

MULFORD HITS THE **OVAL AT FAST PACE**

Smiling Ralph Loops the East Omaha Saucer Consistently at 100 to 107 Miles Hour.

RALPH DE PALMA ARRIVES

BY FERD S. HUNTER.

Smiling Raiph Mulford made himself a favorite with the railbirds in the practice at the speedway yesterday afternoon by shooting his powerful Peugeot around the mile and a quarter sauter consistently at 42, 43 and 44 seconds.

Saucer consistently at 42, 45 and 47 seconds.

No more had Mulford looped the track half a dozen times before the wise ones began to predict competition for Resta, Rickenbacher and De-Palma next Saturday when the big classic will be staged.

Mulford's mount is owned by Lutcher Brown, a young millionaire,

Lutcher Brown, a young millionaire, who is still a student at Princeton. Speed enthusiasts who have followed the game closely believe it is the fastest car racing today, faster even than Resta's and De Palma's cars.

Rides with Rick.

Smiling Ralph found the track a little tough, his first few trips around, but that didn't stop him from turning a lap in forty-two seconds, which is about 107 miles an hour. After he came into the pits following the first spin Eddie Rickenbacher piled into Baby Pete Henderson's Maxwell and took Mulford around half a dozen times. Rick knows the groove in the saucer and he knows just how to go in and come out of the sharp and highly pitched turns.

Rick's expert tutilage was apparent the next time Mulford went out as he didn't side-slip and swing when he hit the curves this trip. After a little more practice Mulford will know the track so thoroughly he won't have to shut-off on the turns and that means he will be able to give Resta a stiff battle for the pole position.

Baby Pete Shows Speed.

Baby Pete Henderson, Art Klein and Wilbur D'Alene were out on the track for a few spins yesterday. D'Alene suffered a mechanical mishap D'Alene suffered a mechanical mishap after a couple of trips and had to hike for the garage, but Klein and Baby Pete turned some fast laps before they called it a day. Baby Pete scampered around at 102 and 103 miles an hour for several laps. Then Rickenbacher, who tore his motor down yesterday, took the car out for a while, giving Mulford a ride once and making Baby Pete handle the oil pump the other time.
