

Nebraska LARGE CROWD OUT AT CAMP MOREHEAD

Patriotic Services Held for
Guardmen in Lincoln Mo-
bilization Center.

SIGNAL CORPS IS READY

Lincoln, July 4.—Despite the threat-
ening weather, large crowds attended
patriotic services at Camp Morehead
today. At 10 o'clock Captain Beecher,
chaplain of the Fourth regiment, read
the Declaration of Independence, and
Governor Morehead made a brief talk.
Regimental bands furnished music.
The Nebraska signal corps will be
recruited to full strength and ready to
start to the border late today or early
tomorrow. But five more men are
needed. As soon as they are obtained,
Captain Tapes, U. S. A., in charge
of the War department, will wire
the central department. Equipment
for the signal corps and two infantry
companies has arrived.

North Platte Boy Has Attack of Tetanus

North Platte, Neb., July 4.—(Special)—
William Gaunt, 6-year-old son of
Mr. and Mrs. Hugh Gaunt is suffer-
ing from an attack of tetanus—the
first lockjaw victim in the history of
the city. Two weeks ago the boy
stepped on a garden rake inflicting a
slight wound in the foot. The in-
jured foot was dressed and had ap-
parently healed. The attack of
tetanus came at midnight. A physi-
cian was summoned and adminis-
tered an injection of tetanus serum.
The child has been taken to the arti-
ficial ice plant where he has been
placed in a cold storage vault, in the
hope that the cold may aid in the
treatment of the case. The child is
in a critical condition and his re-
covery doubtful.

Wounded in Somme Battle at London

London, July 3.—Several special
trains loaded with wounded from the
battlefield in France arrived at the
three principal London stations last
evening. Great crowds assembled at
the approaches to the station and
cheered the men, most of whom had
been wounded during the fighting on
Saturday.
In a few cases the men were still
so dazed that they were unable to
tell what day it was, but in a majority
of the cases their condition was not
very serious. It is remarkable how
few men were suffering from shell or
bullet wounds. Most of them were
victims of the bayonet, testifying to
the hand-to-hand nature of the fight-
ing.

Guardmen Will Be Unable To Vote While on Border

Lincoln, July 4.—Discovery that the
Nebraska law providing for voting by
mail will not permit members of the
National Guard going to the border to
vote has led to a movement asking
the state's congressional delegation to
seek a national voting-by-mail law
from congress.
The Nebraska law specifically says
voters leaving the state cannot send
in their ballots. This means that
2,000 guardmen going to the border
will be deprived of their votes should
they be there next November.

The fire started in the refrigerator,
and owing to the large amount of in-
flammable matter was difficult to
handle. The stock was well covered
by insurance, but the loss on the
building will be heavy, as there was
but little insurance carried.

tion of Attorney General Reed, the
supreme court today issued an order
restraining the supreme executive
council of the supreme forest, Wood-
men Circle from interfering with the

order the treasurer to pay no bills

committee chosen by it. Mrs. Man-
chester alleges she alone has power

A Fine Aid For Mother-to-be

We are all greatly indebted to those
who tell their experiences. And among
the many things which we
read about and
are of immediate im-
portance to the ex-
pectant mother, is a splen-
did external remedy
called "Mother's
Friend." This is ap-
plied over the muscles
of the stomach. It is
deeply penetrating in
its influence. Mothers
everywhere tell of its
soothing effect, how it
allays pains incident to
stretching of cords,
ligaments and muscles. They tell of restful
comfort of calm, peaceful nights, an ab-
sence of those distresses peculiar to the pe-
riod of expectancy, relief from morning
sickness, no more of that apprehension with
which so many young women's minds be-
come burdened. It is a splendid help. Get
a bottle of "Mother's Friend" from your
nearest druggist. Ask your husband to get
it for you. Then write to Brandeis Regu-
lator Co., 408 Lamar Bldg., Atlanta, Ga.,
for a very handsome and instructive book.
It is filled with suggestive ideas of great
help to all women interested in the subject
of maternity. And best of all are some let-
ters from mothers that are real inspirations.

SUFF SHOUTS HER DEMAND TO WILSON

Interrupts President While He
Is Speaking to Labor As-
semblage at Capital.

POLICE CHECK THE WOMAN

Washington, July 4.—Dedication of
the new home of the American Fed-
eration of Labor, with President Wil-
son, members of the cabinet and prom-
inent labor leaders participating, fea-
tured the celebration of Independence
day here. The exercises were pre-
ceded by a labor parade, with thou-
sands of workers in line.
While President Wilson was deliv-
ering the dedicatory address today
Miss Mabel Vernon, a member of the
new woman's party, created a stir by
interrupting with a loudly-voiced de-
mand to know why the president had
tried to block the suffrage movement.
Policemen succeeded in quieting the
young woman without complying with
her insistent requests that she be
ejected. The president stood silent
for a moment and then continued talk-
ing as though nothing had happened.

Interruption Comes Unexpectedly.
About 10,000 people were gathered
before the building which is to be the
headquarters of the American Federa-
tion of Labor. Miss Vernon was with
several other suffragists, including
Miss Alice Paul and Miss Maude
Younger, both leaders in the Congres-
sional union and the woman's party.
Suddenly, while the president was dis-
cussing the advantage of settling dif-
ferences by calm discourse in prefer-
ence to fighting, Miss Vernon arose
and began shouting at him.
"The way," the president was say-
ing, "that is generally used in striv-
ing for right is to get your fighting
blood up. That is the wrong way. If
you come to me with fists doubled,
mine will double as fast as yours, but
if we sit down calmly together and
talk counsel, and have patience and a
desire to get together, we will."

gered into a clinch. When the boxers
broke, Coffey fell to the floor, striking

Mexican Troops Are Being Concentrated

Eagle Pass, Tex., July 3.—Mexi-
can troops throughout the north of
Mexico are being concentrated along
sound military lines, according to
close students of military affairs
among officers here. News reaching
the border indicates that the general
plan being followed by the Mexican
commanders is to scatter small mo-
bile bodies of cavalry throughout the
country just south of the border and
concentrate their main forces at
points some distance in the interior,
the location and railroad connections
of which make possible the speedy
dispatch of troops in any direction
to meet attack and also allows the
movement of ammunition and supplies
when necessary.
Reports indicate that this general
plan is being followed from the Gulf
of Mexico to the Gulf of California.

Russ Battering at German Defenses

Petrograd (Via London), July 3.
The Russians are battering persist-
ently at the solid wall of the German
defenses west and north of Lutsk,
beyond the Shara river. The Ger-
mans have taken the offensive at
various points and fierce battles are
re-ported daily, but with little change
in the alignment.
The Germans are pouring reinforce-
ments to this front from Kovel,
Vladimir-Volynski and Sokal, appar-
ently making a desperate effort to
push the Russians back upon Lutsk.
Their only success has been to bend
the Russian flank position at a cost
of a fearful toll in dead, into an arc,
centering on the village of Forchin,
fifteen miles northwest of Lutsk.

British Make Gains At Certain Points

they had captured in the morning.

avoid a collision with another ma-
chine coming south on Twenty-eighth

glass front and door of the Sommer
Bros. store, 2801 Farnam street.
Neither Mr. Jensen nor his wife, who
was riding in the car at the time of
the accident, were injured. The

BAD FEET AN OBSTACLE TO SUCCESS IN LIFE

"I never employ a salesman who suffers
from bad feet," says a big merchant. "I
know that no man or woman who suffers
from foot troubles can possibly do justice
to any kind of a job, because bad feet tor-
ture a man's body so that his mind can't be
on his work." Thousands of men and women
are handicapped in their life race by bad
feet. It is such a useless handicap every-
day, because a very simple home remedy
will save them. A 25-cent package of Wa-
No-Ta will help instant relief to foot suf-
ferers. You drop two or three of these
tablets in a pan of hot water and bathe
the feet in it for a few minutes. The pains
cease, burning sensation and irritation van-
ishes like magic and the feet are cool and
comfortable in no time. Delightful for use
in both. Leaves skin soft and sanitary. If
your druggist hasn't Wa-No-Ta, we will
gladly send you a sample package if you
will send us 10 cents to cover cost of mail-
