SOCIETY BATTLES WITH WARM SPELL

Late Brides and Summer Visitors Principal Diversion During the Hot Weather.

MOTORING IS A RELIEF

BY MELLIFICIA—July 12.

Late brides and bridal affairs and summer visitors are still keeping society alive during this corn weather.

A very attractive set of visitors makes "in their honor" affairs a pleasure. Most of them belong to the younger set, but Mrs. Thomas Brown of Cincinnati, who is the guest of Mr. and Mrs. Edwin T. Swobe, is occasioning a great many delightful affairs in the country club contingent.

This is such an appropriate time to grumble about the weather. The great relief from this oppressive burden of heat is automobiling. But there is a fly in even that ointment, for if one wishes to leave the traveled paths he comes upon unrolled roads. Covered with dust, warm and listless, society is expected to be sluggish.

Loyal Nebraskans, however, have this unflinching consolation. Warm summer weather makes the corn grow, so all hail King Corn!

AUDUBON'S PICTURE CONTEST CLOSES

Many Children Competed in the Campaign to Create Interest in Bird Study.

PRIZES TO BE AWARDED

More than 300 children competed in the bird picture contest conducted by the Audubon society, with the aid of the Jay Burns Baking company, in a campaign to create interest in the study and preservation of birds. The contest closed Tuesday evening, after 350,000 colored bird pictures had been distributed, wrapped in as many loaves of bread. Twenty-eight prizes, furnished by the Audubon society, will be awarded the children who collected the most bird pictures at the public library Friday morning at 10 o'clock.

A 6-year-old, Katherine Terrel, who lives one mile south of Bellevue, collected 188 bird pictures. One day when there was no bird in the bread wrapper little Katherine cried so bitterly that her father had to walk one-half mile to the next neighbor to beg a bird picture for little Katherine.

Two other little fellows collaborated with James Gienger to win the first prize so that they might all three possess the field glasses, to study the birds.

Missouri Boy Enters Contest.

One little boy in Missouri wrote Miss Joy Higgins, secretary of the Audubons, asking plaintively, "Do you suppose those prizes will reach the town I live in?"

"I see I won't win a prize," remarked a little girl who came over to the public library, where Miss Anna Cray was receiving the bird pictures, "but may I have my pictures back? I want to keep the bird pictures."

This sentiment was general among the children, most of them sending postage for the return of their pictures. One child said a neighbor woman had helped him collect the pictures on his promise to return her one set of the fifty bird pictures.

Elsie Mason proved herself a remarkably capable business woman. Each set of bird pictures was carefully catalogued and written out in a neat manner, which pleased Dr. S. R. Towne, president of the Audubons.

Eiler, 1614 Canton street; Lucille Bliss, 2621 E street, South Side; William Darnell, 1502 Tenth avenue, Council Bluffs, and Gladys Johnson, Lindsay, Neb.

HOTEL MEN ELECT OFFICERS FOR YEAR

Minneapolis Man Chosen President of the Northwestern Association.

HOSTELRY PROBLEMS UP

The Northwestern Hotel Men's association concluded its business session at the Hotel Fontenelle with a general discussion of hotel problems and election of officers for the coming year. The invitation of Minneapolis as the next meeting place was accepted. The business session was followed by a luncheon at the Hotel Loyal.

The officers elected for the coming year are as follows: F. P. Zonne, Minneapolis, president; state vice presidents: Nebraska, Roy Bryant, Omaha; Iowa, F. E. Bailey, Decorah; North Dakota, W. E. Boyd, Fargo; South Dakota, A. L. Davidson, Rapid City; Minnesota, T. E. Hahnemann, Wisconsin; H. B. Crane, Eau Claire; I. A. Medlar of Omaha, secretary.

The committee on legislation is composed of Rome Miller, Omaha, chairman, and two members from each of the six states.

John F. Letton read a paper on "Publicity and Advertising as Applied to the Hotel Business," in which he advocated strongly a campaign of publicity and advertising, but warned the hotel men that to pay it must be backed up by quality of service. He said that one of the best sorts of publicity for the hotel man was the "wagging tongue" kind that was produced only by satisfied patrons.

The meeting went on record as unanimously favoring the establishment of a vocational school for hotel employes as proposed by Henry Bohm of Chicago, and passed resolutions thanking the city and the Hotel Men's association of Omaha for the courteous and friendly hospitality accorded the visitors.

Ho Hum! Postoffice Clock Gets Second Coat of Nice Paint

Just when people were beginning to be glad because the hands and figures on the face of the postoffice clock had been painted a bright red, the second coat was put on and they have been turned back to their former color.

This color matches the color of the face of the clock, so that now it is practically impossible to see the hands at all.

The benefit of this arrangement is pointed out, however. For the clock seldom marks the right time, and by having the hands invisible this defect is rendered harmless.

Teachers' Examinations To Be Held This Month

Regular teachers' examinations will be held at the office of the county superintendent of instruction July 27 to 28.

Plenty of teachers are available for all schools in the county next fall. From five to ten applications are on file for every available position. Douglas county schools are in great demand and a few vacancies are reported.
