27,000,000; quartermaster's department supplies from \$8,700,000 to \$17,000,000; transportation and supply from \$12,040,000 to \$38,000,000; clothing, camp supplies, etc., from \$12,000,000 to \$20,000,000. Proportionate increases were made by the committee to nearly every item in the bill.

SUMMARY OF THE WAR

THE MARKED SUCCESS was won by the British and French in initiating their great offensive along the western front are being successfully followed up. Heavily pounding of the German second line south of the Somme the French have captured few lines of trench, although they have advanced to within the village of Marbais, two miles southeast of Doullens.

CROWD IN WATER WHEN LAD IS DROWNED—Upper picture shows the crowd on the pier from which young Caillier swam to the pontoon from which he dived to his death. Insert shows the dead boy, Joe Caillier, and insert lad in bathing suit is George Aitkenhead, who plunged into the lake and brought up the body.

MRS. HETTY GREEN DIES AT NEW YORK

(Continued from Page 1.)

ten times. She also inherited family traditions which had been a pride for three centuries, and which she was anxious to perpetuate in her children. She was born at New Bedford, Mass., in November, 1834, about the 20th, according to her testimony at one time in court. She was a descendant on her mother's side of Henry Howland, brother of Pilgrim John Howland of the Mayflower.

In succeeding generations the Howland family became famous in the whaling industry and shipping trade with China and had an irreproachable social standing. Edward Mott Robinson, who had also amassed a fortune in a similar way in New Bedford, married Abby Howland, of whom Hetty Robinson, the future mistress of finance, was born. She was sent to a Quaker school on Cape Cod and to a seminary in Boston, and got her first lessons in finance when her aging father entrusted her with some of his books.

Belle in New York Society

She was just 30 years old when her father died suddenly, leaving her his \$9,000,000, \$1,000,000 outright and the income from the other \$8,000,000, the principal to be held in trust for her children. It is forgotten that Hetty Green, then Robinson, was a belle in New York society. According to her own stories, she "often danced the whole night through." Even then, however, she lived in a boarding house and was so saving that rather than purchase a pair of heavy woolen stockings over her shoes and walk through the snow to parties.

Almost at the same time that her father died, her aunt, Sylvia Ann Howland, passed away, leaving several million dollars. It is said Hetty Robinson had been brought up from childhood to count this money as hers, and the aunt expressed the hope that Hetty would some day become, as she did, the richest woman in the country.

in the silk trade. It is said Green, at a public dinner, heard someone speak of Hetty Robinson as "the greatest American heiress," and straightway announced his determination to marry her. Before the wedding day an agreement was signed to the effect that the wife's fortune should never be drawn on to meet the husband's debts or any of their joint expenses. He died in 1902 after having lost most of his money in Wall street.

Both Hetty Green and her husband were there for many years, but on separate accounts. Her most pretentious home was at Bellows Falls, Vt., where she spent many summers, but even this place was notorious there for never being in repair. In winter she hid herself in some of the least expensive neighborhoods around New York, guarding her identity by putting the name of her pet dog, "Dewey," on the doorplate. Her daughter, Sylvia, was her only companion. The latter she kept from society, but in 1909 consented to her marriage, at the age of 30, to Matthew Astor Wilks, a wealthy New Yorker of 57 years.

Son Becomes Prominent

It was Hetty Green's ambition to make her son, Edward Howland Green, the richest man in the country. She put him through many severe tests to try out his business qualifications. She finally sent him to Texas, where he eventually worked himself to the front as a railroad man and financier. Since 1893 he has been president of the Texas Midland railroad and a factor in many other interests. In late years he largely assumed the management of his mother's property.

Hetty Green's investments were largely in mortgages, and whenever she invested in anything it was only

after she had made the most minute personal examination of the properties. She never disclosed in detail the secrets of her success, but she admitted it was mainly in buying when things were cheap, and never selling until they were high. If asked for advice as to what would be good to invest in, her epigrammatic answer was usually, "The other world." While never intensely religious, she was a frequent attendant at Quaker meetings, and only a few years ago she, like her daughter, was baptized in the Episcopal church.

Orpet Jury Spends Holidays at Lake Home of Member

Waukegan, Ill., June 3.—When the trial of Will H. Orpet, former University of Wisconsin student, accused of the murder of Marion Lambert, is resumed in Judge Donnelly's court here Wednesday, two new lines of expert testimony are expected to be developed by the defense.

Dr. William O. Krohn of Chicago, noted as an alienist, is to take the stand, it was announced today. It is said that he will testify that in his opinion Marion Lambert's disposition and frame of mind were such that the suicide theory of the defense is logical and consistent with the physical facts already adduced. The other line of reasoning he is expected to support is that Orpet's mental constitution is such that he is incapable of murder.

Further evidence is to be presented, it was said today, that there were no spots on Marion's coat when it was produced at the coroner's inquest. It is said that other members of the coroner's jury will give testimony corroborating that already presented by two members of the jury.

Corporal Cooke, Carrizal Captive, Is Given Freedom

El Paso, Tex., July 3.—Corporal Frank Cooke of the Tenth cavalry, survivor of Carrizal, who was brought to Juarez yesterday, was turned over to the American military authorities at 11:15 a. m. today.

Columbus, N. M., July 3.—Sergeant D. Farrier, Troop C, Tenth cavalry, and Private Ernest Johnson, Troop K, survivors of the Carrizal fight, arrived here today from Mexico on their way to the Fort Bliss hospital, El Paso.

PLENTY OF GOLF IS ON THE CARD TODAY

Annual Mashie Contest for the Ernest Sweet Trophy is Billed for Field Club.

GETTING READY FOR STATE AT FOUR THIRTY TODAY

Omaha golfers will have ample opportunity to celebrate the Fourth upon the links if they so desire. George Washington, Field and Country clubs will all stage special competitions. At the Field club the annual mashie contest for a prize offered by Ernest Sweet is on the bill, and at Happy Hollow a dinner match is to be played between two picked teams.

Special driving and putting contests will be held at both the Country and Happy Hollow clubs. The Field club course has been very popular this week, many of the local golfers planning to enter the state tournament, having taken their opportunity to play a round or two before the state event is opened Wednesday morning.

Professional Bill Clark says he will be on hand early enough to accommodate even a fanatical early riser on Wednesday morning, and as at least 150 starters are expected pairs will be kept busy teeing off most of the day. The qualifying round of thirty-six holes, medal play, is the program for the first day, and the club championship match for teams of four from each club entered is also to be played, the scores of the team members in their qualifying round also applying in the club championship affair.

Teams will enter from the Omaha Country club, Field club, Happy Hollow club, Miller Park club, Council Bluffs Rowing association, Lincoln Country club, Elmwood Park club and Prettieville club, with a possible added starter or two from out in the state, and the Country and Field clubs will probably enter two teams each. The personnel of the various teams has not yet been announced.

FRENCH AND BRITISH DRIVE CONTINUES

(Continued from Page 1.)

river. To the north of the town of Aricourt the British have pushed forward and have gained ground at a higher elevation. British forces north of Fricourt have pushed forward to higher ground, says a Reuter dispatch from the front today. The situation here is promising, the correspondent wires.

Fighting continues intense on virtually the whole British front. Above the Ancre there has been no important change. The British have heavily bombarded Thiepval.

At La Boisselle severe fighting is proceeding. North of Fricourt the British have pushed their positions forward to higher ground. The situation here is promising for the British. A heavy shelling of Montauban by the Germans continues. The British appear to be well established in the town.

WAR RESTRICTIONS.

The policies issued by THE MIDWEST LIFE contain the following paragraph: "If within fourteen months from the date hereof the insured, being sane or insane, shall commit suicide or shall die as the result or consequence of any aerial voyage; or shall die within five years from this date as the result or consequence of future military or naval service in time of war, the liability of the company shall be only the sum of all premiums paid hereon."

THE MIDWEST LIFE

of Lincoln, Nebraska. N. Z. SNELL, President. Guaranteed Cost Life Insurance. GEORGE CROCKER, General Agent. City National Bank Building, Omaha.

BELLANS

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

This institution is the only one in the central west with separate buildings situated in their own ample grounds, yet entirely distinct, and rendering it possible to classify cases. The one building being fitted for and devoted to the treatment of non-contagious and non-mental diseases, no others being admitted; the other Best Cottage being designed for and devoted to the exclusive treatment of select mental cases requiring for a time watchful care and special nursing.

CHILDREN TO LEARN ABOUT THE FOURTH

Tots of West Harney to Move Their Parade to Seymour Lake This Year.

AT FOUR THIRTY TODAY

By MELLIFICIA—July 4. A wee kindergartner told me the other day, "I made a picture of George Washington at school." But when I asked her who was George Washington she said, "Why, George Washington," and no further inquiry could elicit any information. There is a group of children in town, however, who not only know about the father of their country, but are doing what they can to preserve his patriotic spirit.

The children of the West Harney street region have for the last five years observed a safe and sane Fourth of July. Under the guidance of Mrs. George Mickel and others, they have staged the cleverest parades and patriotic celebrations without a suggestion of broken arms and burned fingers and blinded eyes.

This year, as before, a grand pageant with floats, colors, tableaux, flags and singing has been prepared under the direction of Mrs. Mickel and Mrs. T. L. Combs. It is to be a

bigger and better affair than ever before, it is said, because fifty children from Seymour Lake have collaborated to make the event a huge success. The parade will take place at Seymour Lake club grounds, starting at the playgrounds and moving to the club house. The hour set for the pageant is 4:30 this afternoon.

Lincoln Pastor Preaches a Patriotic Sermon

(From a Staff Correspondent.) Lincoln, July 3.—(Special).—From the very highest point on St. Paul Methodist church, where stands a big electric cross lighted by over 600 electric lights, waves Old Glory. The church is presided over by Rev. T. W. Jeffrey, the preacher who has from time to time taken a firm stand for preparedness and who has been criticized by some of the pacifists.

Last night Dr. Jeffrey delivered a sermon on the "Glory of the Flag." He said that the men of the newspaper who would in any way discourage enlistments at this time was a traitor to his country and he had no use for that sort of individual. "The greatest emblem on the face of the world is the cross of Jesus Christ," said the preacher, "but next to that is the flag of one's country."

The heat of the torrid zone is experienced on the seacoast of Mexico and the low tracts bordering on the gulf, and in the valleys shut in by mountains. In some of these areas the thermometer seldom drops below 100 degrees in the summer months.

THOMPSON-BELDEN & CO.

The Fashion Center of the Middle West —
Established 1886.

Our Annual July Sale of Women's Wearing Apparel

To our thousands of customers, both in Omaha and surrounding cities, we announce for Wednesday our great semi-annual clearing sale of

Summer Dresses of All Kinds

Suits of All Kinds

Coats of All Kinds (Except Jersey Knit)

The garments we offer are high-grade, made to our special order and not purchased for special sale purposes. Sale will continue until these lines are closed out.

Sale Starts at 8:30 A. M.

Second Floor

Please note that we have not advertised prices, but merchandise—for it is not what you pay, but what you get that counts.

July Clearing Sale White Embroidered Voiles

Wednesday we will sell our fine Hand-Embroidered Voiles at the following reduced prices:
All \$1.50 Embroidered Voiles, a yard.....75c
All \$2.00 Embroidered Voiles, a yard.....1.25
All \$2.25 Embroidered Voiles, a yard.....1.50
All \$2.75 Embroidered Voiles, a yard.....1.75

Ribbon Sashes

Fashion dictates that sashes be worn with the summer dress. To give you an idea of the many different ways for making, our Mrs. David, who is an expert in her line, has made up a line of samples which are on display at the Ribbon Section.

Some finished with bows in the back, others with long ends decorated with French rosebuds. Orders given will receive prompt attention.

Ribbon Section—Main Floor.

MOIST AIR HEATING

has been brought to a remarkable degree of EFFICIENCY, COMFORT and HEALTHFULNESS by the famous

VACUUM FURNACE

Furnace Protected by U. S. Patents Nos. 1165121, 1171245. Name "Vacuum" is Trademark, Registered U. S. Patent Office, No. 1161262.

"The Furnace That Ventilates as Well as Heats."

A great advancement in hot air heating. Costs much less to install than the old style pipe furnace—saves one-third in fuel—saves you a cool cellar storage and can be put in an old or new house in one day.

Come and see this furnace or ask for catalog and testimonials from your neighbors. Thousands in use in Nebraska and Iowa. Sold under an ironclad guarantee. Terms if you wish.

FER-MIL-LAK

Finds Great Favor in Training Camp of

ED. (Strangler) LEWIS

During the training period the camp of Ed. (Strangler) Lewis has been supplied with FER-MIL-LAK from Alamito Dairy. Here is what Manager and Trainer Sandow says:

Strong Recommendation

"We want to recommend 'FER-MIL-LAK' very highly. During the time we have been in Omaha we have used it generously, making special observations on the results obtained. For a time we used lots of water, but after starting with 'FER-MIL-LAK' we were able to eliminate water entirely and the boys used 'FER-MIL-LAK' exclusively. All the boys found that their stomachs kept in excellent condition all the time. 'FER-MIL-LAK' proved itself to be the best regulator we have ever used. It should be a staple food or drink with people in good health and those who want to build up. In the future we will keep on using 'FER-MIL-LAK.' Too much cannot be said for it."

Order "FER-MIL-LAK" Today From

ALAMITO

The "MILK-WHITE" Dairy.
