GERMANS FLEE ACROSS LIPA IN GREAT DISORDER

Russian War Office Says Retreat of Teutons Over River Effected in Very Disorganized Manner.

HEAVY GUNS CAPTURED

Cannon Taken by Slavs Are Now Bombarding Enemy Positions.

AUSTRIANS ARE REPULSED

Petrograd, July 18.—(Via London.)—Russian victory over Teutonic forces in southern Volhynia has resulted in their being driven across the river Lipa and beyond that stream, says a war office statement issued today. Indications are, the statement adds, that the retreat was effected in the greatest disorder.

The official statement says:

"In the Riga region there was an artillery duel. The Germans at many places attempted unsuccessfully to recapture lost trenches. "As the result of the latest skillful operations of General Sarakoff's troops in Volhynia we gained a victory on July 16, which brought us 13,000 prisoners and thirty guns, as announced yesterday, and enabled us to sweep the enemy completely from the left bank of the lower Lipa, driving him to Krassoff and beyond the river. Judging by the abundance of war material the enemy abandoned, he retreated in great disorder. Some of the seventeen heavy guns captured were yesterday already bombarding enemy positions on the south bank of the Lipa."

Austrians Pressed Back

Vienna, July 18.—(Via London.)—Austrian advanced posts in the region of Zabic and Tatarow, south of Kolomea, in the Carpathian region, have been pressed back by a Russian attack, says the war office statement issued today. The main Austrian positions, however, have been firmly held.

In Volhynia, in the region southwest of Lutsk, Russian attacks failed.

Epidemic Among New York Infants Becomes Worse

New York, July 18.—After health officials had declared they believed the epidemic of infantile paralysis to be under control, the disease made a pronounced advance today. The daily bulletin of the health department shows an increase of nearly 100 per cent in new cases. During the twenty-four hours preceding 10 o'clock this morning the plague killed twenty-six children and there were 121 new cases reported. During the same period ending yesterday there were only fourteen deaths and ninety-five new cases in the five boroughs of New York City.

Soldiers' Families Cannot Be Evicted In Pennsylvania

Pittsburgh, Pa., July 18.—Families of soldiers in service of this state or the federal government cannot be evicted by civil process for non-payment of rent while the soldiers are in such service. Since the military units in Pittsburgh went to the front, hundreds of families have been notified to pay their rent or move out. Mayor Joseph C. Armstrong, and City Solicitor Charles A. O'Brien will enforce the state law, passed by the 1915 legislature, providing against just such a contingency. Payment of rents cannot be forced until thirty days after the soldier has been mustered out of service. The law of April 9, 1915, is a barrier against landlords' warrants.

Subsea Liner Is Expected to Sail on Return Trip Soon

Washington, July 18.—The allied embassies here expect the German underwater liner Deutschland to start on its return voyage at any hour, probably within a day or two. It was made clear today that the embassies have made no protests and probably will make no further move until after it has sailed. Agents of the allies have pointed out to the embassies that the correspondence of Captain Franz von Papen, the withdrawn military attaché of the German embassy mentioned a Paul Koenig in connection with the plots to destroy the Welland canal. No attempt has been made, however, to identify Captain Koenig of the Deutschland as the same man. Eight members of the crew of the Deutschland were shown through the White House and President Wilson's offices today. The sailors took turns sitting in the president's chair. They

FOUR MORE DEATHS IN SOUTHERN FLOOD

Total Known Fatalities Now Nineteen—Damage Estimated at Fifteen Millions.

ALL STREAMS ARE FALLING

Atlanta, Ga., July 18.—Four more deaths were added to the flood toll in southeastern states today, bringing the list to nineteen. Reports from Brevard, N. C., said John Heath and his mother, and Mrs. Caldwell Santelle and child died today from injuries received when their homes were caught in a landslide, four miles from Brevard.

Flood waters throughout the stricken districts of North Carolina, South Carolina, Tennessee and Virginia are receding, but property loss continues to grow, and estimates of \$15,000,000 damage probably will be increased.

Measures for the relief of passengers on trains marooned near Asheville were taken today, automobiles being employed to carry the passengers to the nearest cities where they can be properly fed and housed. Automobiles are being used to move the 250 passengers from the Florida special of the Southern railway to Asheville.

In central South Carolina the flood waters did not reach the crests predicted and today all fears of further damage had passed. That and the Piedmont sections of the state suffered heavily, in damage to mills, railroads and crops.

Food Shortage Stopped

While the situation was greatly improved in the region around Asheville and Biltmore, where six persons lost their lives, reports from other districts showed damage far in excess of that first reported. Three million dollars' damage was done to property in Yadkin county, N. C., and food shortage was reported. Railway communication was destroyed, many manufacturing plants were demolished, crops were ruined and the population was described as being in need of immediate help.

Flooded power plants in the inundated area have caused great loss to textile and other industries. In Charlotte alone, 1,000,000 cotton spindles were made idle.

The Congaree and Broad rivers began falling rapidly at Columbia, S. C., shortly after midnight and today it was believed all further danger from floods in Columbia had passed. Damage to live stock and crops in the Congaree valley is heavy.

Rivers in East Tennessee today were at their highest stage in fourteen years. The swollen Tennessee river was over thirty feet high. In South Knoxville many mills and plants are partly under water and street car lines in low lying sections have been forced to stop.

National Guard of Iowa Ordered to Entrain at Once

Des Moines, Ia., July 18.—The Iowa National Guard was ordered today to entrain for the border. Colonel George Morgan, senior mustering officer, said the Third infantry would leave probably tomorrow. It will be followed by the First, then the Second and then the field artillery. "It is probable we can move the entire brigade within thirty-six hours," Colonel Morgan said.

GUARDSMEN GET TASTE OF BATTLE ON MEXICAN LINE

Massachusetts Militiamen Exchange Shots With Band of Mounted Men While on Outpost Duty.

SOLDIERS ARE NOT HURT

Believe That They Kill One of Raiders Opening Fire Across River.

NO OFFICIAL REPORTS

El Paso, Tex., July 18.—A party of mounted Mexicans exchanged fire with Company L of the Ninth Massachusetts infantry near here today. According to reports the guardsmen were doing outpost duty when the Mexicans rode up on the opposite side of the Rio Grande and opened fire. The guardsmen suffered no casualties, but reported they believed they had killed one Mexican.

Captain Hickey of Dorchester, Mass., commanding the company, estimated the number of Mexicans at fifteen, but asserted that he was unable to determine whether or not they were soldiers. Approximately forty shots were fired on each side, it was said.

Deny Report Received

Both General George Bell, jr., commanding the El Paso military district, and Lieutenant Colonel Leon Bucklow, acting garrison commander in Juarez, denied that they had received official reports of the incident and both said that it seemed trivial.

The shooting occurred in an isolated district about three miles down the river from El Paso, known locally as "the island" section. The Massachusetts company was doing border patrol duty in this district, one-third of the sixty men being on patrol and the remainder being held in reserve in the camp about half a mile to the rear.

Captain Hickey said that throughout the day small parties of Mexicans appeared from time to time on the Mexican bank of the river, which is about 300 yards wide at this point. Then, he said, a mounted detachment appeared.

Creep Through Brush

The Mexicans rode up to the river bank, dismounted and deployed as skirmishers, creeping through the underbrush which dotted the river's edge. One of the Mexicans fired his rifle, the bullet crossing the river and, according to Private Charles Prescott of Natick, Mass., dropping at his feet.

Screening themselves as much as possible by little clumps of mesquite, the Americans returned the fire, and by the time the reserves reached the river to reinforce them, they had driven the Mexicans back to their horses. Before reaching the picket line, however, the militiamen asserted, one of the Mexicans stumbled and fell into a clump of greasewood and did not arise.

The exchange of fire continued less than ten minutes and when about fifty shots had been fired on each side, according to the company officers, the Mexicans, riding south, disappeared behind a hillcock.

ROGER CASEMENT LOSES HIS APPEAL

Higher Court Decides Against Baronet Convicted of Treason for Leading Uprising.

WORK FOR REPRIEVE

London, July 18.—Without hearing, the attorneys for the crown, the court of criminal appeals today dismissed Sir Roger Casement's appeal from the verdict of the lower court, which found him guilty of treason, for which Viscount Reading, the lord chief justice, sentenced him to death.

For a day and a half Alexander Sullivan, Sir Roger's counsel, argued before the court, quoting many authorities in favor of his contention that the offense of treason depended upon whether the accused dwelt under the protection of the king and that the crime could not be committed without the realm. He abandoned his other points in regard to the lord chief justice's definition of the offense.

As soon as Mr. Sullivan had concluded his argument, the court refused to consider whether the attorneys for the crown would be called on to reply. It soon decided to the contrary, which indicated that the appeal had gone against Sir Roger, who was present during the argument and when judgment was given.

A further appeal to the House of Lords is possible only if the attorney general gives a certificate that the decision of the court of criminal appeal involves a point of law so exceptionally important that it is desirable in the public interest that a still higher court should deal with it.

Attorney Michael Francis Doyle of Philadelphia, of counsel for Sir Roger, expressed an opinion today that it was improbable the attorney general would certify the case for appeal to the House of Lords, as the appeal court did not consider it necessary to hear argument for the government. Powerful influences are working for a reprieve, said the attorney, and there were strong hopes of one being granted.

Arredondo Has Conference With Acting Sec'y Polk

Washington, July 18.—Eliseo Arredondo, Mexican ambassador designate, called on Acting Secretary Polk at the State department today just before the latter went to the White House for the cabinet meeting. It was understood Mr. Arredondo had received instructions from his government approving a tentative plan for the settlement of differences with the United States by means of a joint international commission.

There are indications that Henry P. Fletcher, ambassador designate to Mexico, will head the three American commissioners if the plan is adopted. Mr. Fletcher was present at today's conference.

At the close of the conference Mr. Polk said there was nothing to be announced further than that the conferences were "progressing favorably," and he intimated no announcement might be expected for several days. Mr. Fletcher and Mr. Arredondo continued in conference after Mr. Polk had gone to the cabinet.

Mr. Arredondo said his negotiations with Mr. Polk were proceeding favorably, and that the formal announcement of the plan to be followed might be expected before the end of the week.

TEUTONS MAKE GAIN SOUTH OF SOMME

Enemy's Attack Near Biaches Partly Successful, Says Paris Official Report.

FOSS MAY BE NOMINATED

St. Paul, Minn., July 18.—John M. Parker's rallying cry to surviving progressives, and his call, issued last Saturday for a new national convention of the party in Chicago August 5 was blamed by prohibition leaders here today for the collapse of their plans for a great "get-together" conference, at which they had hoped to enroll scores of prominent progressives, republicans and democrats.

LA MAISONNETTE HOLDS OUT

Paris, July 18.—The Germans made an attack last night on the French line south of the Somme and gained ground in the vicinity of Biaches, the war office announced today. The statement says: "South of the Somme the Germans attacked yesterday evening and last night our positions from the village of Biaches as far as La Maisonnette. Notwithstanding repeated efforts, which cost them heavy losses, they were not able to obtain possession of La Maisonnette. German detachments spread along the canal on the east side of Biaches, where the fighting continues."

Immigration Bureau Votes To Admit Cipriano Castro

Washington, July 18.—The immigration bureau late today decided that General Cipriano Castro, former president of Venezuela, and Mrs. Castro, whose landing at New York has been prevented by immigration officials there, be permitted to enter the United States. The president's visit to the capitol was unexpected. There was no one to meet him. Seeing a senate attendant, the president said: "Young man, could you get Senator Kern for me?" The clerk returned with the majority leader from Indiana. They conferred for several minutes, after which Senator Martin of Virginia and Vice President Marshall entered the president's room. The conference concerned the legislative program and the time of adjournment of congress, which the democrats have tentatively fixed at August 19. The president, it is understood, urged that the child labor and workmen's compensation measures be included in the imperative legislative program. He sought to bring about an arrangement that would not delay adjournment, as he wished to begin the campaign not later than September 1. Mr. Wilson was besieged for an explanation of his visit. "It is simply a matter of program, declared the president. "I wanted to see several of the senators about a legislative program and thought it would be simpler to come here rather than call them to the White House."
