Hamilton County Wheat Tests High

Aurora, Neb., July 7.—Farmers who have tested the quality of the wheat that is now being harvested say they have never seen better. The berry of the wheat is large and plump. Some farmers are insisting that their yield will be the best for years. Little hail fell in this county and the entire crop will be saved unless storms appear within a few days. Nearly every farmer in the county is cutting his wheat today. Corn is not laid by, but they have assailed the wheat fields in force.

Johnson County Man is Held on a Forgery Charge

Tecumseh, Neb., July 8.—(Special.)—George F. Dorsch, at one time a farmer in the northern part of this county, later in the drug business at Sterling, and recently of Denver, must face a charge of forgery in the district court of Johnson county. At a time Mr. Dorsch was in business his brother, J. Henry Dorsch, a farmer here, went onto a note with him at the Citizens' National bank of Tecumseh. It seems the note was renewed several times. At the last time of renewal J. Henry Dorsch was out of the county, and it is alleged that George Dorsch placed the brother's name on the paper. George Dorsch claims his brother told him to "fix the note up." J. Henry Dorsch claims not to have had anything to do with it. Judge Albert J. Cornish of Lincoln was recently here and heard the argument for a new trial in the case of the Citizens' National bank against J. Henry Dorsch, on note, this case being the instrumentality of the forgery proceedings. The bank had lost the case and a new trial was asked for. Judge Cornish ruled against the bank. General L. W. Colby of Beatrice was on the bond of his client, George Dorsch, in the forgery case, but he failed to appear at this sitting of the court and Mr. Dorsch has so far failed to secure bond, and he is in the county jail. Judge J. R. Raper informed Mr. Dorsch last evening that a jury will be called and his case will be heard some time this month.

Telephone Company Loses Tax Appeal

Tecumseh, Neb., July 8.—(Special.)—Judge Raper decided against the telephone company in the appeal case of the Lincoln Telephone and Telegraph company against Johnson county, Nebraska. The assessor turned in the property of the telephone company in Johnson county for the 1915 assessment at \$172,300. The telephone company claimed this was excessive and made a return of \$104,000. The case was taken before the county board of equalization and the reduction denied. Appeal was then taken to the district court, and the telephone company loses here. The property was assessed at the same figure for 1916.

Death Call Has Come to Pioneer Ashland Woman

Ashland, Neb., July 8.—(Special.)—After an illness of more than three months Mrs. Amanda Becker died at the home of her daughter, Mrs. C. L. Narber, in Ashland at 12:20 Friday noon, aged 62 years. Funeral services will be held at her late home Sunday afternoon at 3 o'clock, conducted by Rev. Howard P. Young of Lincoln. She is survived by two children, Mrs. C. L. Narber and W. E. C. Becker of Ashland. Her husband, W. N. Becker, died a year ago July 4. Mrs. Becker was a native of New York state, but had lived in Nebraska over thirty years.

Hamilton Republicans Will Meet July 22

Aurora, Neb., July 8.—(Special.)—Chairman B. O. Bergeson and Secretary F. E. Edgerton of the republican county committee have issued a call for a delegate county convention on July 22 at 11 o'clock in the court house here. Two years ago the convention was a mass convention and was poorly attended. The party is being organized in every precinct. The convention will have 150 delegates. Four years ago the Roosevelt sentiment was strong here. Taft secured but 450 votes in the county. This gives Hamilton county but nine delegates in the state convention.

Superior in Need of Better Water Supply

Superior, Neb., July 8.—(Special.)—State Geologist Dr. Condra and Chemist Dr. Wild gave a report before the city council on the water supply. Their analysis showed the water to be unfit for public consumption. It is probable that the present well will be abandoned and a filtering and treating plant erected so that the water from the Republican river can be used.

TWO-THIRDS of all the new cars being equipped by their makers with cord tires are going out on Goodyear Cords.

That is important; but the rapidly increasing favor of these tires among owners of all cars everywhere is more significant to you.

For it shows that motorists in general have found out—as the car makers found out—that every good car gains in looks, in power-saving and gas mileage, in long life and smooth riding through Goodyear Cord Tires.

Goodyear No-Road Cord Tires are made strong, safe and sturdy by these unique advantages:

Jars and jolts are combated by great overruns and the suppleness of Goodyear Cord construction. They are easy to put on and take off because they do not rust fast to the rim. Blowouts are lessened by our No-Rim-Cut feature. Punctures and skidding are reduced by our double-thick, All-Weather Tread. Loose Treads are diminished by our Co-Air Cure. Blowing off the rim is prevented by our Braided Piano Wire Base.
