I. W. W. SIGN PEACE PACT AT LINCOLN

Try to Rush County Jail and, Failing to Release Friends, Make Terms.

TWO FREED, FIVE REMAIN

(From a Staff Correspondent.) Lincoln, July 18.—(Special Telegram.)—There will be no siege of Lincoln by an army of Industrial Workers of the World invaders, a peace compact between Sheriff Hyers and the leaders having been entered into whereby two of the seven incarcerated in the county jail were released at 6 o'clock this evening, the five remaining agreeing to go to work and perform the duties assigned them by the sheriff.

T. R. McNally, the Omaha representative of the Industrial Workers of the World, agreed to protect the city from any more unlawful acts of its members, leaving a man here to have charge of the situation. He returned to Omaha this evening.

This afternoon about 100 members of the Industrial Workers of the World marched to the jail and made an effort to scare Sheriff Hyers into giving up the men. The rushed up the steps, but were met by Sheriff Hyers and a deputy and by the vigorous use of a club the men were driven back.

The police arrived in time to quell the disturbance, but the men were very bitter and threatened that blood would flow down the streets before the trouble was over. One leader declared that before the Industrial Workers of the World were through with Lincoln, the people would not recognize it as a city.

Governor Morehead said today he will not pardon the men held in jail here unless Sheriff Hyers requests him to do so, and the sheriff does not appear to be in a mood to make the request.

There are now about 200 able-bodied Industrial Workers of the World workingmen in Lincoln, while farmers out over the state are crying for help to harvest the wheat, offering from \$3 to \$4 a day and grub for men who will come to their relief.

It is reported that a number of the Industrial Workers of the World men went out to Fairview, a suburb of Lincoln, this morning and scared two women into feeding them.

What Law Says.

McNally says that Sheriff Hyers had no authority to arrest the men for stealing a ride on the Burlington train. The statute reads:

\$50. Stealing Ride on Train. Whoever shall climb upon, hold to or attach himself in any manner to any locomotive, railroad train or trailer of any character * * * for the purpose of getting a ride shall be guilty of a misdemeanor.

\$50. Authority. Whoever shall be convicted of a violation of any of the offenses mentioned shall be punished by imprisonment in the county jail for a period not less than five days nor exceeding thirty days at hard labor or a fine of not less than \$5 and not more than \$10.

MITCHELL CHECKS THE INVASION

Poles with Drawn Revolvers Prevent Rescue of Men in Jail.

Mitchell, S. D., July 18.—A cordon of police with drawn revolvers prevented an "invasion" by alleged I. W. W.'s numbering several hundred here this morning. The men came to town from Sioux City, Ia., in response, their leaders said, to an appeal sent out by five members of the organization who were thrown into jail here yesterday on charge of vagrancy.

A parley was arranged with the men after the show of weapons had checked their rush. They were allowed to get breakfast here, but were made to continue on northward where they promised to go work in harvest fields.

H. Sloan. Delegates to the state convention were chosen and the county central committee was perfected.

None Under Sixteen May Operate Cars Under the Law

(From a Staff Correspondent.) Lincoln, July 18.—(Special)—The custom which prevails all over the state of letting youngsters drive cars caused Secretary of State Pool to get out the automobile law this morning and call attention to the law regarding the driving of automobiles, which reads:

Section 180. It shall be unlawful for any person under 16 years of age, or for any person under 18 years of age, to operate a motor vehicle, and any owner, driver or manufacturer of motor vehicles who permits a person under 16 years of age or an intoxicated person to operate a motor vehicle shall be guilty of a misdemeanor and shall be punished as heretofore provided for violation of the provisions of this article.

Section 199 provides a fine of not exceeding \$50 for the first offense and for a second offense a fine of not less than \$50 nor more than \$100 or imprisonment not exceeding sixty days in the county jail.

Secretary of State Pool believes that an effort should be made to enforce the law.

Franklin Having Building Boom

Franklin, Neb., July 18.—(Special.)—Franklin is experiencing quite a building boom. A new public library is being completed, E. R. Boggs and John Mabon have moved into new bungalows just completed, work is in progress on new office for the Hever serum plant, on a new brick blacksmith shop which is being erected by J. H. Berdine and a new addition to the Methodist church. W. H. Byerly has just finished a new pressed brick business building on Main street and new plate glass fronts will soon be placed in the buildings occupied by Austin & Co. and the Montgomery Clothing company.

Franklin is probably the only town of its size in the state that employs a play ground supervisor for the summer months. For two months each summer a supervisor is employed to take charge of the playground work. Miss Vernie Powers, Steeleville, Kan., a student at the Nebraska State university, has charge of the work this year.

Thompson of West Point secretary of the meeting. The following delegates were elected to attend the state convention at Lincoln July 25:

A. L. Burke, John G. Gaunton, A. J. W. W. Johnson, Henry Behrens, M. Baumann, A. W. Waller, O. R. Thompson, William Graumke, M. E. Kerl, H. H. Pease, John Stoezel, J. O. Copple, William Steuer and Carl Erickson.

Two Pioneer Women Of Table Rock Are Dead

Table Rock, Neb., July 18.—(Special)—Mrs. Mary R. Fox died at her residence in Table Rock yesterday morning at 2 o'clock. She was up about the house as usual yesterday, and although she had been in feeble health for some months was not thought to be in immediate danger. She was 79 years old and had resided in this vicinity for fifty years, coming here from Pennsylvania in 1866. Her husband, who was a soldier in the civil war, was killed in battle more than fifty years ago. She is survived by two daughters, Mrs. Alwilda Carmichael of Table Rock and Mrs. Minnie Taylor of Joplin, Mo. Funeral arrangements are as yet unannounced.

Word has been received here of the death of Mrs. Eunice A. Boone, who died at her home near Idaho Falls, Idaho, a few days ago. Funeral services were held and the interment was at Idaho Falls. She was a sister of Hon. Theo. W. Peepo, senator of this sensational district in 1876.

Crop Conditions in Franklin Are Excellent

Franklin, Neb., July 18.—(Special)—The wheat and oats harvest is about completed in this vicinity. Threshing has begun. One field yielded thirty bushels of wheat to the acre, which tested sixty-three pounds per bushel. Ninety-four cents per bushel was received for it at the elevator.

Corn is looking the best it has in years. Local rains have visited over half of the county during the last week, in some instances as much as two inches falling. The second crop of alfalfa is safely in the stack and is of fine quality. Prairie hay will be abundant, although shorter than last year, but of better quality. Present indications are that the farmers will have a prosperous year.

Notes from Beatrice and Gage County

Beatrice, Neb., July 18.—(Special)—James Hensley of Rockford yesterday received a dispatch from Emporia, Kan., stating that his son, Harry, who had been employed as a brakeman on the Santa Fe railroad, had been killed. No particulars were given in the message. Hensley was about 30 years of age. The body will be brought to Rockford for interment.

Rev. John Kuchenbecker, living west of Beatrice, yesterday finished threshing fifteen acres of wheat, which yielded fifty bushels to the acre, the grain, of a high grade, testing sixty-two and one-half pounds to the bushel.

The Nee-Han-Chee Canoe club of this city has arranged to send several teams to Omaha in about six weeks to compete in races, and aquatic stunts at a water festival to be held tomorrow in the Coliseum here.

Some fields of corn in this vicinity were blown down by rain and wind storm Monday, but farmers report that little or no damage resulted, as the stalks will soon straighten up. The rainfall, which amounted to from one to three inches in various parts of the county, will virtually make the corn crop, as some fields are nearly in tassel.

State Pays Small Mobilization Cost

(From a Staff Correspondent.) Lincoln, July 18.—(Special)—Of the \$70,000 it which probably cost to mobilize the Nebraska troops at the fair ground, it is estimated that about \$3,000 of this will have to be paid by the state.

Had there been no mobilization, the guard would later in the summer have been called into summer camp, which would have cost the state considerably over three times that amount, so General Hall is feeling that the state gets out in pretty good shape.

The drill which the troops will get on the border will be much more beneficial to them than any received at summer camps.

Gage County Crops Pronounced Fine

Beatrice, Neb., July 18.—(Special Telegram.)—Farm demonstrators Liebers gave out the following crop report for Gage county today:

There are between 150,000 and 175,000 acres in corn and the crop is promising because of the recent rains.

The alfalfa crop is the heaviest in the history of the county and pastures are in splendid condition.

IOWA REPUBLICANS FLOCK TO CAPITAL

Liquor and Good Roads Planks of State Platform Are Centers of Interest.

TWO PLACES TO FILL

Des Moines, Ia., July 18.—With two contests to be settled, innumerable political fences to be repaired and several hatchets to be buried, Iowa republican leaders are arriving here tonight for the state republican convention which will open at 10 a.m. tomorrow in the Coliseum here.

As was the case when the democrats gathered here last week, a good deal of interest centers around the possibility of the insertion in the state platform of a prohibition plank. The fight on the nomination of W. L. Harding has, in the opinion of some of the dopesters, caused an impression around the state that Mr. Harding is making his race as a "wet" and it is believed likely that steps will be taken at the convention to round up the prohibition vote by the insertion in the platform of a plank correcting this impression.

The platform is expected to take a definite stand on the question of good roads, in reply to the address of the temporary chairman of the democratic convention, who referred to Mr. Harding as a "political chameleon, for good roads one day and for bad roads the next." There was no leader here tonight who would attempt to forecast what this plank would contain.

Barrett Temporary Chairman.

Belief that a prohibition plank would be included in the platform was strengthened in the opinion of officials by the appointment as temporary chairman of W. B. Barrett, clerk of the Iowa supreme court. Barrett, as a keynoter, it is believed, may be counted on for recommendation of a stand on prohibition in the republican platform that will at least be as strong as the prohibition plank included in the democratic declaration of principles.

The district caucuses, at which committee appointments will be made scheduled to begin at 10 o'clock tomorrow and as far as is known the advance slate prepared by leaders will stand. There are, it is believed, very few factional disturbances in the various districts which may tend to impede harmonious organization of the convention committees. As far as is known, also, there will be no contests for the committee on credentials to settle.

The convention proper will be called to order at 11 o'clock by Charles A. Rawson, chairman of the state central committee.

Will Name Two Candidates.

The necessity for nomination of a republican candidate for attorney general and a candidate for railroad commissioner is expected to boost the convention crowd to close to the 5,000 mark. Advance reservations at the local hotels are much larger than they were for the democratic convention and the word has been passed that large delegations of boosters are coming here in the interests of various candidates and party planks.

Gossip on the probable choice of the candidate for attorney general gives an almost even break between George Wilson, present county attorney for Polk, and H. M. Havner, former county attorney for Wayne. It is believed that if Havner is to be named it will have to be on the first ballot. It is thought that after the first vote the complimentary support given the Wayne man and the political "trade" votes will swing into line for Wilson. John A. Guiler is considered as virtually certain to be renominated for railroad commissioner.
