

### BLISS TREASURER OF G. O. P. CAMPAIGN

Upham Will Be Assistant Treasurer, with Offices at Western Headquarters.

#### NOTIFICATION PLANS MADE

New York, July 12.—Cornelius N. Bliss will be the next treasurer of the republican national committee. This was officially announced today at the headquarters of Charles E. Hughes.

Mr. Bliss, who is a New York dry goods merchant, is the son of the late Cornelius N. Bliss, who formerly was treasurer of the national committee. Fred W. Upham of Chicago was named as the western representative of Treasurer Bliss.

Senator Warren G. Harding, chairman of the notification committee, told Mr. Hughes, who came to New York from his summer home at Bridgehampton this morning, that July 31 was agreeable to the notification committee as a date for the ceremony.

The nominee held a series of conferences today. He had appointments with Chairman W. R. Willcox of the National committee, with Gifford Pinchot, Senator Penrose of Pennsylvania and William Hale Thompson, mayor of Chicago.

### Wilson Will Make Second Effort to Get Food to Poland

Washington, July 12.—President Wilson today told a large delegation of representatives of Polish organizations that he would make personal efforts to get relief to the starving in Poland. It is understood he is considering a personal appeal to the rulers of the nations involved to allow distribution of food. The state department already has made one such appeal to the governments.

Senator Hitchcock introduced the delegation led by John F. Smulski of Chicago, a member of the Polish Central relief committee. Mr. Smulski told the president that apparently "a deliberate sentence of death has been passed against the people of Poland."

Replying to the delegation, the president said: "This is a matter which has engaged my thoughts constantly, I might say, without exaggeration, and I do not think there is any matter to which the state department has devoted a more constant and repeated effort than that of trying to get relief into Poland. I know the conditions, the tragic conditions, that exist there and nobody could know them without feeling his heart torn with the knowledge."

"Just the other day we issued a special appeal to the governments concerned to make concessions and allow this humane thing to be done. Now I am simply up against a stone wall in the matter. If they do not yield, obviously there is nothing I can do. I cannot force food in there without complicating the situation and without, I conjecture, doing greater disservice to Poland than service. Its only friends are apparently at a disadvantage."

"I can assure you that every kind of pressure that can be brought will be brought and is being brought in the accomplishment of this object. I desire, as well as all those associated with me desire, to help her. I was not forgetful of Poland and was not likely to be forgetful of her."

### Mrs. Chamberlain To Marry Canon Of Westminster

London, July 12.—The engagement is announced of Mrs. Joseph Chamberlain, widow of the late British statesman, and the Rev. William Hartley Carnegie, rector of St. Margaret and canon of Westminster. Before her marriage, Mrs. Chamberlain was Miss Mary Endicott of Massachusetts, daughter of the late William Endicott, secretary of war in President Cleveland's cabinet.

#### All Employees of Northern Railroad in Spain on Strike

Madrid, July 12.—(Via Paris).—A special meeting of the cabinet was held to discuss the strike of employees of the Northern railway and the possibility of a walkout by laborers in the various trades today. Among the proposals for dealing with the situation, which is regarded as serious, is the suspension of constitutional guarantees. The strike is now effective on all branches of the Northern system. All precautions have been taken and the sleep began without incident.

### Would Teach Salesmanship in The Universities

Detroit, Mich., July 12.—Chairs of salesmanship in the leading universities and colleges of the country were advocated by the World's Salesmanship congress here today by Edward Hines, a Chicago lumberman. He also urged post graduate courses in salesmanship, which would include a thorough grounding in economics and practical business law.

Sales managers, traveling salesmen and counter salesmen had their innings at the afternoon session of the congress. Edwin A. Walton, advertising manager of a large Detroit manufacturing company, speaking on "The Correct Attitude Toward Advertising," said:

"Advertising is a poor closer, but a mighty good opener. Let us use it to open men's minds in preparation for our calls. Advertising can influence a million minds at once, at the cost of from a few cents down to the decimal of a cent each. The mission of advertising is to take the burden of educational work off the shoulders of the salesman and enable him to start in nearer to the order."

### Italy War Office Reports Gains in Three Fight Zones

Rome, July 12.—(Via London).—An official report given out here today says:

"On the Isonzo front there were artillery duels. Our batteries set fire to encampments of the enemy on the Isonzo, broke up an enemy column in the Iria valley and caused explosions near the Church of Santa Maria, in Tolmino.

"Hostile aircraft dropped bombs on Latisana, causing a fire which was extinguished quickly. Our air squadrons on July 10 bombarded Tione, in Giudicaria valley and on July 11 the enemy camps at Monte Rover, northeast of Lavarone. Our aeroplanes returned safely."

### CITY HAS CHANCE TO BUY OLD BRIDGE

Activities Committee of Commercial Club Suggests Free Highway to Bluffs.

#### BIG BOON TO TWO CITIES

There is a chance to buy the old Union Pacific bridge at Omaha and make a free bridge of it over the Missouri river, connecting Iowa and Nebraska.

The new activities committee of the Commercial club has for some time been gathering information on this matter. The old bridge is to be dismantled as soon as the Union Pacific completes the new bridge now under construction.

The superstructure of the old bridge is to be removed and the new activities committee has found that it may be purchased from the railway company. What price will be asked the committee has not ascertained, or at least has not yet been made public. At a special meeting of the executive committee of the Commercial club at noon the new activities committee reported its findings as far as it has gone. The executive committee received the report very favorably and continued the committee on this work.

The plan contemplates the purchase of the bridge either by Douglas county, or perhaps jointly by Douglas county, Nebraska, and Pottawattamie county, Iowa.

It is pointed out that a wagon and auto bridge entirely free of toll connecting these two counties would be a great benefit to both counties, and to the cities of Council Bluffs and Greater Omaha.

### Mandamus Brought By Central Bank to Get Bank Charter

(From a Staff Correspondent.)

Lincoln, July 12.—(Special).—Judge Cornish of the Lancaster county district court today granted the application of Albert S. White, W. C. Lambert and Arthur Hoover, officials of the proposed Central State bank of Omaha, for a mandamus to compel the State Banking board to reconsider its action in refusing a charter to the bank, and hold a meeting and grant the same.

Hearing on the matter will be had before Judge Cornish at 10 o'clock July 19.

The State Banking board has refused to grant a charter on the application of the above officials, carrying out a rule recently adopted that no more state banks would be chartered in communities which already had banks sufficient to do the business of the community.

A proposed bank at Sidney has already secured an injunction against the board granted on the grounds that the rule adopted created a monopoly and was therefore against the constitution of the state.

### New-Fangled Complaint Before the Rail Board

(From a Staff Correspondent.)

Lincoln, July 12.—(Special).—All Northwestern station agents and especially the one at Petersburg will be required to take a special course in writing, if an application and complaint made to the State Railway commission by J. H. Lordeman of Boone county is given consideration in the way the complaint asks.

Mr. Lordeman encloses a postal received by him which was intended to convey tidings that he had some freight or other stuff at the Petersburg depot and that he should call and get it. Mr. Lordeman was unable to interpret the writing and requests the commission to force the agent to write so people can understand what the card means. He also wants to know if the agent has a right to "sass a man if he asks for information."

### Prohibitionists to Name Henry Ford if He Is Willing to Run

Chicago, July 12.—Henry Ford of Michigan will be nominated for president on the first ballot by the prohibition party at its national convention to be held in St. Paul July 18 to 21, if he will consent to accept the honor, in the opinion of party leaders who held a conference here today.

If Ford declines to allow the use of his name for president, the leaders declare that the choice will be between J. Frank Hanly, former governor of Indiana; Eugene N. Foss, former governor of Massachusetts, and William Sulzer, former governor of New York.

At today's conference of leaders it was agreed that the party platform would contain planks endorsing the following propositions:

For a world's peace court for the arbitration of disputes between nations.  
For the establishment of a department of peace in the United States government.  
For national woman suffrage.  
For the initiative, referendum and recall.  
For a tariff commission.  
For national prohibition.  
For only such military and naval preparedness as may be necessary for defense.  
The national woman's party may decide to join forces with the prohibition party in the coming campaign, according to a statement issued today by Florence Hyde, secretary of the Woman's National Prohibition federation.

"There is every reason why the woman's party should join hands with the prohibitionists this year, as we stand for everything they want," Mrs. Hyde said.

Form Part of Crowd that Greets Subsea Chief in Baltimore.

#### ALL OFFICERS ARE CHOSEN

Baltimore, Md., July 12.—(Special Telegram).—D. B. Sines, past exalted ruler, and I. W. Miner, secretary of the Omaha Elks, had a novel experience here this afternoon. They were at the grand lodge headquarters at the Hotel Belvedere when suddenly word went around that Captain Paul Koenig of the German submarine which recently arrived here was in the dining room of the hotel.

In a few moments the famous German commander was surrounded by Elks and among them were the two delegates from Omaha. He was very amicably surprised at the cheers which he received from the Elks and in a moment found himself holding an impromptu reception. He shook hands with more than 1,000 Elks and among them were the two men from Omaha.

This afternoon the Omaha delegates participated in the election, when Edward O. Righter of New Orleans was chosen grand exalted ruler over Lloyd Maxwell of Chicago. They saw the big auto floral parade tonight and then attended the grand ball and prize drill in the Fifth regiment armory.
