CATTLE—Receipts were very fair for a Thursday, 115 cars being reported in. The rade, however, was slow and duit, the same as it was yesterday, and it was late, in the forencen before any business of consequence had been transacted. Quality on an average was not very good, so that sales do not show up any too well on paper. Prices ranged anywhere from steady to quite a little lower in sums cases.

KOGE-Po for at the shippers were

with the way they bought their bors yesterday, and in a good many classe looked as higher.

There was a much better feeling on the packer market today. Supplies were large at this point, an well as at this point, but Chicago had a comparatively moderate run and prices were higher all around the corcuit. With shipping cappetition so strong and their own requirements large, packer buyers also started buying in good assaon, paying ic higher figures right from the start. Even this advance proved too small to buy the built of the offerings and a great many draves moved at an upture of as much as 6210c, while the close was active, and fully 10c higher. The trade was active all 'hrough and the liberal receipts were cleahed up before 2:30.

The general market was 5.0 15c higher Best hogs, which sold higher yesterday, while other grades were dropping, took the short and of the upture this morning, the fair to derest kinds aboving the most advance. Bulk of the packing hogs was bought at 35:480.15c, with shippers selling mainly at 35:480.15c, he latter price being the top.

YORK STOCKS THEY'RE SORE AT WILSON ON BORDER

Ely E. Druesedow of Houston Tells of Democrats Who Will Turn Republican.

DOUBTS CARRANZA'S POWER

"Sore at Wilson? I should say they are sore at Wilson," said Ely E. Druesedow of Houston, Tex., who is in Omaha visiting for a few days with his brother, Robert C. Druesedow.

"Of course they're sore. Why not? There will never be any peace in Mexico or on the border until America goes in there and establishes a government for them, as in Cuba and Porto Rico. What's the use monkeying around about it for several years like we have done."

Mr. Druesedow says he has been a democrat all his life, but will register as a republican at the first op-

"And I know hundreds in the borportunity.

"And I know hundreds in the border country who, will do the same thing," he said. "I have seen hundreds of men who came out of Mexico—good life-long democrats, driven out of Mexico and their property confiscated, who are awfully sick of Wilson and who say they will vote the republican ticket.

"It is a fact that those Mexicans cannot govern themselves. They are not fit for it. Up jumps one who is a little better bully than the rest and he bullies the crowd for a while. Then they all follow him. In a few weeks along comes another who is a better bully—and they follow him.

"I'd be willing to bet anything I possess that if all foreign countries could keep their hands off and say nothing for one year, Mexicans would overthrow Carranza within a year, much as they shout for him at present."
