

Nebraska ASSESSMENTS FOR MANY STATE BANKS

State Board Imposing Levy on Those That Have Not Paid Full Sum.

HOW IT AFFECTS SOME

(From a Staff Correspondent.)
Lincoln, July 12.—(Special Telegram.)—Following the opinion of the attorney general's department that state banks which have paid into the guaranty fund 1 1/2 per cent of its deposits, need pay no more, the State Banking board is proceeding to assess banks which have not paid in that amount a sufficient sum to equalize the payments all around.

Notes from York And York County

York, Neb., July 12.—(Special.)—Harvest in York county will be completed by Friday of this week. While the yield is not quite as large as former years, the acreage is larger and the quality could not be better. Threshing will begin Friday morning. Hundreds of acres of wheat have been left as it fell from the binder and will not be put in the shock at all, but gathered and hauled to the thrashing machine.

William Golden died at the home of his grandson, W. L. Golden, Monday afternoon. He was about 90 years of age. He came to York county in 1872. Two grandchildren survive him. They are the only relatives living in this county.

Mrs. Wilson died at her home in Thayer Sunday night. She had been ill only two or three days. Heart trouble was the cause of death. She was 61 years old. Funeral services were held Wednesday morning at 10 o'clock at the German Lutheran church in Thayer and the body taken to Seward for burial.

Word was received here Tuesday morning of the death of Mrs. B. A. Root following an operation for appendicitis. Mr. and Mrs. Root were on their way overland to Estes Park, Colo., to spend the summer. They left here July 2. When near Cozad Mrs. Root showed signs of appendicitis and a stop was made in that town, hoping a rest would be of benefit to her. The body will arrive here today.

I. W. W.'s Start Fight With Curb Agents

Hastings, Neb., July 12.—(Special Telegram.)—A movement launched here Monday to organize the itinerant harvest hands now in Nebraska in the Industrial Workers of the World landed two of the principal workers in the hands of the police today for disturbing the peace. They pleaded guilty and were given suspended sentences. One hundred and fifty-five Industrial Workers of the World arrived here Monday and organizers are now at work among others employed in the record wheat harvest.

In the first Industrial Workers of the World campaign ever began in Nebraska they are telling harvest hands that they raised the wages in Kansas from \$3.50 to \$4 and are talking of a strike in Nebraska on a demand for a similar wage for a ten-hour day, double time for overtime. The fight occurred on the street last night between Industrial Workers of the World and curb employment agents.

Hall County Wheat Tests 64 Pounds

Grand Island, July 12.—(Special.)—The first wheat of the 1916 crop marketed in this city weighed sixty-four pounds to the bushel, and, according to the Glade mill, the purchaser, was of extra fine quality. The harvest is about four-fifths completed and the crop will be more than usually heavy. This is particularly true of the lower lands, where all conditions seemed to have been ideal. The grain brought 92 cents per bushel.

News from Niobrara.
Niobrara, Neb., July 12.—(Special.)—Springfield ball team lost to Niobrara, 4 to 0. Niobrara made four hits and one error; Springfield, two hits and five errors.

Prof. Wood and family are on their way to western Nebraska, where they will make their future home.

The Missouri river has been over its banks in places. Quite a number of spoon-bill catfish were caught here this year.

Fred Hunt with his crew of men and teams at the school house is removing 2,700 yards of dirt, where a \$20,000 school house will be built.

Auto Burned Near Yutan.
Fremont, Neb., July 12.—(Special.)—An automobile belonging to Ben Schulz of Yutan, was destroyed by fire on the road about four miles out of Yutan yesterday. The engine backfired, the flames which broke out soon enveloped the machine. The car was practically new. He had no insurance.

New Pastor for Avoca.
Avoca, Neb., July 12.—(Special.)—Rev. L. A. Turner of Gentry, Ark., has been elected to the pastorate of the Congregational church here. He and his family arrived this week.

Otoe Candidate Breaks Arm.
Avoca, Neb., July 12.—(Special.)—Max Fenske, democratic candidate for county assessor, had the misfortune to have his right arm broken last Saturday. He was cranking his car, when it kicked back.

New Company Asks 'Phone Franchise At Nebraska City

Nebraska City, Neb., July 12.—(Special.)—O. G. Leidigh of this city and H. T. Glessner of Ohio have prepared an ordinance and presented a copy to each of the three city commissioners, asking for a ninety-nine-year telephone franchise in Nebraska City. The ordinance specifies that the city shall give them rights to the streets and alleys within a certain district for a period of ninety-nine years and subject to certain conditions imposed on them. It is also particularly specified in the proposed ordinance that the grantees shall not, except as hereinafter provided, sell or transfer their conduits, poles, wires or appliances of any kind to any person, company, trust or corporation now or hereafter engaged in the telephone or telegraph business, and shall not at any time enter into any combination, directly or indirectly, with any person or persons. It is provided, however, that nothing in the ordinance shall be construed to prevent the said grantees from leasing portions of its conduits to any telephone or telegraph, or other company desiring to use the same or any portion thereof. And nothing shall be construed to limit or abridge the right of the grantees to make contracts with outlying exchanges for the division of the tolls earned over their joint lines.

A combination on rates with any other company, without the consent of the city authorities, is also forbidden, according to the terms of the proposed ordinance.

Mr. Glessner was in Nebraska City about a year ago. The proposition of an independent plant was taken up then, but nothing came of it except many newspaper stories. The presenting of the proposed ordinance by Mr. Leidigh seems to indicate that the proposition has not been forgotten. Local capital, it is said, will be behind the venture when the time comes to organize the company.

Notes from Beatrice And Gage County

Beatrice, Neb., July 12.—(Special.)—At a meeting of the Board of Supervisors yesterday the petition from Filley, twelve miles east of Beatrice, asking for permission to play Sunday base ball, was turned down, the vote being five to two against the proposition. The petition was signed by 150 residents of Filley and vicinity.

Mrs. Joseph Woods, living north of Beatrice, lost control of her touring car yesterday, which crashed into the plate glass front of the Speigel-Overland company's establishment on South Fifth street, smashing into smithereens. Mrs. Woods escaped injury and her car was only slightly damaged. The loss was \$50, covered by insurance.

The chairman and secretary of the democratic county central committee yesterday issued a call for the county convention, which is to be held July 22. The primaries in the county will be held on July 19. The dates are the same as those set by the republicans for their convention and primaries.

The annual expense bill adopted by the city commissioners yesterday amounts to \$102,435. This is \$4,395 more than the one adopted last year.

Farmhand Who Altered Check Sent to Prison

North Platte, Neb., July 12.—(Special.)—Cyrus Pargin, the first man to be arrested on a bootlegging charge after the saloons were ousted from North Platte, was brought before Judge Grimes of the district court, allowed to enter a plea of guilty to a charge of having liquor in his possession for sale and was sentenced to a month in the county jail. Pargin had been in jail since the date of his arrest, May 13, when he was caught in the act of handing over a pint of whiskey to a man who testified to paying him 75 cents for the liquor.

Law Enforcement At Grand Island

Grand Island, Neb., July 12.—(Special.)—Considerable local comment has been occasioned by the result of the second of the so-called Kuester resistance trials growing out of the arrest of Richard Kuester by Officer Monahan and the rough and tumble fight which ensued. Mr. Kuester, a local meat dealer, cutting an intersection corner in violation of traffic regulations, was one day asked by Chief of Police Snodgrass to appear in court with reference to the offense. He refused to do so. The next day the chief sent Officer Monahan for Kuester. Kuester declined to come. Words and resistance followed and Rudolf Kuester, son of Richard Kuester, and another attaché of the meat market, assisted their father in the resistance. The first trial was against Officer Monahan for striking Kuester, jr., and the officer was fined \$10 and costs, and has appealed his case to the district court. Officer Monahan made a charge in the county court against Kuester, sr., for the resistance, and the jury, after being divided for some time, three to three, brought in a verdict after ten hours of not guilty. Kuester, sr., was fined \$1 and costs for the traffic regulations violation and has appealed the case. Kuester, jr., was arrested yesterday on a charge of driving over the fire hose while the fire department was on duty fighting the Harrison lumber yards fire and after warning had been given him.

Villistas and De Factos Fighting At Cerro Blanco

Chihuahua, Mex., July 12.—Heavy fighting is now proceeding between de facto government troops under General Ernesto Garcia and a large force of Villistas at Cerro Blanco, some miles below Parral, according to dispatches received today by General Jacinto Trevino.

General Garcia reported that he was engaged in holding the bandits until the forces under General Matias Romas and General Domingo Arrieta, which are now proceeding up the railway from Jimenez, arrive and turn the scales in the conflict.

General Hilario Rodriguez, one of the Villista leaders who joined Canuto Reyes in surrendering to the government a few months ago, has informed General Trevino that he has received a personal letter from Villa in which the bandit chief pleaded with him to return to his old allegiance and to join him in resisting the "Yankee invaders." This letter was dated June 15 at San Juan Bautista.

In his communication to General Trevino, General Rodriguez stated that he had no sympathy with the efforts of Villa to divide his country and was determined to help the Carranza authorities to restore order.

Henry Will Be Held On Murder Charge

Fremont, Neb., July 12.—(Special.)—First degree murder will be the charge preferred against Will Henry, the horse trader, who shot and killed John Witte, the Scribner real estate dealer, at Scribner Sunday. Henry will be given his preliminary hearing Thursday. County Attorney S. S. Sidner and Sheriff Condit were at Scribner Monday afternoon and evening gathering evidence against Henry. They learned from eye witnesses that Henry walked to his camp wagon, which was on the outside of the pasture where the quarrel which resulted in the shooting occurred, secured the gun, climbed back over the fence and walked 115 feet into the pasture before he shot. Since being lodged in jail here he has given insanity, drunkenness and self-defense as reasons for committing the deed.

DYNAMITE ALONG RAILROAD TRACKS

Several Packages Are Found Near Bellwood, Pa., With Time Fuses Attached.

TWO OF THEM EXPLODE

Altoona, Pa., July 12.—Pennsylvania railroad detectives are investigating today what appears to have been a deliberate attempt to either destroy railroad property or to wreck trains at Bellwood, seven miles east of here, late last night and early today.

Shortly before midnight, while a local train from Harrisburg was passing a water station, west of Bellwood station, there was a terrific explosion and an investigation revealed that a heavy charge of dynamite had been exploded with a time fuse.

Later railroad detectives and signal men found eighty-six sticks of dynamite done up in packages containing eight to ten sticks each, with fuses attached. They were scattered over the four tracks and some of the explosive was found in a water trough between the tracks.

Shortly before 2 a. m. there was a second explosion about fifteen feet from the Bellwood station. Still later

there was an explosion of dynamite in two passenger coaches which had been stored for the night on the Bellwood division tracks of the Pennsylvania at Bellwood. One of them was so badly damaged that it is unfit for service. An investigation showed that the dynamite in the cars had been set off evidently with time fuses. Patrols were immediately sent out by railroad officials and all stations in the middle division were notified to be on guard.

All trains east and west were held up until the tracks were clear.

It was reported early today, but not confirmed, that the dynamite was placed by two men dressed as women, with the aid of accomplices hiding beneath a culvert near where the explosions occurred.

The first explosion tore a hole eighteen inches in the ballast, but did no material damage to the tracks.

Will Recruit Guard To War Strength

Washington, July 12.—Immediate organization of an extensive National Guard recruiting service was authorized today by the War department to bring the Guards up to full war strength of about 160,000. In addition to nearly 50,000 regulars on border duty, the government would have 210,000 men, or more, engaged in protecting the line.

Three officers will be assigned to

the recruiting service for each regiment ordered to the front. Each separate battalion, company, battery or other unit, will have one officer. The adjutant general of the respective states will supply the names of officers for this duty.

Recruiting has been made necessary by the fact that all unfit men and those with dependents to support are to be discharged from the guard regiments as rapidly as possible.
