This is the WHITE HOUSE Of Omaha!

Dreshers are cleaning the major portion of "White" Summer Apparel worn in Omaha. In fact, so much of this work is being done here that the Omaha populace is designating this plant as the "White House."

Science proves, and your own experience suggests, that WHITE is the only thing to don in fierce summer heat—so wear white as much as you please, for the cleaning is not expensive—for instance:

Men's Palm Beach Suits are Cleaned and Pressed for \$1.00.
Women's Palm Beach Suits are Cleaned and Pressed for \$1.50

Then, too, there are other white items that must be kept thoroughly "White" to produce contentment—such items as:
White Panama Hats — White Shoes — White Belts—White Parasols — White Fans—White Gloves — White Waists—No matter what it is it's Made Still Whiter at Dresher's.

Better phone Tyler 345 in the morning, saying: "Two a bunch of white clothes that must be cleaned in a hurry," and your cares will at once be relieved by
