MISSOURI WILL BE FOR HUGHES

New York Newspaper Man Finds Sentiment in That State Strong.

KANSAS ALSO IS IN LINE

(From a Staff Correspondent.)
Lincoln, Neb., July 7.—(Special Telegram.)—M. W. Davis of New York, representing the Post of that city, is in Lincoln this evening looking up the political situation from a national standpoint. Mr. Davis attended both national conventions and since the St. Louis affair has been spending his time in Missouri and Kansas interviewing prominent men and securing a line on the situation. According to Mr. Davis republicans of Missouri are sure that Hughes will carry that state and, of course, Kansas will also be in line. He interviewed several prominent men here and had a convention with Governor Morehead. He failed to see Senator Burkett, because of the latter's absence from the city. From here he will visit Omaha.

Remonstrance at Sidney Overruled by the Court

Sidney, Neb., July 7.—(Special Telegram.)—The long fight over the wet and dry issue at the city election was decided in district court today. Judge Grimes found that the vote on the wet and dry proposition was a tie. This finding is the same result received by the board of canvassers. The hearing on the remonstrance against the granting of a license to Selbst G. Aden by the court resulted in the remonstrance being overruled. This finding by Judge Grimes sustains the city council. This case has occupied the court's attention for about two months, during which interval one phase of it was taken to the supreme court, where the wets prevailed. A corps of attorneys was employed by the dries, of which Senator Walter V. Hoagland was chief, and Paddy Miles and John Halligan represented the wet element.

Good Yield is Shown as Harvest Starts in Howard

Farwell, Neb., July 7.—(Special.)—Nearly all the farmers in Howard county started harvesting this week. A bumper crop is predicted and the wheat is expected to average all the way from twenty-five to as high as thirty-five bushels per acre. Harvest hands are scarce and farmers are offering as high as \$4 per day and board and are unable to get them. The corn in this county is looking excellent and is all nice and clean as the farmers had ample time to cultivate it.
